

Hey Neighbor,
HAPPY NEW YEAR!!!

I have a goal of writing 2 neighbors a day ;

I want to tell people who live next to me...
And share similar values...

This Bitcoin stuff is not what the
News shows tell us!

These internet currencies have social consensus
around the world, and when the code is concrete,
the results are changing the world!

Please consider following who I follow on social media.

(RichardHeart.com)

to learn as much as you can about this world
wide change. The more you know, the more
resilient you and I can be as the world
takes new shape.

DOING MY BEST,

HAPPY 2023,

YOUR NEIGHBOR ;
