

# WIN BIG!

## 5k token giveaway!

enter every month until you win...

**B**itcoin was worth pennies a decade ago.

Now, one Bitcoin is worth \$30,000 dollars.

Have you learned about crypto-currencies yet?

I am giving away 5k tokens every month to incentivize your learning. These tokens are not Bitcoins, instead, they are Ethereum tokens programmed to accrue interest. This token demands a price at market, which means you can grow private wealth in crypto-currencies.

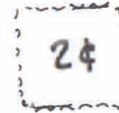

*You are not limited to BANKs, diversify into world digital currencies.*
