

InformUs Services

The ITN "InformUs" service is an independent, third-party solution that offers businesses and nonprofit organizations an online anonymous and confidential means for employees to report suggestions and concerns. Our service is a cost effective way to bring incidents to light and keep you in touch with your organization.

Key Features

Anonymous and confidential reporting.

Report from any computer or mobile device using a QR Code or Web Link.

Our use anytime, anywhere feature ensures convenience and anonymity.

Custom questions provide "Quick-Pulse" insights.

Reports are immediately sent to all designated recipients.

Feedback Data is stored in our data base for retrieval and analysis.

The ITN InformUs service is a great vehicle for your associates. Help employees voice their suggestions and concerns in the instances where they may not feel comfortable doing it in person or directly to someone in the organization.
