March 9, 2021

Dear Members of the Knights of Columbus,

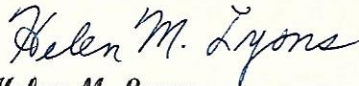

Birthright of West Chester would like to take this time to thank you for the amazing generosity you have extended to the mothers and pregnant women of our community with your wonderful donation of \$200.00. Your thoughtful contribution is great appreciated by the women, girls, and babies we serve. It helps us to provide the assistance the women and babies really need. Without the generosity of donors like you, many less fortunate families would have little or nothing for their babies.

**Our focus of caring for pregnant women and their babies will never waver. For over 35 years, Birthright of West Chester, through your generosity and others like you, has been supporting pregnant women and new mothers making a positive difference in their lives.**

Birthright of West Chester helps more than 120 women every year with over 230 visits to our office. We happily provide over 40 layettes for newborn babies filled with clothes, diapers, wipes, blankets, and other needed items. We provide guidance and informal counseling services to our pregnant women by asking them what their biggest concern is; we also try to determine if anyone is pressuring them about ending this pregnancy. Mostly, we provide love and hope to the women to carry them through the pregnancy.

God bless all the Knights of Columbus for your commitment to all life, especially for the life of the unborn child. We are grateful for *continuing* kindness and support, especially during this time of the COVID crisis.

Yours in Life,

  
*Helen M. Lyons*
