

August 31, 2022
Mr. James W. McCarry

Dear Sir James,

Chester County Connect Care is overjoyed and grateful for the generous gift of \$13,450.00 from the Knights of Columbus Orders Culture of Life Fund, which was kindly matched by Saints Simon and Jude Council 11564, making the total of \$26,900.00. God’s provision and the powerful partnerships He puts before us are remarkable and overwhelming! We are pleased to serve the Lord among organizations that share in our mission and value the sanctity of Life. We must band together and speak the truth in love as the discussion and culture regarding life rapidly increases in divisiveness.

Chester County Connect Care is confident that this funding will significantly and positively impact many individuals who have fallen into the grips of deception, thinking abortion is their best option. Given the opportunity to see their preborn baby in utero increases the outcome for more life decisions to be made. With this funding, CCCC was able to purchase a new, state-of-the-art ultrasound machine, which will directly impact our work to preserve the sanctity of life. Thank you for taking the time to visit our center in West Chester. We cherish time with our partners and take pride in our “Show Life to Save Life” tours. Together, with Christ leading the way, we are saving lives.

Chester County Connect Care is honored that you chose to support our mission and will continue to foster this relationship and give God glory in our daily work. Thank you for your generosity, dedication, and fellowship. Many lives are changed because of your philanthropic endeavors!

On behalf of the Chester County Connect Care family, a sincere Thank you!

Kristen Meyer
