1216 W State of Franklin Road  
Johnson City, TN 37604**

Conference attendees will include Psychiatrists and Family Physicians, Residents from these fields, as well as Medical Students.

Showcase your company, products, and services to a audience at the Tennessee Psychiatric Association Annual Meeting.

This is the biggest meeting of TN psychiatrists in the state. As a Partner, you will have the unique opportunity to showcase your products and services, extend your brand identity, and create a strong, visible presence among the most active psychiatrists in Tennessee. Certain sponsorship levels also will allow you to do different things.

TPA supports your investment in a number of ways to help you build and maintain relationships.

- Timely and relevant educational programming attracts an audience of psychiatrists in the state
- On-site visibility for your brand and company name.
- Annual Meeting website, and email listings with a link to your company's website.
- Exhibitor and A La Carte opportunities for Friday and Saturday Networking Events
- Attendees are incentivized to circulate at all the Exhibitor tables during breaks which allow product discussion.

Complete our registration form to become a sponsor.

Super Sponsor, Exhibitor, and a la carte opportunities are limited and will be on a first-come, first-serve basis.

These opportunities are not be secured until payment is received.

2025 Sponsor opportunities are available: <https://form.jotform.com/243247577925165>

**The Carnegie Hotel & Spa

Johnson City, TN 37604**

# RESIDENT POSTER COMPETITION

**Criteria:** Abstracts contain original material relevant to the field of psychiatry. The abstracts will be rated on scientific merit, quality of presentation, and compliance with these guidelines and instructions by a panel of judges. Posters can be co-authored, but at least one abstract author must be a psychiatry resident physician. The poster (presentation and content) deemed the best by a panel of judges will be awarded a four hundred dollar (\$400) prize; second Place will receive seventy-five dollar (\$75) prize and third place a fifty dollar (\$50) prize. Prizes will be awarded at the end of Saturday's conference during the closing remarks. The winner must be present at the meeting to present the poster to qualify for a prize.

**Technical Requirements:** The abstracts must be submitted electronically via email. Posters should be organized under the following seven headings: Abstract (summary), Introduction, Objective, Background, Design/Methods, Results, and Conclusions, and not exceed 400 words. Please include the title, all authors' names and affiliations with a residency program, and any pertinent disclosures regarding the research.

**Please submit an electronic copy of your poster by March 14, 2025 at midnight (Central Standard Time)** to Dr Cochran, [drcochran4@gmail.com](mailto:drcochran4@gmail.com) as both a Word Document (.doc) and as a Portable Document Format (.pdf). When you email please us the subject line: "TPA 2025 Poster Submission." The poster will be evaluated for appropriateness in the poster session. Edits may be suggested during this time. If you are submitting more than one abstract, please e-mail them separately. No one may submit more than two posters as the primary author.

**Presentation:** The author should be present to hang their poster beginning on Saturday 29 March 2025 at 7:45 am. The author should remain with their poster from 8:30 to 9:30 am during which time meeting attendees and judges will review posters. Judges will score posters and presentations based upon topic, quality of the work and the compliance with these guidelines and instructions. The posters should remain throughout the day for meeting attendees to see and may be removed by or after the evening networking hour. Posters which are not removed by Saturday, March 29, at 6:30 pm will be disposed of by the TPA staff and the facility.

**General Poster Guidelines:** A poster should be self-contained and self-explanatory, allowing different viewers to proceed on their own while the author is free to supplement or discuss particular points raised in inquiry. Presentations should be kept simple and clear; a mixture of text and graphics is recommended. Remember that the viewer determines the time spent at each poster; the author doesn't determine the time spent at the poster, as would be the case in slide presentations.

**Poster Layout & Content:** Residents are expected to print their posters on paper, cardboard, or fabric to display for the attendees to review. Poster should be no larger than 36" wide X 48" tall. The poster content should be arranged in columns, rather than rows as it is easier for viewers to scan a poster by moving along it rather than by zigzagging back and forth in front of it. An Abstract (summary) should be placed at the upper left and a conclusion at the lower right. *References should be at the end after conclusions. References do not count in the word count.* Figures should be designed to be viewed from a distance and should use clear, visible graphics and large type. Each figure or table should have a heading of one or two lines. Additional essential information should be provided below in a legend. Photographs should have good contrast, sharp focus and, if necessary, an indication of scale. For text, minimize the narrative and use large font type in short, separated paragraphs. Numbered or bulleted lists are effective ways to convey a series of points. Do not set entire paragraphs in uppercase or boldface type. Titles and captions should be short and easy to read, in a sans serif font for preference. Use large lettering as this means a number of people can read the poster from a distance without overcrowding. Remember to caption your poster with the title, authors' names, and affiliations. Headings should be a minimum of 50 Point font size. Smaller fonts for body of the poster are acceptable, but smaller than 20 point would make the font illegible for some. All significant disclosures and/or conflicts of interest should be disclosed in the lower left corner of the poster.

**Poster Panel Allocation:** A numbered area will be randomly allocated for each poster and conference staff will be on hand to advise you of your numbered area during the set-up time (7:45 am) for the poster session.
