

# IDEAS FOR MANAGEMENT

## FOR TRAINING SUCCESS

Have your dog on lead

Muzzle train your dog if  
you are worried for their  
or another's safety

Cover your windows with  
blinds to reduce the  
visual stimuli outside

Play sounds on the radio  
throughout the day so  
they don't end up being  
a predictor for you  
leaving

Use signage to tell  
visitors/postman not to  
knock on the door

Use baby gates to  
separate rooms so the  
dog has visual contact  
but not physical  
between dogs, other  
animals or you
