Call script:

Hi, my name is [NAME]; I'm a resident of [TOWNSHIP, COUNTY], and I'm calling to ask Representative [NAME], as a member of the House Committee on Economic Competitiveness, to bring **House Bills 5396 through 5399** to a vote within the committee, and to approve them. These bills would bring important relief to Michigan residents by repealing the statewide tax breaks for data centers, and by banning data center developers from forcing local officials to sign NDAs. I'm tired of my taxpayer dollars going to subsidize massive, multi-national corporations and toxic developments, rather than local business and regenerative agriculture, and NDAs have no place in local municipal business. Please approve these bills in the Economic Competitiveness Committee, so that the House can approve them. Thank you.
