

## Call Script:

Hi, my name is [NAME]; I'm a resident of [TOWNSHIP, COUNTY], and I'm calling to ask Representative [NAME], as a member of the Appropriations Committee, to pass House Bill 5362 to repeal the \$100M funding for the Los Alamos data center in Ypsilanti. As a Michigan resident, I do not want my taxpayer dollars funding any corporate welfare, including data centers—and I certainly do not want to fund a Department of Energy laboratory for government surveillance and remote warfare. The SOAR fund which distributed the \$100M has a proven track record of failure, and legislators have removed it from this year's budget, and Michigan residents are calling for state tax breaks for data centers to be repealed. This \$100M funding for Los Alamos never should have been approved, and I'm asking you to bring this repeal bill to Committee for a vote, and to approve it.
