Welcome to March, winter has wound down and warmer weather has returned.

Our March meeting was delayed one week due to a conflict with Stephanie Nichols delayed airport show. It was held in conjunction with our monthly cruise-in on March 13 at Lake Aire Medical Center parking lot @ 2425 Williams Drive with 26 members in attendance.

We currently have 112 paid members as of this writing, after this month any unpaid members will be dropped from our membership roles and the mailing list. So, if you have yet to pay your 2021 dues and wish to remain a member you have until the end of March.

Our April meeting will be held 10am, Saturday, April 3 at Mulligan's Restaurant in Sun City. Since this will be our last meeting prior to our May 1 car show it is extremely important that anyone that is listed as a "chair" for any of the areas attend this meeting since we will review all actions after the normal meeting. Please remember to order some drink/food from Mulligans since they're letting us use the room for free!

## New Member

We have one new member this month: Vincente Garcia 1965 Ford Pickup

## Car Show status

As mentioned above the clock is ticking down on our 14<sup>th</sup> annual car show and we are in the final stages of planning our most important event of the year. As of this date we have 102 pre-registered entrants. Keep in mind that pre-registration is strongly encouraged. We will be asking for help in passing out show flyers at any related event between now and May 1.

Again, as stated above we will hold a show status review for all areas after our normal meeting on April 3.

## Car of the month

This is our first of what will (hopefully!) be a regular item. A “car of the month” will be selected from cars that are present at each month’s cruise in. So, if you want your car to be featured, come to the cruise in.

This month’s selection is Jerry Meadow’s 1955 Chevrolet Bel Air.

Thanks, Jerry for bringing this amazing vehicle out.
