

# GEORGETOWN TEXAS AREA CAR CLUB

---

Welcome to summer in Texas, one week cool and wet, the next hot and dry! With most car shows done until the fall it's now time to do the work on our cars we've been planning. For me it's a front suspension rebuild on my '69 442!

We began June with our first meeting at Smokey Moe's since February of 2020, 16 months! It was good to set down with club members while enjoying Smokey Moe's great breakfast tacos. With attendance at 26 members, we still have not reached our "pre-pandemic" numbers of 35-40 members in attendance, but hopefully that will increase as things further return to normal.

Our next monthly meeting will be at 8 am on Saturday July 3, again at Smokey Moe's, please plan to attend.

## New Member:

Paul Schmidt, VW + an on-order Factory 5 MK 4 Roadster

## Cruise in

Our monthly cruise in was held on Saturday, June 12 @ Willies Grill & Icehouse. While I don't have a final number of those attending, by the pictures looks like a great time was had by those attending!

Thanks to member Larry DeLange for putting this together!!

## July Cruise In

Our July cruise in will be held at Gordon Logan's collection. Mr Logan has approx. 15 cars in his collection including Jaguars, Aston Martin's, Packard's, a '57 E-code Thunderbird, a GT40 and more. This promises to be a great adventure so mark your calendar for the morning of Saturday July 10. More details to follow.

## Horney Toad Harley-Davidson show

As mentioned in last months newsletter, this years car show at Horney Toad H-D in Temple is scheduled for Saturday, October 9. GTACC has helped with this show for the past several years, with ALL proceeds coming back to the club! 9-10 club members will be needed to help put this together, helping with registration, parking, etc. Judging will be done by Horney Toad H-D HOG members and not GTACC so mark your calendars and please plan to attend and help where needed.

A reminder that the June Pistons on the Square this Saturday, June 19. With the warm weather it will be a great turnout, so get there early for a prime parking space. Let's see if anyone can beat Greg Caswell by getting there earlier!

Guess who got a new (old) car!!!!

## Car of the Month

This month's 'Car of the Month' is Larry Delange's 2011 Corvette Grand Sport convertible. Larry is the 2<sup>nd</sup> owner of this great car and has owned it for 3 years. It currently has 20,200 miles....Larry, put some more miles on that pretty thing!!

One last picture, who knows what these are, what they were used for and what was the “slang” name given to them? Winner gets...the satisfaction that you’ve been around a long time and still have a headful of useless information!!!

So, what projects is everyone planning for the summer? Please share.

Rich
