

GEORGETOWN TEXAS AREA CAR CLUB

What has become the annual February ice storm forced a change in our normal 1st Saturday meeting day to the 2nd Saturday. But with a crowd of 30 members, we had a good turnout.

If you missed the meeting, take a look at Ken's meeting minutes to see what you missed.

New member for February:

Mike Frazee, Mike has a 1993 Suzuki Samurai 4x4 convertible. Welcome Mike to the club when you see him.

Final Reminder DUES ARE DUE!

So far, we have 101 paid members for 2022, If dues are not paid by March 1, you will be taken off the membership rolls. Which means, you will no longer receive this wonderful, informative newsletter!

February Cruise In

After our February meeting several members & spouses cruised to Oscar, TX & enjoyed a great meal at The Oscar Store. While weather wasn't the best...we even saw some sleet... all had a great time with no incidents! We will try to have more of this type of activity going forward. If you have an idea of a place or an activity you would like to see let us know.

See Cruise In pictures towards the end of this newsletter!

15th Annual Car Show and Charity Benefit

We're just over 60 days away from our primary event, and the volunteer list is filling up. We still have some open slots, especially in the "chairman" positions for several activities. The chairman position is just someone that coordinates the other volunteers e.g., assigning parking positions, shifts for hat/T-shirt sales, etc.

An updated list is attached to the end of this newsletter.

GEORGETOWN TEXAS AREA CAR CLUB

Stephanie Nichols Airport Car Show

As I write this, this show is still scheduled for this Saturday, February 26. However, looking at the weather forecast it is questionable.

Assuming the show goes on as planned, the anyone wishing to go in and park with other club members will **meet at Frost Elementary school, 711 Lakeway Dr, and DEPART at 7:30 am.**

That should get us in line for good parking spots.

Members Ed Penniman, David Loper and Wayne Coates have volunteered to help Stephanie, thanks to those three for stepping up.

At this point, the club has reserved a space at the swap meet to be held at the airport show. Any member that wishes to sell any items is welcomed to do so, but you must be present to sell the item(s). Or, how about donating items to the club to sell?

IF the show is rained out this Saturday, the rain date is the following Saturday, March 5, which, of course, is our normal meeting date. **In the event this happens, the club meeting will moved to the following Saturday, March 12** be so members can attend either the airport show or the Rock'n Rides show in Cedar Park, which is also scheduled for March 5.

It's February, so what did you give your 'Ride" for Valentine's Day? My C6 received a new starter!

GEORGETOWN TEXAS AREA CAR CLUB

Cruise in to Jeff's Resurrection Saturday, March 5.

This long-awaited event is scheduled for 10:30 on Saturday, March 5. If you visited the Gordon Logan/Sport Clips collection with us last fall, you've already seen some of Jeff's work. His projects have won top awards at such shows as Amelia Island and Pebble Beach. I do not know what projects will be in process for us to see but there are always some interesting and impressive projects. <https://www.jeffsresurrections.com/>.

In order to arrive at Jeff's at 10:30, anyone that wishes to drive over with other club members can meet at Eastview High School parking lot for a 10:00 departure. Eastview High School is located on Rt 29 just East of the 130-toll road @ 4490 E University Ave, Georgetown. After the tour we can look for a place to have lunch, I'm looking for suggestions.

Last Month's Mystery tool and car

No one guessed the tool correctly (a Quadrajel idle mixture tool), but Fred Moser did correctly identify the Mercury Comet and received a \$5 Smokey Moe's gift card. Greg Donica and Donnie Smith had "incorrect" guesses of a Ford Falcon..close!
