

GEORGETOWN TEXAS AREA CAR CLUB

Well, Spring has (finally) arrived and hopefully we've seen the last of freezing temperatures for a while. Car shows are starting to come back and the busy season is starting for those of us that enjoy showing our vehicles.

We held our March meeting a week late due to Stephanie's airport show being rescheduled due to rain on the original February date. With 30 members attending we're starting to see some increased attendance at our monthly meeting but we'd still like to see more members attend. The April meeting will be held April 2, it will be the final regular meeting before our car show, so we will hopefully see a large attendance.

We currently have 104 paid members, still short of the 133 we had at the end of 2021.

New Members for March

It's been a busy month for club members, with several events:

March 5, Stephanie Nichol's Airport Car Show, Stephanie's final count was in excess of 500 vehicles of all types. I counted no less than 30 GTACC club member vehicles parked together. Member Regis Hallisey won a top 20 award with his '55 Ford Sunliner. The club received an award for helping with the show. Thanks to Ed Penniman, Mark Hulan, Fred Moser and Wayne Coates for joining me in helping park vehicles. Also, Don Landry and Bernie Eaton manned a table at the swap meet, selling die-cast cars, with 50% of the proceeds going to the club.

March 12 Cruise In to Jeff's Resurrections, Taylor, TX.

What a great tour! Jeff Snyder opened his shop for the 25 club members & guests. We saw some fantastic vehicles, including an Auburn Boatail, a '68 Road Runner Hemi, a rare Renault Alpine plus several Jaguars, MG's & Austin Healey's. Jeff explained his restoration process and the lengths he goes to when restoring vehicles to an over-the-top condition. An amazing adventure. We were not allowed to take pictures since all cars are privately owned. After the tour Jeff joined some of us for lunch at the Luck Duck Cafe!

Stephanie Nichols “after-party” for car show volunteers.

As a “thank you” for those volunteers that assisted in her car show, Stephanie held a party the evening of March 12 at Nyle Maxwell’s Vehicles Unique in Georgetown. We enjoyed BBQ from Jimmie V’s, as well as adult beverages and were allowed to roam around the vehicles that Nyle currently has in his collection. The club toured this collection several years (4-5?) ago & I plan to arrange a tour in the near future as this collection is constantly changing.

If you wandered downtown Georgetown in late February while HBO was filming a movie, you might have thought you entered a 1970's time warp!

My favorite, a 1970 Olds Toronado!

Mystery Tool: Ernie Pauley correctly guessed last month's tool as a spark plug boot removal tool. Ernie, once again! Received a prize!

This month's tool. Thanks to Earnie for providing. Since he can't win this month, it'll give so it'll give someone else a chance!

Turns out it was a marble in the ashtray 😂😂
