

GEORGETOWN TEXAS AREA CAR CLUB

I don't think I have to remind anyone that summer is here! Daily 3-digit temps and water rationing have become an annual occurrence this time or year in Central Texas.

Among other things it means that car shows are put on hold, with everyone waiting for the fall show season to begin.

It's also a time to look back to a busy 1st half of the year and what the club has accomplished so far in 2023: another great GTACC Car Show & Benefit, Scholarships offered to 7 local high school seniors,(totaling over \$18,000!), \$2250 in donations to local charities and club membership increasing to a record level with more than 130 paid members. So, what do we have to look forward too for the 2nd half of the year?

Well, we have our 6th annual show with Horny Toad H-D in Temple on October 14, then at the end of October it's the biggest show of the year: the Taylor Main Street Car Show, and Brown Santa to name just a few.

And, of course, there are the annual GTACC officer elections (how's that for sneaking this in!) At our July meeting, for those that attended, we noted that myself, as president, and Don, as acting Treasurer, will not continue as officers for 2024. To quote LBJ in 1968 (for those old enough to remember!) *"Accordingly, I shall not seek, and I will not accept, the nomination of my party for another term as your President"*.

So, I ask members to step up and take over responsibilities for these two positions. For the position as club Treasurer, a strong working knowledge of Microsoft Excel is required. The Position as president (obviously) requires no skill, just devote time to organization of events & communicating club activities to members...even this newsletter is optional. Of course, both Don and I will work with the new officers to transition into the positions.

As per club by-laws, officer nominations take place at the November meeting, with elections at the December meeting. So, there are a few months decide, feel free to talk to Don or myself if you are interested in either position.

On July 4th, 17 club members, spouses and guests brought their rides out to San Gabriel Park for Sertoma's July 4th celebration. Weather cooperated & we parked & sat under large Oak trees and enjoyed visiting with other members while answering questions from folks attending the celebration. The Sertoma club of Georgetown has invited us back for next year...let's see if we can outnumber the Model A club next year!
