

ABOUT SHEMIKA L. MOORE, MBA '06

Shemika L. Moore, MBA is an energetic, detail oriented, compassionate, creative, and committed leader with over 15+years' experience in Employer Engagement, Retention and Career Coaching along with strong analytical and exceptional communication skills. She seeks to help organizations meet its goals by developing community programs; and help build clients and employees who are confident and skilled individuals to elevate their involvement in their communities.

Shemika is also passionate about helping individuals who not only seek to achieve career success but looking for more joy and fulfillment. She is a graduate of Johnson & Wales University with an MBA in Organizational Leadership and BS in Business Management. Shemika entered the adult education field through a unique experience. She started her career at MetLife Auto & Home Corporate Office in the Law & Compliance Department and eventually moved in the Corporate Claims Department as Continuing Education Coordinator for Adjusters and Recruiting Coordinator for MetLife Financial Services Representatives.

She always had the desire to teach, so Shemika decided to become a Business Office Administration Instructor at Exeter Jobs Corps Academy in 2008. What learning experience and adjustment! She formerly worked as a Job Developer & Business Instructor at Community Care Alliance and the Employer Relations Developer at Dorcas International Institute of Rhode Island.

Starting 2019, she was the Case Manager and Career Coach for OIC of Rhode Island, and until recently and worked for Higher Ground International NGO as a Program Manager for elderly care and workforce development programs before relocating to Jacksonville, Alabama.

She currently works at Alabama Hospice Care East Alabama as a volunteer manager, along with being a virtual consultant Career Coach for Brown University Women's Launch Pad mentoring program.

Shemika is also an entrepreneur who is the founder and career coach of Moore Impactful Careers Consulting, LLC. MICC is a career coaching business founded in 2017. She founded MICC because throughout her career starting her sophomore year at Johnson & Wales University in Providence, RI, she received mentoring and opportunities that helped guide her career path through an internship program for students of color called INROADS. Knowing that many will not receive the support, MICC was birthed to help provide the resources, training and guidance others need to achieve career and financial success, along joy and fulfillment.

Shemika is a focused, energetic, and committed leader who eagerly seeks new challenges. She is selfless in her efforts to organize, manage and advance any organization to which she commits her time.
