

# JV BROW

L O U N G E

PLEASE NOTE: EYEBROWS WILL APPEAR DARKER AND BOLDER DUE TO NATURAL SCABBING AND HEALING FOR THE FIRST 10 DAYS. THIS IS VERY NORMAL FOR ALL SEMI-PERMANENT EYEBROWS. THE ENTIRE HEALING PROCESS WILL TAKE 6-8 WEEKS DEPENDING ON YOUR IMMUNE SYSTEM, AGE, AND LIFESTYLE.

- ITCHING & FLAKING MAY APPEAR DURING THE FIRST 5 DAYS. PEELING IS NORMAL DURING THE HEALING PROCESS. NO RUBBING! NO PICKING! AVOID TOUCHING EYEBROWS FOR 10 DAYS. THIS COULD CAUSE AN INFECTION.

LONG TERM CARE: LASER, CHEMICAL PEELS, RETIN-A, OR GLYCOLIC ACID MUST ALWAYS BE AVOIDED ON EYEBROW AREA (CAUSES FADING)

-LONG EXPOSURE TO SUN WITHOUT PROTECTION CAN CAUSE EARLIER FADING.

-DEFICIENT IN IRON CAN CAUSE EARLIER FADING.

**\*DO NOT APPLY MAKEUP ON YOUR EYEBROWS FOR THE FIRST 10 DAYS.**

**\*AVOID ANY EXCESSIVE SWEATING FOR 10 DAYS.**

**\*DO NOT SLEEP FACE DOWN, AS THIS CAN RESULTS IN LOSS OF PIGMENT**

**\* DO NOT LET ANY SHOWER WATER, LOTION, REGULAR SOAP, TOUCH YOUR EYEBROW AREA DURING THE FIRST 15 DAYS AFTER THE PROCEDURE.**

**\*NO SUN EXPOSURE ON THE EYEBROW AREA FOR 6 WEEKS.**

**\*NO TANNING BED FOR 8 WEEKS.**

**\* YOU MUST FOLLOW PRE CARE INSTRUCTIONS AGAIN FOR YOUR FOLLOW UP IN 6-8 WEEKS APPOINTMENT.**

**WARNINGS:** INFECTION IS HIGHLY UNLIKELY BUT IF YOU SUSPECT AN INFECTION CONTACT YOUR FAMILY DOCTOR **IMMEDIATELY.**

IF YOU HAVE A QUESTION REGARDING HEALING, **TEXT OR CALL 912-665-5418**

PLEASE NOTE, UNDERSTAND THAT I HAVE 24 HOURS TO REPLY BACK TO YOU.

# AFTER CARE INSTRUCTIONS

## Day 1:

Wash eyebrows 3 hours after the procedure with cold water, antibacterial soap, and tap dry with a clean paper towel.

NIGHT: Repeat washing process listed above.

## Days 2 to 5:

MORNING & NIGHT: Wash your eyebrows with cold water & antibacterial soap, and tap dry with a clean paper towel.

## Days 5 to 10:

NIGHT: Wash your eyebrows with cold water & antibacterial soap, and tap dry with a clean paper towel. If experiencing dryness and itchiness, apply brow aftercare gel provided with a clean cotton swab in a thin layer.

---

EXPECTATION: WITHIN THE NEXT 5-15 DAYS YOUR PERMANENT MAKE-UP MAY BECOME 15-30% LIGHTER DUE TO THE SKIN CELL GROWTH AND EXFOLIATION OF SOME OF THE COLOR PIGMENT - A NATURAL REACTION OF THE SKIN.

BECAUSE OF THE CHEMISTRY OF YOUR SKIN, THE COLOR MIGHT SLIGHTLY CHANGE DEPENDING ON HOW DIFFERENT SKIN TYPES ABSORB COLORS.

COLOR CAN BE DARKENED DURING TOUCH UP. EXPECT TO LIKE YOUR EYEBROWS AT THE FIRST APPOINTMENT; SINCE IT IS A 2 STEP PROCESS, EXPECT TO LOVE YOUR EYEBROWS AFTER THE 2ND SESSION IS DONE AND THEY ARE HEALED.

**FAILURE TO FOLLOW THESE RECOMMENDATIONS WILL AFFECT THE FINAL OUTCOME OF YOUR PROCEDURE, IF NOT TOTALLY REMOVE THE PIGMENT!**
