

# When Veterans Unite, We Win

Recently, the National Legion — backed by disabled Veterans across the country — fought against a directive that would have negatively impacted disabled Vets. And it was overturned.

## Organized Advocacy

**Standing Together:** That's what happens when Veterans stand together. Your membership isn't symbolic. It strengthens the voice that defends benefits, healthcare, and earned rights.

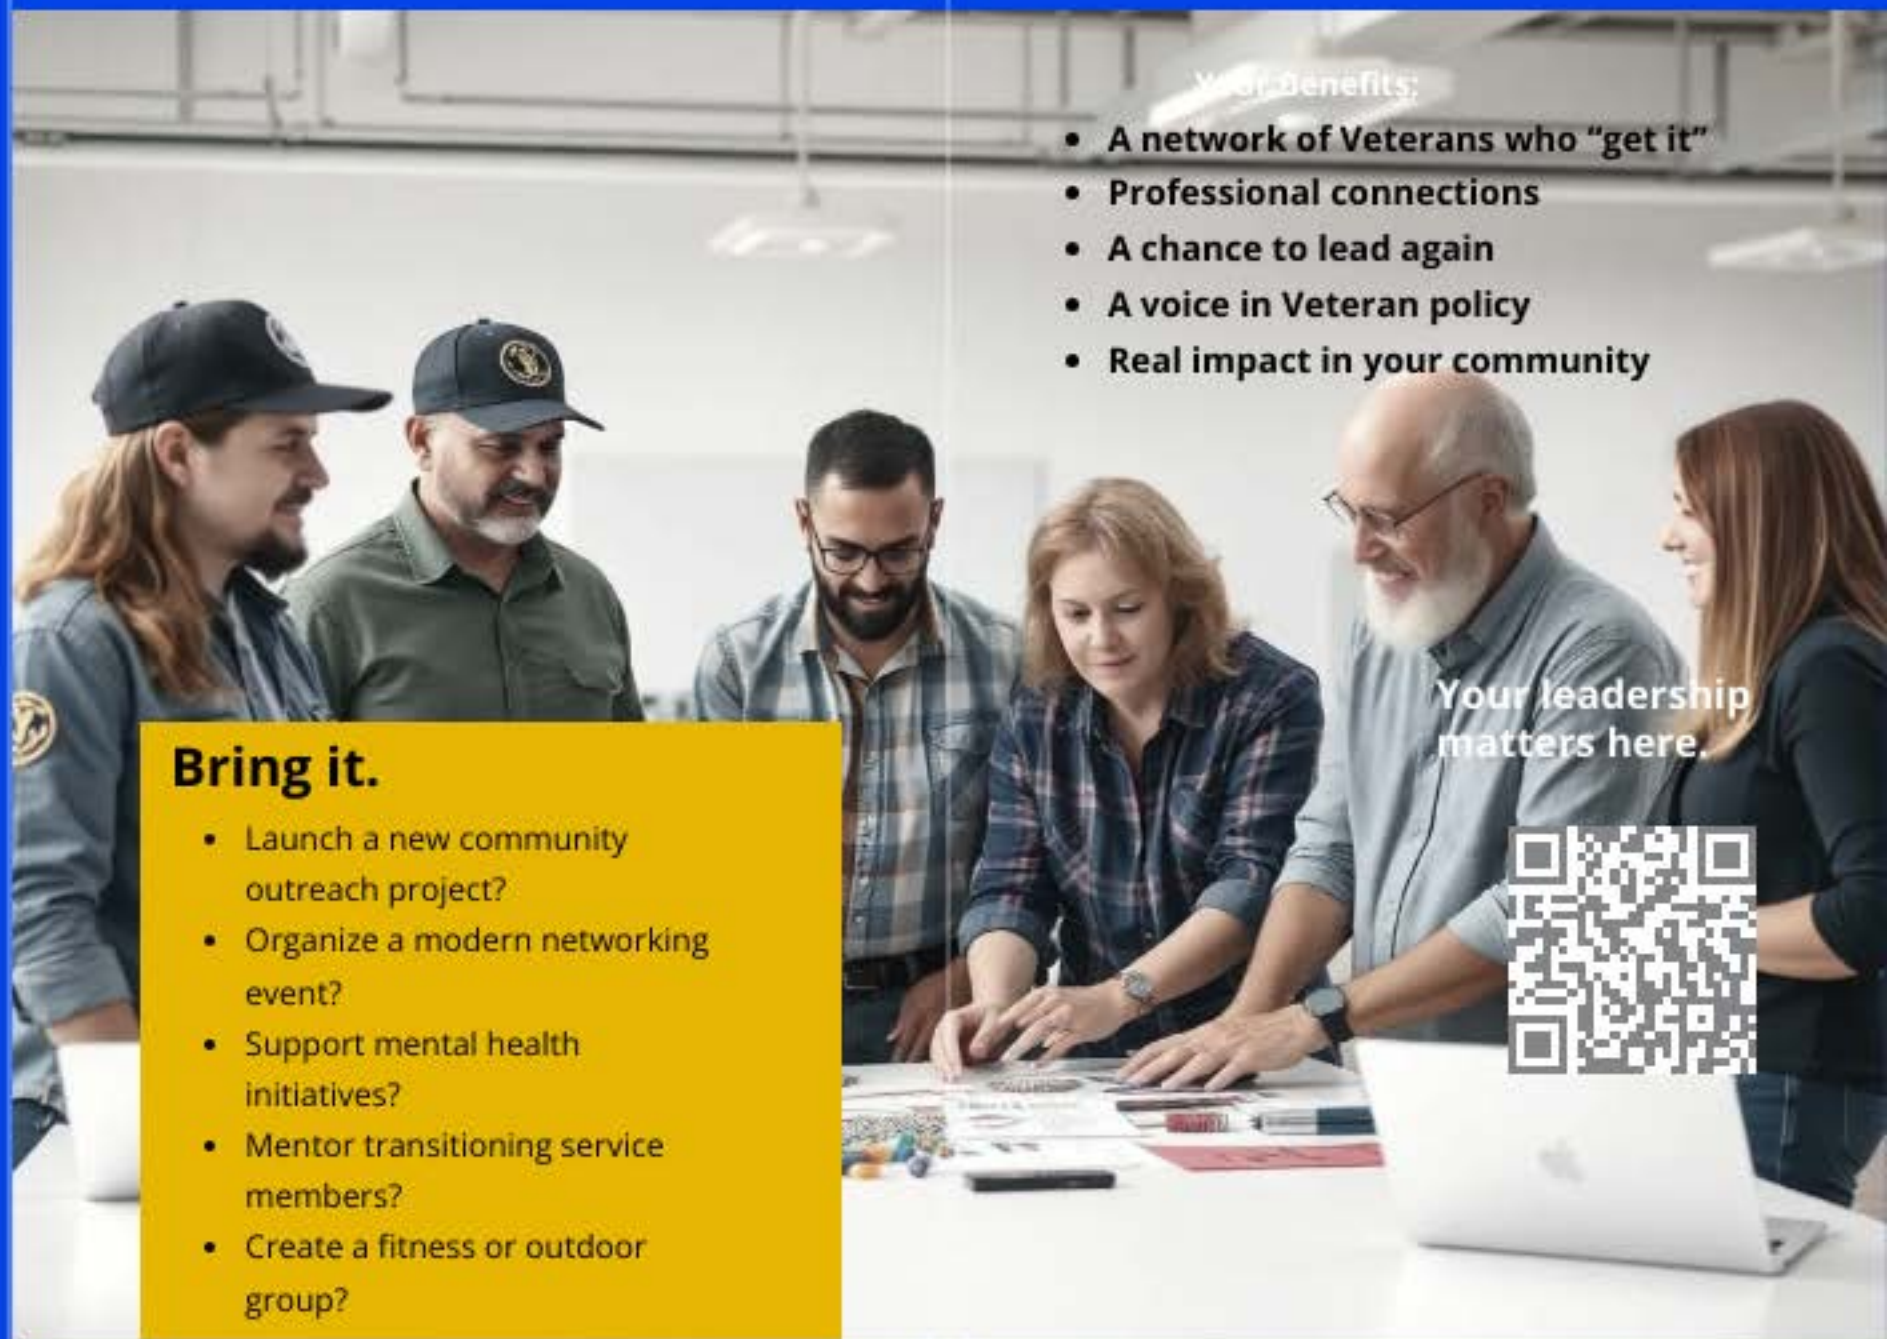

That's what **organized advocacy** looks like.

# Got Ideas? Let's Build Them.

This isn't your grandfather's Legion. Bunt-Brewer Post 165 wants to hear about the projects you'd like to explore — and we'll help bring them to fruition.
