

### Environmental Policy Statement

Defined Space Limited is committed to minimising the impact of our operations on the environment and promoting sustainability in all aspects of our business. We recognise that our activities have an impact on the environment, and we are committed to minimising this impact by taking a responsible and sustainable approach to our operations.

As a provider of commercial furniture and interiors, we acknowledge the importance of environmental protection and recognise our responsibility to work towards sustainable business practices. To this end, we have implemented a number of measures to minimise our environmental impact, including:

Reducing our energy consumption by using energy-efficient lighting and appliances, and implementing measures to reduce unnecessary energy consumption in our operations.

Minimising our waste generation by reducing, reusing and recycling materials wherever possible, and implementing effective waste management practices.

Sourcing environmentally friendly and sustainable materials wherever possible, and working with suppliers who share our commitment to sustainability.

Promoting sustainable transport options, such as cycling or public transport, for our employees, and encouraging the use of electric or hybrid vehicles for business travel.

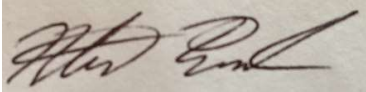

Regularly monitoring and assessing our environmental impact, and setting targets to reduce our carbon footprint and improve our sustainability practices.

We are committed to complying with all relevant environmental legislation, regulations and standards, and to continuously improving our environmental performance. We will also engage with our employees, suppliers and customers to raise awareness and encourage them to support our commitment to sustainability.
