Format: Regular Season

Play will consist of individual matches of 9 or 18 holes. (determined by players)
 18 points are available each match. 1 point per hole.
 If less than an 18 hole match is played, the holes not played will be split equally.
 Normal match play rules apply including splitting points on holes where ties occur.
 Players are encouraged to pick up on holes when needed to keep speed of play intact.
 Regular rows play "straight up" except if the league determines row integrity has changed.
 Handicapped rows will use USGA handicaps and any adjustments made by the league.
 Matches may be played before the match date if both players agree.
 It is the role of the player to locate a sub if they cannot play a match.
 Regular members can sub. If no match occurs, the available player will receive 12 points.
 Dinner tickets are awarded weekly to the highest team, and team points form playoff ranks.
 To qualify for drawings you need to have played a match.
 If you have a sub and your name is drawn the sub wins the drawing.
 If a league member subbed another name is drawn.

Format: Playoffs

Team rankings are used to form brackets that play down each week to a final team.
 The top teams and individual row and league leaders are awarded at the fall banquet.
