	THESE STONES HAVE EXTREME VARIATION AND RECOMMEND TALKING TO CUSTOMER ABOUT SLAB SELECTION OR SENDING PHOTO OF SAMPLE WITH ORDER!*						
	Granite is a product of nature. No two pieces of stone are exactly alike. Customer should understand that granite countertops will have variation in color, mineral deposits, veining and texture, within and between slabs as well as between samples provided and the fabricated materials. It is recommended that our customers personally select specific stone slabs and elect to have them fabricated by Custom						
NATURAL STONE	Kitchen Countertops, LLC from our showroom or a CKC approved Natural Stone Distributor. Or you may elect to have a CKC staff member hand select your stone from our inventory on your behalf. All						
COLOR PALETTE	granites have small fissure lines and veins. These are natural properties of the stone. Custom Kitchen Countertops LLC will inspect slab and avoid anything considered to be a blemish or a severe fissure						
JOLON LYFELLE	within industry standards. Custom Kitchen Countertops, LLC. will determine final seam locations and directionality of fabricated materials based on material and job site conditions. Custom Kitchen						
	Countertops, LLC. reserves the right to refuse fabrication of any material it deems damaged, fissured or unsatisfactory. Upon refusal of selected material, customer will be required to reselect or waive re
