

CUSTOM KITCHEN COUNTERTOPS, LLC

Bringing Stone to Life!

www.CustomKitchenBaltimore.com

The background of the entire page is a close-up photograph of a marbled stone surface, likely marble or granite. The pattern consists of intricate, swirling veins of light beige, cream, and off-white colors, interspersed with darker, charcoal grey and black veins. The texture appears smooth and polished.

**BEAUTIFUL ELEGANCE.
TIME TESTED DURABILITY.
A STYLE TO FIT ANY PERSONALITY.**

A licensed, bonded and insured general contractor in Baltimore, Maryland, CKC is a fabricator and installer of natural and engineered stone surfaces for residential and commercial customers. We service the majority of Maryland, Washington DC, and Southern Pennsylvania. CKC is a proud member of the Stone Fabricator's Alliance and Marble institute of America.

industries

Precision. Accuracy. Efficiency.

CKC sends out a jobsite technician before fabrication to measure your project using the LT-2D3D Laser to significantly increase the efficiency, accuracy, and speed of templating. This measurement system works in series with our brand new Sasso K600. It is a fully automatic 5-Axis CNC Saw capable of rapid automated cutting, milling, routing and brushing (shaping) of stone slabs. These stones are then hand finished by our experienced team of fabricators to bring your project to life!

NATURAL STONE COLLECTION

Designed by Nature.

GRANITE

Natural stone is one of the most luxurious materials available for architecture and interior design. Our most popular varieties are granite, marble, soapstone and quartzite. We also offer a carefully-curated selection of granite, onyx, slate and more. We stock our most popular items, in addition to hundreds of others available with our suppliers or via special order.
