

# SPARKLE

PROFESSIONAL CLEANING SERVICE

---

A LETTER FROM OUR FOUNDER

*Dear Jobber Team,*

**T**hank you for considering Sparkle Professional Cleaning Service Inc. I'd like to share our story. In 1986, my wife Carole, her twin brother Harold, my mother, and I started Sparkle. We have cleaned hospitals and offices for nearly 40 years.

The early years were hard. We lost everything — not once, but twice. When we began to rebuild, Carole turned to me with a simple word of faith.

“

*David, this time, just give it all to God.*

— CAROLE SLOAN

I did. Sparkle is still standing. We've had ups and downs, but never a fall like that again. Carole passed in 1999 — a wife, a mother, a friend, a pastor, and a woman of faith. Harold passed in 2016. My mother, our first owner, is now 95. I am 71. This is a family company, and family is why we keep going.

After I lost Carole, I served for more than 20 years with a Feed the Hungry ministry and on home and foreign missions. That work taught me a simple thing: when you take your eyes off yourself and put them on others, life grows bigger. So I gave Sparkle a new purpose. Each month, we clean the homes of seniors and neighbors who cannot clean for themselves — at no charge.

The buildings we clean keep people safe and running — hospitals where patients heal, and offices where folks work. We take that trust seriously. And we give back to the people right around us. That is the company I want to keep building.

Thank you for your time, and for believing in small businesses like ours.

*With gratitude,*

**DAVID SLOAN**
