Pitts Model 12 Canopy Cover, single

# Hatz Biplane Featured Cover Products from Bruce's

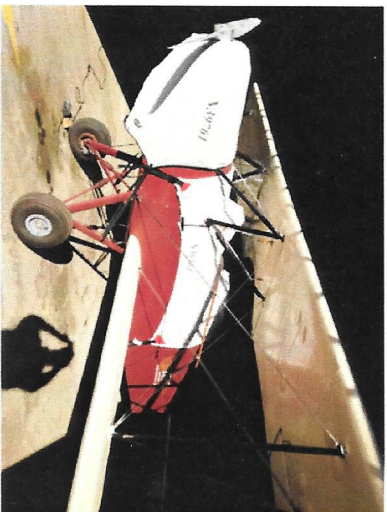

Hatz Biplane Canopy Cover

Our classic design! We have been making this cover for over 40 years, holding true to our pattern. Tight fitting and long lasting.

This canopy cover encloses cabin roof and baggage area. Two belly straps. Custom made for each aircraft for every antenna and OAT placement.

Made with our custom made Sunbrella fabric: fully lined, color trimmed, tail number imprint available, bag included.

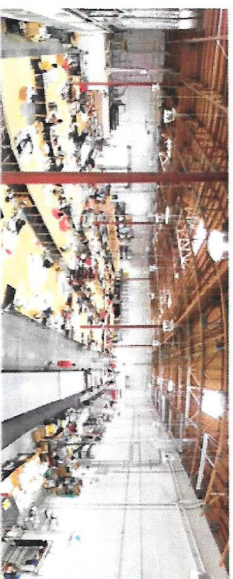

Hatz Biplane Canopy and Engine Covers

Engine and Prop Covers keep vital mechanical components FOD free, reducing cleaning and housekeeping chores.

## All About Bruce's

**advancing aircraft protection with a passion**

Bruce's Custom Covers is also Aircraft Covers, Inc. Since 1979 we have produced aircraft protection products of all types. Today our company produces over 20,000 highly specialized products for virtually every airplane, jet and helicopter, and every item is made here in our factory in Morgan Hill, California.
