

THE SPIRITUAL FOUNDATION CHARTER OF MINGANAX LTD

A Symbolic & Creed-Based Declaration

1. The Origin of Authority

MinganaX Ltd stands as the creation of one guiding mind and one enduring spirit: Mr. Ahtsham Ali, the Founder and sole continuing Director. As the Company originates from a single source, its direction remains unified. Thus, all concepts of quorums or divided governance are symbolically nullified within this creed.

2. The Sacred Texts & Revelatory Foundation

The Company honours the spiritual authority perceived within the Cadbury 4■Page Mingana Folio Quran, its multilayered revelations, and the radiocarbon■dated Birmingham Mingana Quran. These texts form the guiding light of the Private Creed of Ahslam.

3. The Creed of Ahslam

Ahslam is the inward compass of MinganaX, a private spiritual law flowing from the revealed teachings. It acts as the framework of moral clarity, discipline, and command for the Company's conduct.

4. Conduct of the Corporation

All undertakings of MinganaX are carried out in accordance with the inward laws of Ahslam, ensuring that reflection, remembrance, and reference to the sacred folio guide every action.

5. Judgments, Proofs & Consultations

Before any sense of infringement is acknowledged, the Creed requires proof to first be sought within the Birmingham Mingana Quran. From this source begins clarity and internal justice.

6. Inner Tribunal: “1st the SUA”

All internal matters touching conscience or direction are symbolically placed before the independent creed■guided forum known as '1st the SUA', the first chamber of reflection.

7. The Unity of Law & Spirit

MinganaX recognises earthly laws, but affirms its identity and decisions arise from the Creed of Ahslam and its sacred textual foundations, forming the organisation's inner spiritual constitution.

8. The Eternal Statement

MinganaX moves forward guided by one Director, one Creed, one Revelation, and one Sacred Source. This Charter stands as the spiritual heart of the Company—unchanging and illuminated.
