Description & Cost:

6 Week classes:

Fashion Design 101 is a foundational course designed to introduce aspiring designers to the basics of fashion design. Through a combination of theoretical knowledge and practical exercises, students will explore the creative process of designing garments from concept to sketch. This course also integrates hands-on practices, including hand stitching techniques, to empower students with a well-rounded understanding of fashion design from conceptualization to creation. This course covers essential aspects such as fashion trends, color theory, fabric selection, and the fundamentals of drawing and presenting fashion sketches. By the end of this course, students will have developed their own design portfolio and at least one garment incorporating hand-stitched elements, showcased in a professional portfolio.

This course is perfect for anyone with a passion for fashion and an interest in exploring the fundamentals of design. No previous experience is required, just a willingness to learn and create.

This class meets once a week for 2 hrs. There may be an additional materials fee depending on garment specifications.

Cost \$265

Description & Cost:

Media Arts: Visual Storytelling introduces students to the foundations of communicating ideas through images, video, and visual media. This course focuses on how stories are told visually using composition, sequencing, color, movement, and simple media tools.

Students will explore:

- How images tell stories without words
- Basic visual composition (framing, balance, focus)
- Sequencing ideas to create meaning
- Simple media formats such as photo stories, short visuals, and creative layouts
- Translating thoughts, emotions, and messages into visual form

Through guided activities and hands-on projects, students will create original visual pieces that express their ideas clearly and creatively. No prior experience is required.

This course is perfect for Creative beginners, homeschoolers, and students interested in art, media, storytelling, or visual expression

This class meets once a week for 1.5 hours.

Cost \$275

Description & Cost:

Workshops:

Cut w/ Me is a gentle, hands-on creative session designed for young learners to practice cutting lines, shapes, and simple designs in a relaxed, supportive environment. Children explore fine-motor skills through guided paper activities while building confidence and creativity. Adults are welcome and encouraged to participate. All minors must be accompanied by an adult. Perfect as a first creative experience for Pre-K learners and families looking for low-pressure, creative play together. Price is per session. 45 mins.

Cost: Adults \$7 Kids \$5

STYLE TECH Cyber Lab: Discovering Wireshark

In this Style Tech Cyber Lab, participants will be introduced to Wireshark, a widely used network analysis tool. This session focuses on understanding what Wireshark is, how it works, and what kind of information can be observed when monitoring network traffic.

Through a guided walkthrough, participants will:

- Learn the purpose of Wireshark in cybersecurity
- Explore basic network traffic concepts
- Observe how data moves across a network

This lab is exploratory and instructional designed to build awareness, confidence, and foundational understanding of cybersecurity tools. No prior tech or cybersecurity experience is required. 2 hrs.

Cost: Adults \$85 Kids \$65

Bunnibeets Creative Lab: Watercolors

This month in Bunnibeets Creative Lab, participants will explore watercolors as a creative medium. Through guided instruction and open exploration, artists will learn how water, color, and movement work together to create expressive artwork. Participants will experiment with blending, layering, and simple watercolor techniques while creating an original piece of art. The focus is on process, creativity, and confidence, not perfection. All levels are welcome. This lab is designed to be a relaxed, hands-on creative experience. This is a 2 session workshop. 2 hrs.

Cost: Adults \$75 Kids \$55

Mood Boarding: The Colors of My Life

In this mood boarding session, participants explore the colors of their life as a form of artistic expression. Using images, colors, textures, and words, each participant creates a mood board that represents personal experiences, emotions, memories, and current seasons of life. This guided session encourages self-reflection, creativity, and visual storytelling through color. No artistic experience is needed, just a willingness to explore and express. Price is per session. 2 hrs.

Cost: Adults \$20 Kids \$15
