**Noal McDonald**

**Noal and her husband Jim live in West LA, and are the proud parents of two grown daughters and 2 grown grandchildren. Noal has been golfing sporadically for years. She is retired from a career in Human Resources where she worked in both HR, and as a consultant. Noal grew up in Denver, but has been in LA so long she feels like a native. She and her husband love to travel, having spent a month in Spain last year. This year they are planning for a golf trip to Scotland.**
