

Kanellos Consulting Pty Ltd

WorkSafe OHS Essentials Program—Free OHS Consulting

FREE

The WorkSafe Victoria OHS Essentials Program provides OHS consulting services at no cost to eligible businesses. To be eligible, businesses must hold a current Victorian Workers' Compensation insurance policy, have no more than 60 employees and have not participated in the program within the last 3 years.

WHAT DO YOU GET?

INDEPENDANT

You receive 3 visits spanning over 12—18 months. At the first visit we will listen to you about your business and get an understanding of what your business is about. We will then conduct a workplace inspection to draw your attention to what needs to be done to improve safety in your business. We will document this in an OHS Action Plan which will be provided to you within 5 business days.

CONFIDENTIAL

The second visit is 3 to 6 months later and during this visit we talk about how you are going and if you have any questions about your OHS Action Plan.

TAILORED

The third visit is a closure visit and this takes place 9 to 18 months after the first visit. This visit is preferably done at about 12 months. During this visit we talk about how you went with implementing your OHS Action Plan and what challenges you faced.

All of the three visits and the preparation of the OHS Action Plan are free to you. We get paid directly by WorkSafe Victoria for our time.

APPLY TODAY!

IS IT CONFIDENTIAL?

Yes. We are not WorkSafe inspectors or employees of WorkSafe. We do not provide WorkSafe with any information or documentation that may identify your organization's OHS Action Plan.

WHO IS THE CONSULTANT?

You can nominate an approved OHS consultant. Theo Kanellos from Kanellos Consulting Pty Ltd is an approved OHS consultant and a qualified engineer with post graduate qualifications in OHS risk management and another in ergonomics. He has over 30 years experience in OHS across many industries. Why not nominate us?

To register, contact us or apply at the WorkSafe website address below.
