

AUTUMN LEAVES

*Fran Block, Dave Slater & Kids
based on a 2nd grade poem by Zach*

Autumn leaves are falling down
People raking all around
Children jump in piles of leaves
Laughing, playing on their knees.

On the water color float
Making little river boats.
In the yard we sing our song,
Crunching, crackling, all day long.

Smoke filled air from burning leaves
Lingers in the Autumn breeze.
Red and yellow turning brown,
Autumn leaves are falling down.

Falling, floating, jumping, play,
Crunching, crackling, children rake.
In the yard we walk along,
Crunching, crackling Autumn's song.
