A virtual reality app that features a mouth tracker for enhanced technical integration. An aerial drone photography business that will revolutionize commercial industries. Multi-faceted

online marketing integration for small businesses. And a hands-on science lab to get young girls excited about all kinds of experiments. They sound like the next proposals for the popular Shark Tank tele-

vision series. In reality, they were all the proposals of Hampton High School entrepreneurs who pitched their ideas in the "Talbot Tank," a competition sponsored

Smiles Abound as Students Meet for the First Time

by Mary-Theresa Watson

One afternoon in mid-May, the unspoken theme of the day seems to have been "the simple joys of childhood" as all remaining first-grade girls from Ms. Lynsey Norman's HOA class met in person at the Central Elementary playground, something they hadn't done all year. With siblings in tow, the girls rushed to each other, gushing with excitement as faces they were accustomed to only seeing on com-

Prom Successful Despite Restrictions

by Gail Scott

The seniors at Hampton High School were overjoyed as they got to celebrate their Senior Prom on May 7 at the Omni William Penn Hotel. Administrators and parents alike were determined to plan an event to remember! Hampton usually includes senior and junior students along with their dates, but only seniors were eligible to attend this year. The students enjoyed getting dressed up in tuxe-

Police Log

The Hampton Township Police Department is dedicated to enhancing the quality of life of our residents and guests by providing the very best in law enforcement services. The twenty-two officers and two civilian clerks take pride in serving the community in a professional and proactive manner. Thank you to the staff for helping to keep our community safe.

A summary of noteworthy incidents that occurred are listed below. These incident statistics included, but WERE NOT LIMITED TO, the following between the dates of 4/18/2021—4/29/2021:

DUI Arrest

 On April 25, 2021 at 2:21 a.m., a Hampton Township officer conducted a traffic stop on a vehicle on Route 8 after observing the vehicle was being operated on the roadway with expired PA inspection/emissions. Upon making contact with the vehicle operator, they displayed signs of impairment. After failing to complete field sobriety tests as had been explained and demonstrated, the operator was placed under arrest for suspicion of DUI.

Smoke Condition

 On April 29, 2021 at 9:42 p.m., Hampton Township officers responded to a residence on Mount Royal Boulevard due to smoke being seen in the basement. Upon arrival, it was discovered that there was not an active fire, but a damaged water pump was filling the basement with smoke. The Hampton Township Fire Department handled the situation.

Vehicle Accident

 On April 19, 2021 at 12:45 p.m., Hampton Township Police responded to East Hardies Road and East Bardonner Road for a report of a two-vehicle accident involving entrapment. Upon arrival, officers located the vehicles in the intersection, and rendered aid to one of the injured operators. The accident

Souper Teachers

by Gail Scott

The teachers and staff at the Hampton High School enjoyed a "Souper Teacher" event on May 4. This is one of the staff's favorite days of the year, when they are all treated to a quart of soup, a baguette, and cookies at the end of their school day. After a long day's work, they can go home and enjoy this treat for dinner.

This is the 2nd year for this event, which is hosted by the HHS PTO. The event was started as a way to express appreciation to the teachers, custodians, paraprofessionals, administrators, and school nurses for the great care they show to all the students. Maureen Perkins came up with the idea for the event when

she was a part of Central Elementary's PTO. She said, "It has always been a huge success and the high school teachers and staff are so excited for this annual event." High school families donate soup for the event and this year they were extremely generous, with 98 quarts of soup donated. Donations of Panera and Eat'n Park gift cards fund the cost of purchasing more quarts of soup that are needed for the event. The PTO purchased the baguettes.

Some memorable quotes from the staff and teachers were, "You have no idea what this means to us." "This is our favorite day of the year." "Thank you so much for doing this for us."

This event was one of three PTO sponsored events for the 2020/2021 school year. The first was a "Welcome Back" bag of treats for the first day of school followed by the 3rd Annual "Refresh your Desk" event that's hugely popular with teachers. Donations of school supplies and snacks were set out on February 24th and teachers could "shop" for items to refresh their supplies for the second half of the school year.

These events are a great way for the PTO to let the teachers and staff know how much they are appreciated.

Uplifting Event For Middle School Students

by June Gravitte

Motivational speaker Doug Reavis, returned to Hampton Middle School on May 11th to present "attitude of gratitude." The assemblies were intended to aid students in increasing their personal happiness by helping others. A little over two years ago, Reavis shared his touching story with HMS students about his brother through his presentation, "Silent Strength."

In addition to this year's presentation, he provided access to his electronic platform, the "You Uplift" Kindness Wall, for the remainder of the current school year and the entirety of next school year. This platform allows students to post kind and uplifting messages and spread love throughout the school community. "The students and staff really enjoyed the assembly, as Mr. Reavis's message helped to put a lot into perspective during a very tough year," said middle school principal Dr. Marlynn Lux. "I have had over 1,500 kind submissions to our virtual "You Uplift" kind wall! The kids are

Smart, Safe & Saavy

We are super excited to return to in-person programming! Please help us to stay open all summer long by following state and local guidelines regarding masks, social distancing and COVID management practices as they arise. We have missed seeing our patrons and have worked hard to modify programs, resources and the physical space at the library to keep our community safe and healthy.

"To stay home and read or visit the library and read? That is the ultimate question!" The answer?

You can do both!

Welcome to **Tales & Tails, Hampton Community Library's Summer Reading Program**. Whether you are traveling, going out in public or chilling at home, we have something for everyone. Just imagine the possibilities:

Children & youth ages birth-18 are invited to register for the **in-person** program at the library starting June 1, 2021. Take home your swag bag and a challenge card to complete. Return each week for a new challenge card and use the previous week's card as a raffle ticket for a chance to win one of our awesome prizes!

Adults can participate in the summer reading challenge too. Read books, get raffle tickets, win prizes---it's that simple! Register at the library starting June 1, 2021.

Register for the **virtual program** with Beanstack. Participate in activity challenges, update your reading log, earn badges and tickets for the grand prize raffle. Program is for **all ages**: birth to adult. Sign up today:

Talbot Tank

(Continued from page 1)

by My 4-Year Plan College Planning and the Hampton Magazine.

In the end, it was Megan Baker's "Science with Megan" that took home the winning prize, which included a check for \$500 from My 4-Year Plan's Cathy Lueers and a morning of free professional business coaching from a marketing vice president. All contestants also received a Visa gift card provided by the panel of judges from Hampton that included Liberty Weyandt, Meredith Gannon, and Matt Scoletti.

"Science with Megan" is unique because she specializes in a wide variety of scientific implementation from construction. At the end of the session, the girls take home a packet of the experiments that are done together that includes materials, the steps of the experiment, and what was happening in the experiment. The goal of her service is to reach young girls in science to get them excited about the world of STEM.

Megan describes, "It's not just robotics, not just chemistry, not just engineering, but we explore all areas of science, technology, engineering and mathematics."

Owen Barger's Facebook/online marketing company seeks to capitalize on the huge shift to businesses integrating online marketing, but his focus specifically targets small businesses and he is excited to start this summer with businesses in Hampton.

VR Face tracking with Anthony DiMaria recognizes there are currently 16.4 million VR headsets in use, and it's forecasted that 6.1 million more will be sold in 2021. People want more immersion, and face tracking is a good way to increase immersion in popular social VR platforms, like VR chat.

With Gary Farrell's Bird's Eye View Aerial Photography, which has already "taken off" with family and friends, the main customers of his product and service would be home owners and real estate agents, and he plans to expand to churches, roofing companies, and home inspections as well.

My 4-Year Plan Owner Cathy Lueers presents a check for \$500 to Talbot Tank winner Megan Baker, whose winning project engages elementary girls in hands-on mentored science projects.

Beam Receives Chemistry Award

Since 1961, The Society for Analytical Chemists of Pittsburgh (SACP) has annually honored students in chemistry with College Chemistry Awards. Alissa Beam was one of the 26 students from colleges in the tri-state region who was recognized. The 2018 Hampton High School graduate received a monetary prize and a framed certificate of accomplishment. In addition, Alissa received an engraved nameplate added to the Saint Vincent's College of Chemistry Awards plaque of prior SACP winners.

While attending Saint Vincent, some of Alissa's achievements/accomplishments include the Dean's List, President's Athletic Honor Roll, Recipient of the STEP Science Scholarship, Member of the Honors Program, Member of Alpha Lambda Delta and Alpha Chi Honor Society, Women in STEM Club President, NCAA DII cross country and indoor/outdoor track.

Alissa is the daughter of Beth and Michael Beam of Hampton Township.

Rushmore Still with the National Guard Following Graduation from Pitt

by June Gravitte

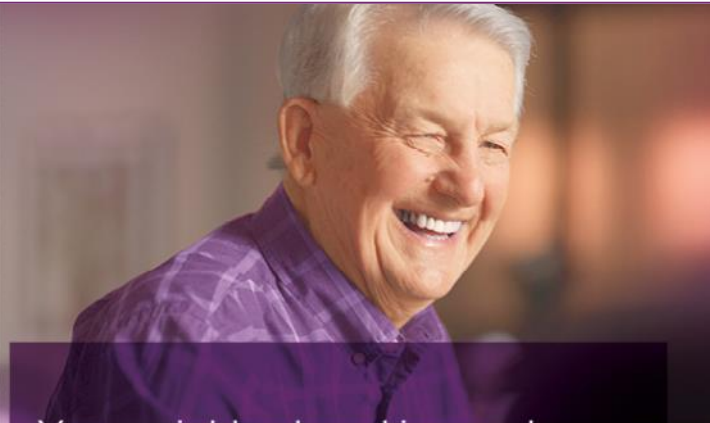

Sarah Rushmore, a recent Hampton High School student of three years (graduated from Grosse Ile High School in Michigan her senior year, 2017), has graduated from University of Pittsburgh, Magna Cum Laude, with double degree in Legal Studies and Administration of Justice focusing on forensics. During her undergrad at Pitt, Rushmore enlisted in the PA Army National Guard. During the summer of 2018, Sarah successfully completed 15 weeks of ARMY OSUT training at Fort Leonard Wood, Missouri and qualified as a Combat Engineer. She resumed studies at Pitt and continued her job with National Guard.

Sarah contracted with the Three Rivers Battalion Army ROTC at Pitt in January of 2019 and was awarded a 2.5 year scholarship with the rank of Cadet and duties of Color Guard Captain. Training provided many great experiences such as riding in a helicopter, presenting the colors at Steelers games, participating in the Ranger Challenge Team, plus leadership and teamwork opportunities.

Sarah was commissioned in May serving as a light infantry Army Officer for the 28th ID in Pennsylvania, a position that only opened for women five years ago. This August, she will go to Fort Benning, Georgia to complete the five-month Infantry Basic Officer Leader course, for an amazing opportunity to lead and train infantry soldiers.

Sarah has learned to make her hobbies into tools for success. She loves working out, power lifting, running, and CrossFit. Rushmore remarked, "Being in top shape is extremely important in completing the duties of an infantry officer."

Sarah is the granddaughter of Hampton residents Janet and William Rushmore.

Seniors of the Year at A.W. Beattie Tech Career Center

Hampton senior Lauren Graff was honored as one of the two Salutatorians for the class of 2021 at the A.W. Beattie Career Center. In addition, she was named "Senior of the Year" for the Sports Medicine/Rehabilitation program at A.W. Beattie. This is a huge honor for Lauren and it is very rare for a student to receive both honors.

Lauren Graff, Senior of the Year and Salutatorian representing the Class of 2021

Lauren was part of the SMART-EST PROGRAM which was a combination of sports medicine and rehabilitation. She was named senior of the year for this program. Lauren said, "I was so proud to be Salutatorian. I really loved going to Beattie and glad that my hard work and dedication was recognized." Lauren will be attending Slippery Rock University in the fall for exercise science on a pre-physical therapy track.

Right: Mark Gibson was named the Senior of the Year in the HVAC (Heating, Ventilation, Air Conditioning) program.

Jada Ivey, Pastry Arts and Taylor Blair, Robotics Engineering Technology were named Senior of the Year. *Photos not available*

Ronald Misencik was named the Senior of the Year in the Automotive Collision Technology program.

Class of 2021 Like No Other

by Gail Scott

The 2020-2021 school year has been a little disappointing for Hampton seniors since many of the normal high school activities were cancelled. Senior parents got together and came up with two fun events to celebrate the senior students and give them something to smile about.

An outdoor movie night was planned in late May with a large screen hung outside the high school for senior students to watch "Abduction" in their cars from the parking lot. "Abduction," starring Taylor Lautner, was filmed in Pittsburgh and at Hampton High School in 2011.

The second event was a lantern light-up send-off at the high school. Parents got together and bought 120 lanterns and a

large group of seniors gathered and wrote messages on the lanterns with their future plans and watched as the lanterns floated into the night sky. There was a lot of laughter and great memories for the seniors.

Lattimore Places Second in Her Events At State Gymnastics' Meet

On May 15, Ella Lattimore had the meet of her life at just the right time! The location was X-cel Gymnastics in Cranberry and the occasion was the Level 7 Gymnastics State meet.

Ella scored a personal best of 37.675 and took 2nd on beam and floor and 2nd in the all-around.

"It was an amazing performance," said coach Lainy Carlaw. "Just a few months ago she was a level 6 and we took the chance of moving her up a level because we saw how hard she was working and how much determination she had. I'm so glad we made the right decision for her!"

Ella is a 6th grader at Hampton Middle School and trains with the Pittsburgh Northstars at Jewart's Gymnastics. She is also very creative and loves to write and dance.

"Gymnastics requires a great deal of mental tenacity," said her mom, Katie Lattimore. "It was so wonderful to see the happiness Ella had when she saw that her hard work had paid off."

The *Forbes* “Best-in-State Wealth Advisors” ranking was developed by SHOOK Research and is based on in-person and telephone due diligence meetings to evaluate each advisor qualitatively, a major component of a ranking algorithm that includes: client retention, industry experience, review of compliance records, firm nominations; and quantitative criteria, including: assets under management and revenue generated for their firms. Investment performance is not a criterion because client objectives and risk tolerances vary, and advisors rarely have audited performance reports. Rankings are based on the opinions of SHOOK Research, LLC and not indicative of future performance or representative of any one client’s experience. Rankings and recognition from *Forbes* are no guarantee of future investment success and do not ensure that a current or prospective client will experience a higher level of performance results, and such rankings should not be construed as an endorsement of the advisor. Highlighted Incident / Person:

On April 7th, at approximately 00:16 hours Stations 164, 165 Truck & Engine, 188 Engine, 261 Engine, 247 Truck, 149 RIT & 186 RIT on a fill were dispatched to

Buckboard Trail for a possible residential structure fire with reports of one person being bed-ridden and unable to evacuate. Caller reporting that the home is filling with smoke. Upon arrival 164 Chief found the home to be filling with a white smoke, evacuation was in progress with Hampton Police officers assisting. 164 Engine arrived on scene shortly after. The crew quickly went to work and relieved police officers and completed the evacuation of the residents of the home. After the evacuation of the residents crews went to work locating the source of the issue as no fire was visible at this time. Firefighter George Urso being among the first of the firefighters on scene not only assisted evacuating an elderly resident, but also went to work finding the cause of the issue. Firefighter Urso along with crews from the previously mentioned companies searched the home diligently with Thermal Imaging Cameras (TICs) and after an exhaustive search of the residence it was found to be a malfunctioning light fixture that had caught fire and started burning the basement ceiling. Firefighter Urso was the firefighter responsible for finding this light fixture; without his diligent work and refusal to give up the cause may have not been located until it was too late. HTFD would like to thank everyone involved in this incident for a speedy and professional response and we are grateful for the volunteers like Firefighter George Urso; without his dedication and willingness to serve his community the outcome for this incident may have been much different.

If you are interested in joining our family please stop down to the station on Duncan Ave on any Monday night or check us out on Facebook, Instagram, or our website www.htwpfd.com

Local Garden Contest

Is gardening your pride and passion? Do you know a neighbor or friend whose garden impresses you? Why not consider shining a light on these gardens and talent by entering the Shaler Great Local Gardens Contest? The Shaler Garden Club and Shaler North Hills Library want to honor your hard work and creativity. All in Shaler and surrounding areas are welcome to join this fun, casual contest.

It's easy to enter. Just submit 5 photos of your garden, plus a description of what makes your garden special, by the deadline of July 7, 2021. Are you a flower and vegetable gardener, herb gardener, container gardener? All types of gardens will be considered. And, we love a good story! Prizes will be awarded to the top 5 gardens chosen. Drop off or mail your entry to Shaler North Hills Library, 1822 Mt. Royal Blvd., Glenshaw, PA 15116. Photos will not be returned. Winners of the contest will have the opportunity to be a part of the 2022 Great Gardens Tour.

Stop by the library or go to www.shalerlibrary.org or www.shalergardenclub.com. Shaler Garden Club is proudly celebrating our Centennial year in 2021.

 was said to have occurred when both vehicles entered the intersection at the same time, one from Turner Road, and one from East Hardies Road, and collided in the middle of the intersection. One of the vehicles had to be towed from the scene due

to sustained damage, and one operator was transported to the hospital.

Fraud

 On April 29, 2021 at 10:45 a.m., a resident from Sturbridge Court reported a possible scam via Craigslist. The resident was selling an item on

Craigslist and had received an email from an individual who expressed interest in purchasing the product. The individual emailed the resident off and on for multiple days stating that they would send extra money to make up for the resident having to "hold" the item. The resident advised the individual that they did not require extra funds and requested a phone call regarding the purchase, but never received a phone call. The resident then received a cashier's check in the mail a few days later for a large sum of money. The resident was advised to refrain from cashing the check, as this is a very common scam.

puter screens were finally within hugging distance. Each of those faces brightened with an unfiltered sense of delight, taking in the moment as if it were the coveted grand prize of a raffle drawing.

One of the moms from the group, Heather Lucci, explains how her daughter, Olivia, had never met most of the children in person until that day.

"It was such a beautiful playdate!" she says with a smile. "I teared up as the other girls ran up to my daughter and so joyfully and repeatedly echoed her name as we walked in. She had never actually met most of them in person, so this truly was a special day. I'm so glad the moms reached out

to do this! Next time," Heather promises, "we plan to have the entire class together. We're getting closer to a more normal place in this crazy year, and we can't wait to get the kids together again."

After a year that's turned lives upside down in so very many ways, the simplicity of the playdate brought a sense of normalcy

that's been sorely missed. On the first of what we all hope will be many days brimming over with "normal," the happiness was palpable and infectious. The giggles reverberating across the playground signaled that, for one afternoon at least, all was right with the world.

Girl Scouts Need Perennial Flower Donations To Beautify Park

The township will prepare the ground in the community park near Meadow Field and the girl scouts will plant flowers in the area on Wednesday, June 16.

Each scout will donate a plant for the garden. The scouts are looking for any donation from the community of wildflowers or perennial plants that is preferably deer resistant.

Please drop off your plant donation in the afternoon or evening on June 15 at Meadow Field, close to the fence by the parking lot near the baseball and soccer park area. You can also drop off your plant early in the morning on June 16 before the girls start planting, but June 15 is preferred.

The Hampton Girl Scout Day campers thank you for your flower donations.

dos, suits, and fancy dresses after a year of "stay at home" orders.

Senior students enjoyed a three-course gourmet dinner in the ballroom at the Omni William Penn, then went back to the high school to enjoy games organized by HHS teacher Karen Taylor and parent Liz Perro-ne. An illusionist entertained the audience after dinner. It was gratifying for the adults to see carefree kids enjoying themselves as they played games. Comments were heard that they wished they could stay longer.

Julia Resch and Gage Galuska were crowned the 2021 prom

queen and king. After dinner, there was a raffle of prizes and gift cards that were donated by parents. Mrs. Taylor said, "The kids had as much fun drawing the tickets and calling out a classmates name as they did winning a prize. There were great prizes and gift cards."

Class of 2021 can add a prom to their happy memories!
