CEO's MESSAGE

Since its establishment in 2021, AWS has grown into a global corporation, overcoming various obstacles through its challenging spirit and ability, to create new values and optimum solutions for our business partners.

Today, AWS is transforming itself to take advantage of the latest wave of change. We are reshaping our business units to ensure they are aware to take advantage of emerging trends in growing markets. These include ERP Consultancy, IT Services, low current and CCTV Solutions. This transformation aims at making us more agile, cost-efficient, and aligning us ever more closely to the needs and requirements of our customers.

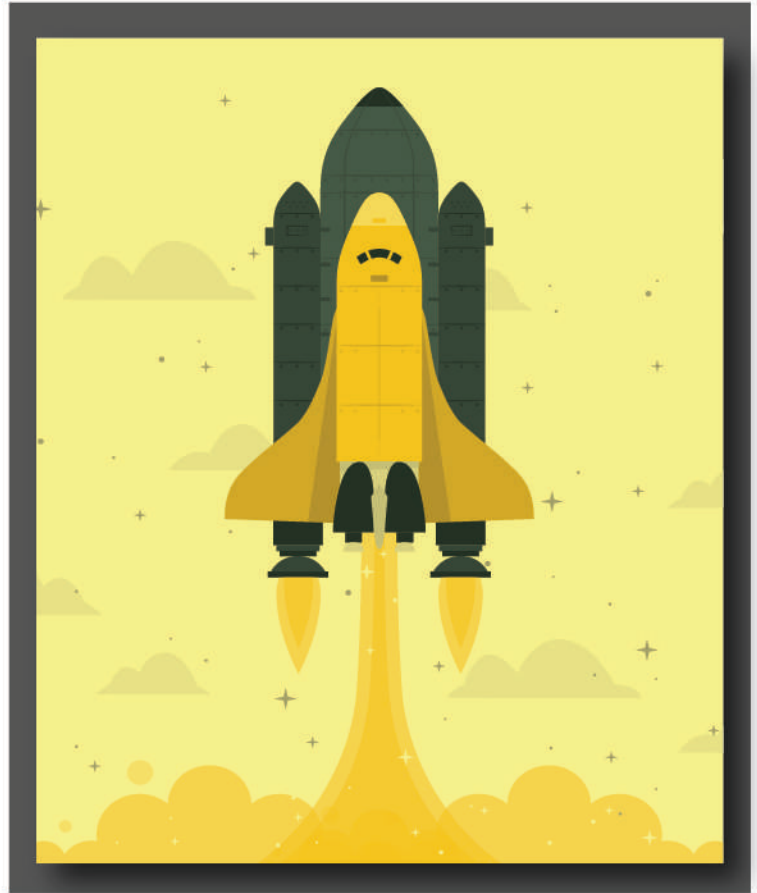

As ever, our employees are AWS most important asset, and their wellbeing and development are a key focus for management. We remain committed to making AWS an attractive place to work and an employer of choice in the region, with equal and exciting opportunities for all our employees.

AWS would like to express our sincerest gratitude for your continued interest and support.

Majdi AL Ramadi

MISSION

Offer environmentally friendly solutions for effective energy-saving operations and efficient performance. Create enduring relationships by providing our customers with the best IT solutions that help them build a strong empire and work together effortlessly with ethical values and guiding principles.

VISION

To be the first option of clients as a supplier of cutting-edge engineering solutions and become necessary by offering exceptional services and the best way to provide them essential products for achieving their goals for creating a successful environment and businesses. We strive to offer our customers the lowest possible prices with the best available selection and the utmost convenience.

ABOUT US

AWS established in year 2021, and working as a leading IT solution and ERP consultant with many clients in the gulf and Saudi Arabia.
