## *Our Message*

It is a pleasure to address our letters to you carrying our best compliments to you and all the wishes to your management to achieve all success in the future,

Through this opportunity we are very glad to introduce our establishment and the services it provides in all fields that are related to your works e.g.:

### *Services:*

**General Contracting**

**Heavy and light transportation**

**Heavy and light equipment**

**Vehicle Rental**

**Supply, shipping**

**customs clearance**

**General Agencies Services**

**Road transport services**

**General Services:**

**Administrative Services:**

**And all other services..**

**Finally we would like to remind you that all workforce, equipment and other stuff is only prepared and arranged to meet and deliver your requirement and it is to be described in details within the coming pages of this profile,**

*We wish you all success in your works,,,  
We are at your service,,,*

## About DATCO

DATCO is considered one of the pioneer oil and gas transportation providers as it was established back on 1990

On top of the contracting and works our company performed is these done for some Italian, American and French companies operating in Yemen,

It is worth mentioning that we've received number of certificates in all fields and areas where we performed among these certificates are:

- 1- An accepted quotation From : BEUTAG DRILLING YEMEN PRANCH
- 2- An accepted quotation From : NABORS YEMEN LIMITED
- 3- Invitation from TOTAL (Block 10) to participate in a call for tender in the company requirement for transportation.
- 4- Conditional letter to provide 20 trailers + 2 Caterpillar Tractors for the French Company DOMEZ.
- 5- An accepted quotation addressed to our company to construct LPG tank from the Italian Company ( BULGARIAN ) as we were the subcontractor to provide the service,
- 6- Certificate from (BELGUARFOMEN) company limited for the drilling and geological survey confirming that our company is the single transportation service provider for their company in Yemen,
- 7- A Certificate of performance from CCC company.
- 8- A certificate from (DEUTAG) company for drilling - Yemen Branch that we are providing the transportation services for their company among their operation in Block 10 operated by TOTAL EPY,
- 9- A Certificate from DOMEZ international company,

Copies of all the above mentioned certificates is attached to this profile,

#### TO WHOM IT MAY CONCERN

#### إلى من يهمه الأمر

This is to confirm that Dauman Land Transport Services Company ( DATCO ) has worked for DEUTAG YEMEN during the TOTAL Yemen drilling campaign as transport subcontractor. DATCO has mobilized our Rig T-33 from Ataq to the TOTAL block 10 and has performed infield rigmoves within block 10. During the drilling campaign DATCO has improved its services during the campaign to our satisfaction.

نحيطكم علماً بأن مكتب دومان للنقل قد عمل مع ديوتاج للحفر فرع اليمن أثناء مشروع حفر توتال اليمن وقد قام بنقل حفارتي ٣٣ من عتق إلى موقع توتال بلوك ١٠ وأيضاً قام بنقل الحفار إلى مناطق الحفر في بلوك ١٠ مما تبين لنا أن مكتب دومان تقدم كثير أثناء عملية الحفر في مجال خدمات النقل ويعتمد عليه وان يكون ذو مكتب مستقل.

We do not hesitate to recommend DATCO to be used as a transport company for other clients.

ولا نتردد بتوصية دومان في خدماته في مجال النقل للعملاء الآخرين.

TO WHOM IT MAY CONCERN

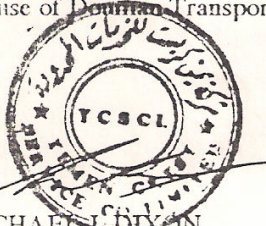

الى من يهمه الامر

This is to confirm that Douman Transport Company has worked for Nabors Drilling for approximately two years. We have found Douman Transport to be a very dependable transport company. They have helped move many drilling rigs for Nabors in the Masilla Block.

نحيطكم علماً بأن مكتب دومان للنقل قد عمل مع نابورس للحفر تقريباً لمدة سنتين ، وقد قام بنقل عدة حفارات لشركة نابورس في المسيلة، مما تبين لنا أن مكتب دومان للنقل يعتمد عليه وأن يكون ذو مكتب مستقل.

Please consider this letter as a recommendation for use of Douman Transport.

يرجى أخذ هذه الرسالة كرسالة توصية وشهادة تقدير لمكتب دومان للنقل.

Attn: General Manager

Subj: C.F.T. DS/97-01/ES Handling Field Transportation Services

Dear Sir,

TOTAL YEMEN, hereinafter referred to as COMPANY, a subsidiary of TOTAL SA, invites you to submit a tender for the provision of Handling and Field Transportation Services to support its onshore operations in Yemen.

In this invitation, COMPANY is acting as Operator on behalf of a consortium of coventurers presently composed of:

- TOTAL YEMEN with a participating interest of twenty-eight point fifty-seven percent (28.57%) and
- KUPPEC YEMEN LIMITED, a company organised and existing under the laws of England with a participating interest of fourteen point twenty-nine percent (14.29%) and
- COMECO PETROLEUM INC., a company organised and existing under the laws of New South Wales with a participating interest of twenty-eight point fifty-seven percent (28.57%) and
- UNOCAL MIDDLE EAST LIMITED, a company organised and existing under the laws of England with a participating interest of twenty-eight point fifty-seven percent (28.57%).

The Call for Tender document package enclosed with this letter provide full details of TOTAL's requirements to be incorporated in your tender.

We stress the importance of receiving a detailed Tender following strictly the requirements of this invitation. By doing so, the selection of the successful Tenderer will occur sooner.

TOUR TOTAL 24, COURS MICHELET, CEDEX 47, 92008 PARIS LA DEFENSE, TEL: (33) 1 41 35 40 00, FAX: (33) 1 41 35 42 00, TELEX: 615 700 F

2 FIRE EXTINGUISHERS: kg. 10 powder  
 WHEEL LOCKABLE CARRIER AND WHEEL WITH TYRE AS SPARE: N. 1

**TRANSFERRING PLANT**

In the central part of semitrailer, in the cabinet together with liquid and vapour filling valves will be installed one 3" LPG BLACKMER pump LGLE 3" having capacity 380 l/h at 5 bar, coupled to hydraulic motor and able to discharge into storage tank at LPG filling station, to self load the semitrailer and to fill LPG cylinder.

The installation is complete of  
 1 (one) hose reel hydraulically driven with 20 mt. hose diam. 1.1/2";  
 1 (one) NEPTUNE 2" meter with vapour return time temperature compensator and ticket printer delivery line with c by paco line to avoid excess of flow during filling of cylinder;  
 1 (one) vapour hose reel with 20 mt. hose diam. 1" driven by hydraulic motor. Venting, draining and safety valve.  
 In the rear cabinet will be installed a one man LPG filling unit.

**ONE-MAN LPG FILLING UNIT**

The one-man operated filling unit is a compact mini filling plant, designed for filling of minor series of LPG cylinders.

The unit consists of the following main components:

- 2 LPG filling machines
- Shut-off valves, filter, differential pressure valve, and pressure gauge.

Venting, draining, and safety valves are connected to a common blow-off header.

The filling is performed by the existing 3" pump BLACKMER installed on semitrailer for other purposes. To fill low bottles in same time the big flow rate must be calibrate through a "by pass line" returning to tank.

- The filling machines are available in models for measuring in kg or in lbs
- Manual filling heads for relevant valve types.

The filling unit is also supplied with adjustable supports, special transport fittings, and test certificates.

**VARIOUS**

Tank capacity calibration: YES  
 Sealing of all opening and filling with nitrogen at pressure of: 0.5

**WARNING LABEL** and instruction plate according customer's requirements.

**WEIGHT**

## About administration team of DATCO

DATCO for transportation and oil and gas services has got the crews and teams that can gain your trust; its capability in gaining your trust is simply due to the experienced management taking care of running our business in the general contracting and oil and gas services and transportation,

Moreover, DATCO was previously f operating and managing some other companies and establishments working in the oil and gas industry,

We are happy to say that at the moment our company became to a position of being technically and financially capable to perform independently we went through and start exercising the role of being independent company and are ready to meet and deliver your requirement.

## Our ambitions

The DATCO management knew that its valuable experience is not enough to keep competing but had in their goals the main reasons behind being unique and being able to achieve success and gaining our costumers trust which is the support of its capability by obtaining the highly qualified and experienced manpower resources as well as sophisticated equipment it uses.

Having said that we need to let you know that we did obtain all these main reasons for success,

## **A list of the Services offered by DATCO**

### **1 - General Contracting Section.**

- Civil Construction
- Architect Construction
- General Construction.
- Roads Construction.

### **2 - Oil and Gas fields Contracting Section:**

- General Construction.
- Construction of networks (electricity, water, sanitation)
- Preparing and leveling of sites
- Building drilling rigs base.
- Construction of hangars.
- The provision of water well drilling rigs.
- Construction of Warehouses.
- Building walls and fencing sites.
- Transfer of drilling rock bits and cleaning the sites.

### **3 – Oil Services Section (Oil and Gas fields)**

- Heavy and light equipment rental.
- Heavy and light means of transportation rental.
- Vehicle Rental.
- Mobile accommodations, offices and wards rental
- General Agencies Services.
- Supply Services, Shipping and Customs Clearance.
- Land transportation Services.
- Catering Services in all forms.
- Security and Safety Systems Provision.
- Security and Guarding Services.
- General Services: provision of (experts, technicians, supervisors, site managers, labour, drivers)
- Administrative Services. (Complete all transactions with government departments and the renewal of residence permits)

**We'll take you in the following pages for a detailed explanation of all of these services.**

## 1 - General Contracting Section.

Through what was mentioned within the first pages of this profile, our establishment works in the fields of trading, importing and oilfield services. Based in our previous experience and the projects we completed it is obvious that we have got the capability in general contracting

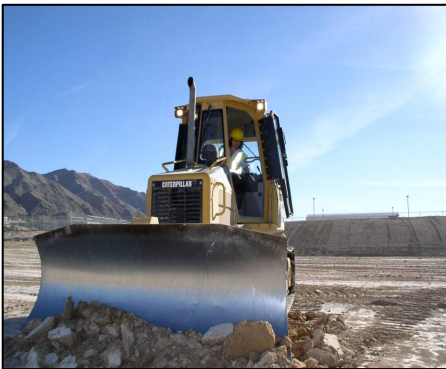

## 2- Oil Contracting Section (Oil and Gas fields)

The implementation of all construction works for the oil and gas sites such as:

Preparing sites - Sites Leveling - Building bases for drilling rigs - Hauling drilling rig rock bits- Concrete works- Rehabilitation of concrete- Construction of hangars- Building warehouses - Building gas stations

The provision of water tanks- Building walls and fencing sites - Construction Electricity Networks (high and low voltage) - Construction of water and sanitation networks

### 3 – Oil Services Section (Services for Oil and Gas fields)

1- Rental of all types of heavy equipment as:

Bulldozers –Backhoes-Excavators-Forklifts-Graders-Bulldozer with Crane-Large and small Compactors - Central cement mixers - Spray trucks ...

And the provision of such equipment, with or without a driver, according to your desire.

### 2- Road construction equipment, drilling and water drilling rigs

We provide all pipes, power generating solutions in all capacities, all mechanical equipment as well as water pumps in all shapes, our heavy equipment supplies includes:

Bulldozers – Tractors - Power generators - Compactors - Surveying Units - Backhoes - Graders – Excavators - Air compressors - Tractor equipped with crane - Fuel tanks

### 3- Building, construction equipment and power generators,

(Welding unit, Sand welding machine and its accessories, central and regular cement mixers, cement (ready mixed) transporting units, air compressors, portable air compressor unit, cutting machines,

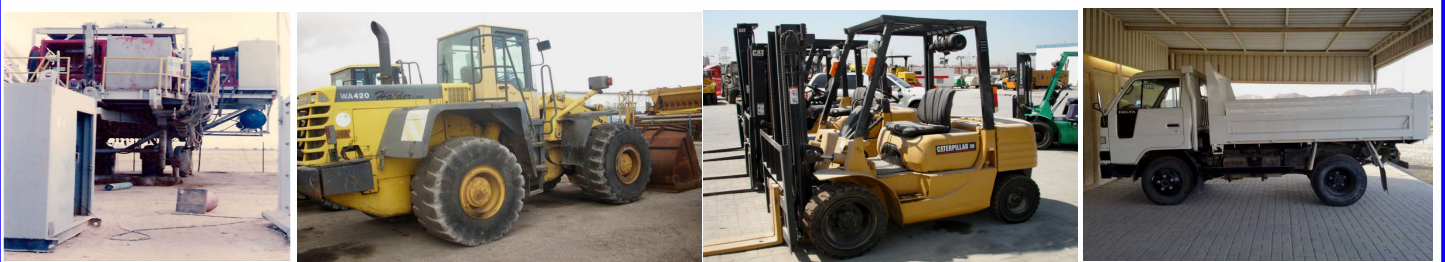

## 4- Heavy means of transportation rental:

Due to our knowledge of the regular need of the local and international oil companies to transport their equipment, materials etc... between different locations within the oil blocks we organized a fleet of trailers and trucks and other types of light and heavy transporting means to satisfy your needs with competitive prices,

## 5- This section includes :

Trucking unit, water truck with 3" pipe, fuel truck with 3" pipe, vacuum truck, excavator 980, excavator 966, excavator 950, forklift, low-bed trucking units, loading trailers with crane) etc...

## 6- Means of transportation and vehicles rental:

- all our vehicles are equipment with security requirements e.g. seatbelts, GPS, rollover protection bar, fire extinguishers, maintenance kits, first aid kits,
  - Tires used are meeting the international standards,
  - all precautions and maintenance inspection is made prior making any trips,
  - vehicle maintenance is in accordance with the manufacturer's recommendations,
  - all our drivers are obliged to comply with the health environment and safety policies as well as the good driving practices, these drivers are following the regulations of the traffic in the republic of Yemen
- Respect of an environments, such as mud pits .

## 7- Our provides the following types:

- Station Wagon - Toyota Land Cruiser with all specifications – 4WD
- Station Wagon – Lexus with all specifications – 4WD
- Pick up – HILUX – single and double cabinet - 4WD
- Pick up – Land Cruiser – single cabinet - 4WD
- SUV – Toyota BRADO – 4WD
- Ambulance Vehicle
- Passengers Bus – 16 seats
- Passengers Bus – 24 seats

## 8 - Port-cabin accommodations and offices

These rental services of port-cabin accommodations and offices are provided in different specifications and sizes and multiple designs, all equipped with all means of security and fire safety, fire extinguishers, isolators and air conditioners that make them proportionate to the nature of climatic conditions of the worksite.

## 9- The customs clearance,

We always look forward to be the pioneer in providing the best services considering that customer satisfaction is our priority, our company provided its customers with the capable qualified and efficient personnel to do the customs clearance works including mail delivery in high efficiency and competitive prices, monitored by experienced administration team with being careful watching out the shipments of our clients regardless of its destinations and locations,

## 10- Supplies & Catering :

We provide all services related to catering e.g. water supply, canned stuff, beverages, fruits, vegetables, meat and all other food stuff as requested/required by you and meeting high standards,

## 11- Transport and delivery service:

All delivery and transporting services are done with drivers with long and valuable experience,

## 12- The General Purchasing Services,

Purchasing services is provided to supply whatever is needed and requested by you and this includes: (Spare parts, tires, batteries, security and safety systems, fire fighting requirements) and all the other supplies

### 13- Security and Safety

We see that the most important aspects to focus on them before doing any work or provide any services is to confirm and demonstrate that the works and performances implemented are subject to and done in accordance with all laws and regulations pertaining to security and safety, the company's management has set in its internal policies an integrated system contains a number of regulations in force covering all aspects of security, safety, and company management ensures the implementations of these systems and regulations continuous, any neglect by any person would expose him to an appropriate corrective actions and possible punishments..

A committee was assigned to prepare and deliver training courses and awareness for all employees, the Committee works continually to modernize and develop the level of security and safety and to achieve the best level of security and safety in all areas.

Among the equipment and tools for security and safety provided by our company are: (Helmets, gloves, masks, maintenance overalls, safety shoes of all kinds scab a for H2s ) And some other equipment and tools required for the Security and Safety.

### 14- The General and Administration Services.

- Manpower Supply – we the trained and qualified manpower in all fields to the oil and gas companies e.g. crane operators, forklift operators, flag men, site supervisors, we are proud that we were able to coordinate with experiences houses to give training in the logistics , all our workers are certified by technical institutes and or oil companies, they also have the experience of working in the oil and gas sectors in Yemen.

Readiness to complete and finalize all paper work at the government offices e.g. entry and exit visas for foreign personnel, issuance and renewal of working and resident permits in accordance with the internal rules and regulations of the republic of Yemen, all other coordination as required,

### Finally

Finally we would like to remind you that all workforces, equipment and other stuff is only prepared and arranged to meet and deliver your requirement

We wish you all success in your endeavors and future activates,  
We remain at your disposal for any assistance,
