Note: The JDFM does not have access to microphones, speakers, amplifier, or other musical gear. You'll need to bring all that's required to make your event a success. Additionally, power cords, cord covers to prevent tripping, signage, and music to cover your break time is all encouraged to promote a better visitor experience. Most of the customers are at the market from 8-10am, so we ask you to begin by 8:00am for the best coverage to promote your group and have programming for the market. You may park near the deck area to unload and then park in the nearby grassy areas for ease of set up and take down.

Additionally, 5% commission is charged for any merchandise sales but sales are permitted and encouraged to promote your music and the local music scene.
