

Dr. H. A. Fowler

[X-RAY AND DENTAL SURGERY]

HAMLIN, TEXAS

March 6th. 1944.

Dear Robert:

We are so happy to receive your message and address. Everyone has been so concerned about you. We must wait for stickers before sending a package. Louise came home for a visit of ten days, looking like a million dollars. Junior is in Idaho in the Navy. He was all swelled up with the mumps for awhile but is OK now. We are all waiting the time when we can see you again. Milton Sanford was home for a while and looking good. He is in Ft. Worth now visiting his girl friend. Helen and Bill Riley are fine. We had a letter yesterday.

Lots of Love from Mother and Daddy.

Your watch received, many of our letters returned from England.

*Dr & Mrs. P. A. Fowler*
