Dearest Robert -

Well, young man how
you doing?

Guess what - I had
a dream last nite and
I bet you couldn't guess
who was included
in it? No, I know you
couldn't guess in a
million years so I'll
just tell you.

Well, it was

the wonderful - -

Robert L. Fowler.

Do you know him? If you have never had the pleasure you have missed half your life. I have found him to be the most interesting person in my life. To sum it all up together he is my ideal.

You know. I have often wondered what he thinks about me. Sure hope the feeling is mutual. Won't it be wonderful if it is??

By the way - if you should happen to see this certain person, please tell him I love him.

Love
Shirley B.
