Dearest Mother, Dad, and family,

The Red Cross issued some garden seed to several groups of would-be-farmers a few weeks ago. We planted radishes, lettuce, spinach, and a few celery plants. The radishes are doing the best so far.

Riley has recovered from the diphtheria and should be back from the hospital soon. He lost some weight.

We enjoy entertainment recitals at regular intervals arranged by an orchestra and glee club. The director of the glee club has organized many amazing arrangements including his own original songs.

The President of the Y.M.C.A. has terminated a visit of the Camp. He seemed to be interested in the musical entertainment and mentioned possibilities of recording several numbers to be broadcasted in the states.

I am well and hope you are the same. Love

Robert
