Dearest Robert,

Jay! jay! The folks
received their first letter from
you written in December.
Other families had heard
from their members of the
crew, so each day we
were looking for our letter.

You are alive, uninjured,
and well fed, all of which
is the answer to many
prayers. Write in your
next letter what you
would like to receive in
our packages.

Paul Junior is still
at Faragut, Idaho. He
spent one day in Spokane
and wrote me from there.
His Pass is the same as
mine at work.

Mrs. Riley writes mother often. She is doing fine and will become a mother in June. I want to meet her.

I have written Shirley Barnes the news of your letter. She has moved and her present address is 822 Apache Street, Grand Prairie.

Clifford Reynolds is home from California and at last reported at Anson. J. B. Zerrell is with Ray Humphreys and M. Y. Wilson is with J. C. Turner.

Your watch and locker were received in November. Hard reached us on December 31 that you were missing and on January 26th we learned you were a P.O.H. Lots of letters were returned and also the stationery. They are sorry you never got them.

Last week Stanley Nelson
was passing through town
and stopped to visit with
me. He had spent his
Christmas in Chicago with
Moxine Brundage and was
celebrating with Melvin Griggs
and wife.

Mrs. Bill Daniels read
the newspaper account and
wrote Mother. She surely
does like you.

J. B. League is home
and walking well. Now
he is married and is
teaching at Stamford.

Mother has three stars
named for us. Each time
I look at them I know
they are shining on you,
and I feel good. All is
well at home.

God bless you.
All my love,
Laurie
