Dearest Mother and Dad,

I have not received the clothing, book parcel, or the cablegram mentioned in your letters.

The talent in the camp continue to produce plays, recitals, and musicals.

We haven't heard whether Helen's baby is a girl or a boy yet.

I appreciate all the interest of everyone on my behalf and enjoy all the local news from home.

Daddy, I guess you will be dove and quail hunting soon. Mother's birthday is today and Junior's and mine coming up.

I have borrowed a few of the new books that have come in from the

states in personal parcels such as "The Robe", "Greenlight", "Tree Grows in Brooklyn"

I am Cook this week and am racking my brain for ideas how to make something new out of the same old thing.

I am thinking of you - Regards to Louise and Junior -

Love

Robert
