INTRODUCTION

Company Summary

Arthrovision provides advanced sports medicine implants and arthroscopy rental services across Egypt. We support public hospitals, private providers, and orthopedic surgeons with reliable, high-quality solutions. Our implants are supplied by trusted partners with **CE, FDA, and ISO** certifications, ensuring the highest standards of safety and performance.

Our Mission

To advance sports medicine in Egypt through innovative implants, precision instruments, and dedicated surgical support. With proven expertise in minimally invasive techniques, we help doctors achieve better outcomes and support faster patient recovery — while building lasting partnerships founded on honesty, professionalism, and trust.

Our Vision

To be Egypt's most trusted leader in sports medicine — the first choice for healthcare professionals — recognized for our expertise, dedication, and commitment to elevating patient care.

AIMFIX™ TITANIUM SUTURE ANCHOR

MAXIMUM STABILITY, MINIMAL EFFORT —
TITANIUM FIXATION REDEFINED.

-  High-strength titanium for secure tendon-to-bone fixation
-  Performs reliably in both dense and soft bone
-  Precision design for smooth insertion and suture management
-  Built to support consistent, long-term healing
