BULL SALE

MARCH 6, 2022 | 1 PM | PIERCE, NEBRASKA

at the Gateway Genetics Sale Facility

Join The Tradition

Cattlemen,

Welcome and thank you for your interest in our 2022 bull sale. We are beyond excited about this year's offering as we feel that this set brings something for everyone. We have been pleased with how the bulls have developed through growth and maturity throughout the year. We would love for you to join us on Sunday, March 6th in Piece, NE for this year's sale.

We would like to thank all our past customers for the continued support and interest in our program. Gateway Genetics is grateful for the feedback and success stories we have received through the years. With that, dealing with livestock is a tough business with unexcepted happening, so if there is any way we can help you at anytime throughout the year please let us know. Also, thank you to our guys at home putting in long hours and our crew that helps on the road and getting ready for sales, your dedication to our program doesn't go unnoticed and without you all none of this would be possible. The last two years no doubt may have been one of the toughest years we all have faced but one thing is for sure in the livestock industry, the cattlemen and women, friends, and family will always have one another's back. The commercial market continues to surge and cow/calf producers will be rewarded for their years of hard work and efforts.

Our team is passionate about improving our cow herd through sire selection and embryo transplant program. We feel that a uniform set of cattle not only focusing on EPD's or Phenotype but combining both will help not only to better your cow herd but selling your feeder cattle as well. Our goal is to provide well balanced, uniform cattle that can perform in the hills and in the feedlots.

We would like to invite you to join us for a meal and refreshments on sale day. We sincerely appreciate and enjoy spending time with you, and if you have any questions, please give us a call. We hope to see you on the 6th of March in Pierce, Nebraska.

Sincerely,

Kevin Benes and Craig Gana

THE BENES FAMILY

INNOVATION

AgMarketing, LLC

It is a great pleasure to welcome you to the annual bull sale at Gateway Genetics. These cattle are represented by some of the best people in the Midwest. The Benes and Gana families need no introduction to the seedstock business as they have always been tied to success in each and every avenue they have ventured down. We believe you will find this set of hard-working herd sires have the same reputation and quality as the folks that represent them.

The partners involved in Gateway Genetics have always been known for their relentless pursuit of perfection in the cattle business. Kevin and Craig have both been affiliated with numerous national champions, industry influencing donors, and leading sires of multiple breeds. They both share the passion for perfection and the title of being the best. Much thought was given to choosing both the SimGenetic and Angus sires that influence the program. The precision behind the matings is evident throughout the offering and we know that you will agree.

Over the past couple of months, we have experienced tremendous optimism and enthusiasm across the Nation regarding the agriculture industry. Agriculturists are a resilient breed, as we all continue to charge forward to ensure our great Nation has a reliable and safe source of protein. You will notice many of the bulls in this year's offering are full brothers or maternal brothers to promotional AI sires that have influenced the business.

So, with that, we cordially invite you to the breeding grounds of success for this annual event. Craig and Kevin are dedicated to providing the best product with the best customer service known in the business. Please feel free to reach out to Innovation Ag Marketing with any presale questions.

Enjoy the cattle,
Innovation Ag Marketing

Sale Location

Gateway Genetics Sale Facility
85218 550th Ave
Pierce, Nebraska 68767

DIRECTIONS TO SALE FACILITY

From Norfolk, NE (15 miles from sale site): Take Hwy 81 North out of Norfolk. Take Hwy 13 West into Hadar. Continue on Hwy 13 into Pierce. Turn left on 1st Street and continue 1 mile.

From Yankton, SD (50 miles from sale site): Take Hwy 81 South to Hwy 98. Take Hwy 98 West into Pierce. Continue West until you come to a stop sign (Hwy 13). Turn South onto Hwy 13. (Hwy 13 will curve to the East). Continue three blocks. Turn Right on 1st Street and continue 1 mile.

Gateway Foreman J95 is one of the first sons of the high selling bull in our 2020 sale, GTWY-Foreman F241. J95 is a true sale feature and one of the most intriguing Purebred bulls that we have ever produced at Gateway Genetics. J95 is a son of SULL JoJo 42F, a direct daughter of W/C Loaded Up 1119Y that was successfully shown Brenna Benes to countless victories across the state of Nebraska and the region. She has matured into a role model in the donor pen and there is no doubt that she will be a foundation breeding piece in our Simmental program moving forward. J95 combines two of the most successful females that we have ever campaigned in GTO Miss Selina 361C and SULL JoJo 42F. Just like his sire, GTWY Foreman F241, he leads off the sale as Lot 1. Maternal excellence at it's finest!

LOT 2

Ladies and gentlemen, we proudly present a FULL BROTHER to the past high selling bull in 2020 that was selected by the Trennepohl Farms program of Indiana. A long-standing tradition of champions line the pedigree of this bull. The sire of J185 is the back-to-back NWSS Grand Champion Purebred Simmental Bull that has become one of the great breeding bulls in the industry. The dam of J185, GTO Miss Selina 361C was a past Nebraska State Fair Supreme Champion. Foreman was campaigned very successfully during the 2019-2020 show season where he was selected Supreme Champion at the Nebraska State Fair, 2020 American Royal Grand Champion, 2020 NAILE Grand Champion, and was the PTP Show Bull of the Year! This full brother to Foreman has been blessed with the extra feature, form, and function that we as breeders strive to produce in every mating. There is no question that J185 is a carbon copy of his National Champion sire, SC Pay the Price C11, at this age. Genetics do not cost... they pay!

LOT 3

J196 is another son of the two-time National Champion Pay the Price. The dam of J196 was produced in the Wilson program of Alva, Wyoming. She is a direct daughter of the now deceased MR CCF 20-20 and backed by a role model Angus female that originated in the historic Pannell Ranch program. This 3/4 blood herd sire prospect posts an impressive WWR at 105 to accompany his length, dimension, and structural integrity.

SC PAY THE PRICE C11
SIRE OF LOTS 2-4

LOT 4

STOUT... the most common way that we have heard this bull described. This Pay the Price son is a performance standout that comes to the weaning pen with a posted WWR at 112. He ranks among the top 25% of the breed for WW, top 2% YW, top 2% BF, and top 15% REA. A performance standout that is certain to add pay weight and performance to any set of cows.

Double Down took the breed by storm when he sold for \$105,000 at the Werning Cattle Company Production Sale to Hicks Cattle and High Prairie Genetics. J011 is a long bodied, thick ended Purebred that offers tremendous shape and structural integrity. He charts top 15% for CE, top 25% BW, and top 25% REA. He confirms his calving ease status with an actual birth weight of 75 pounds.

W/C DOUBLE DOWN 5014E - SIRE OF LOT 5

LOT 6

It is no secret that the OMF Epic E27 sire group has taken the breed by storm over the past two years. Epic leads the pack at ST Genetics, and countless son have made the high sellers list at some of the most successful production sales in the breed. The high selling bull from our 2021 Bull Sale was sired by OMF Epic E27. J028 offers a unique combination of calving ease, growth, and phenotype.

We made the investment and purchased BCLR Protocol G735 in 2020 when he topped the Bichler Simmentals sale at \$25,000. BCLR Protocol G735 is sired by WS Proclamation E202 and from a powerful two-year-old sired by Hook's Bounty 6B. Protocol is a homozygous black and homozygous polled Purebred that charts among the top 3% WW, top 2% YW, top 1% Milk, top 1% MWW, top 1% Stay, top 2% Doc, top 3% CW, top 15% Marb, top 25% REA, top 10% API, and top 4% TI. The elite number profile that Protocol brings to the table is further solidified by his rugged and athletic phenotype. He has done an excellent job during his rookie season as a sire. The four sons that we proudly offer come from productive, hardworking females. Protocol offers exceptional spread, with an adjusted yearling weight of more than 1400 pounds. These Protocol sons will add performance, pay weight, and tremendous carcass merit to your program.

CDI Trustee 387F has continued to experience heavy use across the business due to the added mass, stoutness, and real-world performance that he contributes. This three-quarter blood SimAngus stud is a true powerhouse. He ranks top 25% WW, top 25% YW, top 30% ADG, top 15% BF, and top 10% REA. A true beef bull that will add length, pounds, and performance to any set of cows.

CDI TRUSTEE 387F - SIRE OF LOT 18

A TRUE BEEF BULL

Here is a pair of sound built, well designed SimAngus bulls sired by the record selling \$530,000 SO Remedy 7F. Remedy took the breed by storm when he sold in Oklahoma City at the Embryos on Snow sale in 2021. Remedy's rookie calf crop has been nothing short of impressive, having sired several high selling females that have already found great success at the largest and most prestigious shows in the country. This pair of Remedy sons will add style and eye appeal to any set of cows.

SC Pay the Price C11 strikes again! There is absolutely no denying the presence, look of quality, and overall eye-appeal that Pay the Price transmits to his progeny with nearly every mating. We love the skeletal quality, hip structure, and shape that H411 offers. He charts top 2% for YG, top 2% for BF, and top 25% REA. A truly unique SimAngus herd sire prospect that will sire cattle with style and eye-appeal that command a premium, regardless of which sector of the business you are in.

SC PAY THE PRICE C11 - SIRE OF LOT 22

TRULY UNIQUE

MR CCF 20-20 has created quite a legacy when it comes to siring cattle with added look, presence, shape, and functionality. The now deceased legend has remained in high demand with semen commanding as much as \$1,000 per unit when offered at public auction. We made the investment and bought into the powerhouse GPG Focus 135F, a top 20-20 son that is backed by the Profit x 3C Melody M668 BZ influence. With two shots of the legendary Melody on the bottom side of his pedigree, you can count on the maternal strength to be unmatched. GPG Focus 135F was the second high selling bull in 2019 at Hartman Cattle Company and a vital member of the 2019 NWSS Reserve Grand Champion Pen of three Purebred Bulls. This trio of age advantage SimAngus bulls are long bodied, high tying about their front third, and flawless in their build. Without a doubt a set of bulls that will leave behind a sensational set of daughters based on pedigree alone. Help yourself to a tremendous opportunity to turn out a set of brothers that will add consistency and uniformity to your calf crop.

Tehama Patriarch F028 is the record selling bull from the Tehama program and a true highlight from the 2018 sale season. Patriarch is a powerful phenotype bull that offers tremendous foot quality, dimension, and growth. He is a performance driven sire that ranks within the top 3% of the breed for CED, top 5% BW, and spreads to top 15% at a year. He also ranks top 15% or higher for all \$Value indexes. These sons offer an excellent blend of calving ease genetics with real-world performance and spread at weaning time. We appreciate the stoutness and shape that these bulls have developed with as they have matured. The Patriarch daughters that have entered production have been acclaimed by some of the most astute cattlemen to be picture perfect females with exemplary udder quality. Another chance to tie a set of brothers together and increase the uniformity of your next calf crop.

This pair of paternal brothers are sired by Jindra Acclaim, the Select Sires standout that ranks among the top of the breed for \$B, while also ranking in among the top 10% for YW and top 5% for \$C. The Acclaim cattle have continued to maintain their popularity due to the performance, length of body, and efficiency that they bring to the table. Acclaim sired cattle have produced cattle that offer superior carcass merit and based on the genetic requirements have maintained the CAB "Targeting the Brand" status. These Acclaim sons are big centered, stout ended, growthy herd sire prospects that offer a rugged and masculine build. They are certain to add pay weight to any set of feeder calves as both bulls tipped the scaled with 800+ pounds of adjusted weaning weight.

LOT 65

Another stout featured, eye appealing son of Ain't Bluffin that is backed by BWES Wilma 404D, the 2018 NWSS Grand Champion female for Whitney Walker. "Wilma" experienced a tremendous campaign on the show road, with countless victories on the largest stages in the land. This Ain't Bluffin son has been blessed with the same quality build and look of presence that allowed his dam to find the backdrop on so many occasions.

LOT 201

We proudly present the opportunity of the entire sale! After much debate and with some reservation we are excited to offer the right to pick from the entire set of first calf heifers that were bred in the Gateway Genetics program. The years of disciplined breeding decisions, genetic investments, and many trials and tribulations, we couldn't be more excited about the way that these females have developed and the role model brood cows that they have become. The track record from the Gateway Genetics program first calf heifers has been quite impressive, with several high sellers, champions, and individuals of influence being produced and raised by first calf heifers. The opportunity is yours to choose from one of 50+ females that carry the Gateway prefix. For more information about this exclusive opportunity please contact Kevin Benes at (402) 741-1419.

Terms of the Pick:

Buyer must make selection and take possession by April 1, 2022. The seller reserves the right to 1 successful IVF cycle on the female selected with a minimum of 6 transferable embryos. IVF cycle to be done at the buyer's convenience and seller's expense.

THE OPPORTUNITY OF THE SALE!

LOT 202

The initiation semen offering from NPC Bold Statement J110, one of the most unique featured, high-quality individuals to ever call home to Gateway Genetics. Bold Statement is sired by JBSF Logic 5E, a member of arguably one of the most successful matings in the history of the business. Logic is now a member of the herd sire battery at JS Simmentals, while his late dam, Brooks Steel Magnolia is one of the most important matriarchs in the breed. The bottom side of his pedigree is lined with more individuals of influence, including W/C Loaded Up 1119Y. Bold Statement did just as his name implies at both the American Royal and the National Western Stock Show. This popular division champion was most certainly in consideration, and we believe that he will make a significant influence on the Gateway Genetics program. Help yourself to the very first Bold Statement semen to ever be offered to the public!
