

When It Counts

A VAD is a bridge between a failing heart and a transplant.

Certain sponsors have stepped up to provide items in direct support to VADers for a better way of life.

You too can support our group by becoming a member. Join our Facebook page and see how *We Exist To Help!*

Links to our sponsors directly supporting this group are available on our webpage www.lvadandyou.com

LVAD And You

Our Mission is quite simple:

We exist to help!

We provide support to both care givers and patients with a BiVAD, RVAD, or LVAD.
