

# NE Surrey for EUROPE

Epsom & Ewell, Mole Valley,  
East Surrey and Reigate

A NEWSLETTER FOR US WHO WANT TO DO MORE TO REMAIN IN THE [EUROPEAN UNION](#)

## North East Surrey for Europe Activist group formed!

In a meeting in Leatherhead on Thursday 11 July a new activist group was formed with the aim of further strengthening the opposition against Brexit in the North East Surrey area with the goal to remain in the EU. The meeting was attended by representative members of several political parties and independent individuals who all agreed to participate and organise various activities to strengthen the activity level in the struggle to achieve a people's vote with a victory for us who want to remain in Europe. A leading team was formed with specific responsibilities for various activities and organisational tasks.

The group will build out the network of activists in the area, support national actions, carry out information duties and leafletting and develop the local Social Media activities. Anyone who wants to participate in this work can be a member by registering their interest to the e-mail address: [info@nes4eu.co.uk](mailto:info@nes4eu.co.uk).

## 20 July in London: March for Change! No to Boris - Yes to Europe

Thousands of activists marched in London for Yes to Europe - No to Boris and for a People's vote. North East Surrey had for the first time our own section. More than 200 "for Europe" groups have mushroomed up during the last few months, and the membership is growing fast.

This is a grass-root organisation that is absolutely vital shall we win a new referendum, or help a possible new Parliament become pro-remain.
