COURSE OVERVIEW

IL-TERT is proud to present this comprehensive hands-on training day designed to prepare team members for operational field deployment.

- **Field Deployment Prep:** Suggested gear, mindset, and operational readiness for complex deployment environments.
- **Roles & Expectations:** Detailed overview of TERT functional duties and tactical chain of command.
- **State Field Assets:** Interactive walkthrough of Unified Command Posts and I-TECs trailers.
- **STARCOM21 Radio Training:** Practical hands-on radio operation and communications protocols.

Equipment Notice: Participants are requested to bring a STARCOM21 radio to class if available.

ELIGIBILITY & PREREQUISITES

- Must be an authorized Team Member.
- Must be currently employed by an Active Category Agency.
- Required prerequisite courses: IS-100, IS-200, IS-700, IS-800, and IS-144 (Awareness Course).
- All participants are considered deployable upon successful completion.
