

Our tournament fees are approximately \$800 each tournament. To sustain this team, we cannot rely solely on donations to support it, as those funds can and have run out. So far, there have not been enough donations to carry us through an entire season. I covered the Panama City tournament, which cost me over \$800. Richard, Steven, and Howard have raised additional funds that paid for the other four tournaments. We cannot afford to wait until we have the money to register. The cost for tournaments alone for a year will exceed \$8,000 for this team. Moving forward, we will require \$300 per player for the Spring and \$300 for the Fall, paid to Marianna FC Corp. This does not include the Dothan Shockers registration fees for each season (Spring and Fall) or the cost of the jerseys.

Additionally, there are many other costs associated with this team, including balls and other equipment. While these may seem minor, they add up quickly. For competitive soccer, we must use higher-quality regulation balls during games (provided by the home team). Last year, I purchased 10 balls for the team, costing an additional \$800 out of my pocket. Although these balls are still in decent shape, they will eventually need to be replaced. None of your coaches has taken any donation money or collected pay, and we are paying the same registration and jersey fees as everyone else. We are all doing this for free, and I'm not asking for payment. We need money coming in to participate in these tournaments.

In the future, I hope we can continue to receive donations to help offset costs, perhaps by purchasing jerseys. However, we need funds to cover each player's tournament expenses before the tournament season starts. We are required to attend all tournaments in which the Dothan Shockers Club participates.

This is per player. Tournament fees will be paid to Marianna FC Corp for our local team

Spring	
Shockers Registration:	\$ 250.00
Tournament Fees:	\$ 300.00
Total:	\$ 550.00

Fall	
Jersey:	\$ 150.00
Shockers Registration:	\$ 250.00
Tournament:	\$ 300.00
Total:	\$ 700.00

Yearly Total:	\$ 1,250.00
