

CAPABILITY STATEMENT

JOHNSON CONSULTING SERVICES LLC

MISSION STATEMENT

The mission of Johnson Consulting Services LLC is to deliver professional consulting services that produce positive results and exceed expectations.

COMPANY DATA

Johnson Consulting Services LLC is headquartered in Detroit, Michigan and has been in operation since January 2020.

CORE COMPETENCIES

DIFFERENTIATORS

- **Auditing:** Over ten years of internal audit experience. Conducted financial and performance oversight, and contributed to over \$300 million dollar financial benefit in recapturing appropriated funds;
- **Consulting:** Expert knowledge and research from experiences as a successful Community Leader; PC Instructor; Grant Writer; Notary Public; Technology/Audit Analyst; STEM Scholar; and entrepreneur of a woman-owned business in a HUBZone of Detroit, Michigan in Wayne County;
- **Schooling:** Educates families and youth in college preparedness and funding sources for college with an emphasis on reducing debt to pay for a college education and academic planning as a means to eliminate and/or reduce college debt;
- **Signing:** Commissioned Notary Public and Remote Online Notarization (RON) NNA certified loan signing agent conducting traditional, eNotarizations, RON, and hybrid signings. Onboarded with NexSys ClearSign, and trained on the Pavaso eClosing platform.

PERFORMANCE

- Over five years of consecutively meeting and exceeding expectations as an IT Analyst (Auditor) with the federal government as evidenced by performance reviews and service tenure.
- Information expert with deep knowledge and expertise in public service, community development, and public policy affecting education in Detroit, Wayne County, and the State of Michigan as a lifelong resident and public policy wonk. Able to locate funding sources outside of Google search, including national and local sources of funding for students, businesses, and nonprofit organizations.
 - Focused on first-generation and underserved college students, with a June 2021 certification in financial aid/planning resources and the upcoming changes to the free application for federal student aid (FAFSA) for 2023 and beyond.
 - Background as a Researcher and Technologist, with business and technology experiences in public and private sector work.
