GREG AND JACKIE THOMPSON

**"You are
celebrated here!"**

Hi Everyone!

And Welcome to the 20th Sunburst Convention of Celebrity Impersonators! 20 Years? CRAAAAAZY!! Who knew it would last 20 years? And now, it is our last. And we could not have done it without all of the wonderful friends on our staff.

We have made so many friends and seen so much talent come through. It is sad being the last year, but with us, it's never

REALLY the end. Look for a Sunburst Reunion Weekend next year!

We can't help it! We love you all too much and you have become part of our lives...part of our family.

We hope you find everything welcoming and exciting. It's "The greatest gathering of celebrity tributes in the world!"

If you have any questions, please don't be shy. We are here to make your Sunburst experience one you will always cherish.

Especially, this year.

Thank you again for attending and congratulations on another step up in your career! We love this industry and we love you!

Warmest wishes for a successful year!

Love,

***Greg and Jackie Thompson/ Producers

A full-page photograph of Deborah Scott. She is standing in a futuristic, digital environment with a blue and red color scheme. She is wearing a long, black leather trench coat over a black top and pants, and black boots. She has short dark hair and is wearing glasses. The background features a large, curved metallic structure on the right and a glowing blue diamond-shaped object in the distance. The overall aesthetic is reminiscent of the Matrix movie series.
