## A Note From The Producers...

Dear Sunburst Attendees,

Welcome each and everyone one of you to our 18th convention. After a two year hiatus because of 'you know what', it's SO GOOD to be back! I can't wait to see old friends and make new ones!

The goal of The Sunburst Convention is to promote our industry to the best of our ability. It is to make our attendees better entertainers, better promoters, even more professional than they are and to give them a support system they can count on. It is to provide agents and talent bookers a broad variety of entertainers to choose from. Entertainers whomt they may not have known about otherwise.

Each year, we try to make positive changes so that each convention is a little different, while keeping many of the aspects which have made it successful. I feel we have achieved that very goal this year.

We have our second year of THE SUNBURST FOLLIES. It's like an OPEN MIKE NIGHT...but you need to sign up early. It's also an opportunity for additional stage time in front of the other attendees should you want it. It's held in The Sunburst Lounge on Friday Night.

The seminars have become one of the most popular and important features of The Sunburst Convention. There are always new and better ways to market and promote. Our attendees will hear from real talent agents and buyers so they can get information directly from the ones who book them. And this year, we are privileged to have Mr. George Trullinger as our featured speaker. He is a vast encyclopedia of information and he LOVES this industry. Get to know him. You'll be glad you did.

We've got a good number of "newbies" this year so make sure you all get to know one another. The contacts and the exchange of information at the convention is priceless. We've got a great number of impersonators and look a likes of singers, comedians, politicians, actors and TV personalities.

Our lobby should be filled with your promotional material. In case you forgot something, it's not too late to put something together. I mean, there's a Target next door, Office Depot across the street and the hotel is attached to a mall for goodness sake!

If there is anything we can assist you with, please let us know. Thank you! We are SO excited you are here!

Have fun and let's ROCK THIS CONVENTION!

All the best,

## Almost **Cinn- Margret**

When Ann-Margret burst onto the scene starring in *Viva Las Vegas* with Elvis Presley in 1961, she redefined glamor and charisma.

Trained actress and singer Mattisen Thompson brings the moves, the grooves and all the excitement Ann-Margret is known for in her own tribute to this icon of the sixties and seventies!

Whether she's performing a classic solo hit like the song *Jim Dandy*, dancing with "Elvis" on stage, or mingling with the crowd for photo ops, Mattisen brings back the fun of a bygone era with style and authenticity!

A full-body photograph of Deborah Smith Ford as Trinity from The Matrix. She is wearing her iconic black leather trench coat, black turtleneck, black pants, and black boots. She is standing on a futuristic, metallic platform with a grid pattern, illuminated with blue and red lights. In the background, there are floating, glowing blue structures against a light blue sky. The overall aesthetic is high-tech and cinematic.
