

Swim • Row • Relax 365 Days-A-Year

Step outside your fast-paced life and into the soothing, effervescent waters of your new Garden Leisure Swim Spa.

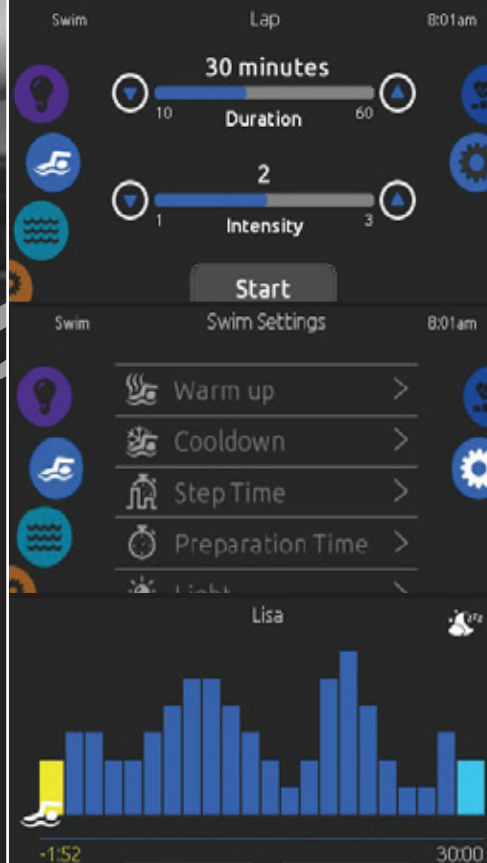

Our range of swim spas provides low impact exercise, unrivaled hydrotherapy and a great relaxation zone all in one and all in the privacy of your backyard.

SwimCoach™ programmable work-out

Directly on the touch pad, training sessions can be customized by setting your preferred flow intensities and duration. Your SwimCoach is the perfect balance of art and technology now with an Olympic level training program which comes standard on the 17' and 19' Garden Leisure Swim Spas.

Select drills, set durations, intensities and more with the touch of a finger on an interface designed for swimmers.

Many parameters can be configured to fit your training habits; warm up, cool down, step time, preparation time and lighting.

You can customize your training session. It's as easy as dragging your finger on the screen to draw the pattern of your choice and save it under your name.

in.Touch2™ Remote spa operation

Choose to add the in.Touch 2 to your swim spa and easily control your swim spa while away.

Stainless steel fittings, grab bars & swim lane

Stainless steel grab bars are found on all of our swim spas. They provide a secure entry/exit point or a easy way for the swimmer to rest between rowing or swimming sets.

The swim lane located in the footwell, provides a well defined reference point for the swimmer to maintain a center line swim. This allows the swimmer to receive maximum resistance

Grab bar locations vary by model

Comfort padded headrest & adjustable stainless steel jets

Lay your head back and relax in many of the extra wide seats. All equipped with super soft, UV treated, padded head rests. Our adjustable, stainless steel jets are located to ensure the ultimate in hydrotherapy. Each jet is designed to target different areas and relieve those sore muscles.

Built for low impact exercise. Born to shine.

Stunning underwater light shows can do more than further enrich your soak, they can define your swim spa environment. They can change the mood from a party atmosphere to a romantic setting, as well as an added safety feature after dark. Depending on the model that you desire. LED lighting packages are standard or optional. The adjustable and independent zone LED lighting system provides numerous points of light that glows from the footwell up to the swim spa lip and controls. The visual delight of water shooting through a beautiful spectrum of color adds unique charm to your swim spa atmosphere after dusk.

Ozone Creates Safer, Cleaner, Clearer Water

Ozone systems provide clean, clear and safe water for your swim spa, as well as a significant reduction in chemical sanitizer use. Ozone is standard on all models.

- Destroys Chemical Resistant Organisms
