

McDowell County Dementia Support Group

The McDowell Dementia Support Group for caregivers meets at the McDowell Senior Center on the third Thursdays of each month from 1:00pm-2:30pm. The meetings are in the front conference room at the McDowell Senior Center.

These meetings are for the caregivers, families, and friends of individuals with dementia.

The Dementia Support Group provides a safe, empathetic space for individuals caring for those affected by dementia, to find guidance, comfort, and connection. If you would like to attend, you can just come to a meeting or you can RSVP by calling Weyland Prebor, Group Facilitator, at 828-659-0823.
