12 Ga (add)

22 ft wide and up, recommended to use 12 Gauge steel tubing for framing. Extra trusses may be required for heavy snowload. Prices subject to change without notice. Check before purchase to make sure building meets your LOCAL codes. (\*1) 2-1/4" 12 Gauge, 20 year limited warranty on rust through of framing assuming normal user care & maintenance. (\*2) Delivery & Installation included on flat leveled land (no slope). Units installed on unlevelled ground will have spacing between base rail & ground. ASCI is not responsible for any spacing being filled, or ground work being done. If extra work is needed due to ground being unlevelled more than 3", an extra charge will incur.

All Mini Storages are available in 14 Gauge steel framing only. Prices subject to change without notice. Check before purchase to make sure building meets your LOCAL codes. (\*1) Delivery and Installation included on flat and leveled land (no slope). Units installed on unlevelled ground will have spacing between base rail and ground. ASCI is not responsible for any spacing being filled, or ground work being done. If extra work is needed due to ground being unlevelled more than 3" extra charge will incur.
