Speeders Beware!

By MICHAEL ROSENZWEIG,
Editor-in-Chief

At the regular meeting of the Master Management Board of Directors on September 6, 2018, Board President Eli Okun announced that final approval was granted by Broward County and the City of Deerfield Beach to have regular Broward Sheriff's Patrols within C.V.E. commencing November 1, 2018. The announcement was greeted with cheers and applause from the residents in attendance. At the

same meeting, Commissioner Bernie Parness announced that B.S.O. patrols within C.V.E. were long overdue and Deputies will issue traffic tickets to drivers who commit traffic infractions within C.V.E. He also stated that a traffic ticket can and will result in an increase in the violators' auto insurance premium.

These announcements seemed to be well received by those at the meeting. Regular patrols within the Village should reduce the number of cars that roll through stop

signs and speed through the Village. Mr. Okun also announced that electronic speed notifiers will be placed around Century Blvd. to inform drivers of their speed. Now that all the traffic control signage within the Village is in compliance with F.D.O.T. regulations, the B.S.O. will be enabled to enforce all vehicle and traffic rules of the road.

Keep in mind, the posted speed limit on Century Blvd. and West Drive is 25 MPH. The posted speed limit on the less travelled drives such as North Drive, Newport Drive, etc. is 15 MPH. Welcome Broward Sheriff's Office and PLEASE DRIVE SLOWLY!

Master Management Update

By MICHAEL ROSENZWEIG,
Editor-in-Chief

At the regular monthly meeting of the Master Management Board of Directors on September 6, 2018, Board President Eli Okun announced that the completion of the new Security Guard House and reconfiguring of the East Gate entrance road was scheduled for completion during the last week of October. This comes as a welcome relief to all residents of C.V.E. In addition, he announced

that the placement error of the structure was made and corrected at the contractor's expense and merely slowed the project by five to eight days. The Main Entrance gate and West Entrance gate reconstruction is scheduled for next summer.

Mr. Okun also announced that the repaving project was completed in the following areas: Westbury, Ellesmere, Ventnor, Tilford and Prescott. Along with the new pavement, a new drain line was installed adjacent to the drive next to Prescott N, M, L and K to improve road drainage.

Mr. Okun reported that Master Management has applied to the City of Deerfield Beach for a variance to increase the height of the new perimeter concrete wall from the six-foot maximum to eight feet. Master Management is awaiting the City's response. Master Management

Executive Director Dan Johnson announced that negotiations with Toll Brothers are ongoing regarding the former golf course property. He also announced that Phase One of the site-lighting project was completed in Richmond, Swansea, Cambridge, Keswick, Berkshire and Ellesmere with Lyndhurst and Ashby soon to be receiving work permits. Phase Two involves a photometric study to identify other areas that may need site lighting improvements.

Regular bus schedules resumed on September 10 and twice weekly trash pickups will resume shortly. Dan Johnson emphasized the need for residents to be alert regarding cross-contamination of recyclables with trash since removing trash costs 2.5 times more than recyclables. Please view the color flyer published in this paper re: Trash vs Recycle.

VILLAGE MEETING MINUTES

Master Management Board Meeting - April 5, 2018

First Vice-President, Barry Warhoftig, called to order the regular meeting of the elected volunteer Board of Directors of CVE Master Management at 9:30 a.m.

On behalf of Eli and himself, he hoped everyone had a good Passover and Easter holiday.

Roll Call:

Present - Barry Warhoftig, Fred Rosenzveig, Joe Maney, Gene Goldman, Michael Routburg, Dick Ciocca, Pierre Laliberté, Joe Roboz

Absent

Eli Okun
Following the Pledge of Allegiance, a moment of silence was held for those who gave their lives in service to preserve our democracy.

Meeting Minutes: (9:32:24 a.m.)

Joe Maney moved to approve the Minutes of the March 15, 2018, MM Board Meeting as presented. The motion was seconded by Michael Routburg. The motion passed unanimously.

Fred Rosenzveig moved to approve the Minutes of the March 15, 2018, MM Executive Session Meeting. The motion was seconded by Joe Maney. The motion passed unanimously.

Dick Ciocca moved to approve the Minutes of the March 19, 2018, MM Executive Session Meeting. The motion was seconded by Pierre Laliberté. The motion passed unanimously.

Barry noted in attendance: Sylvia Smaldone, President of COOCVE; Rita Pickar, Chairperson of the COOCVE Recreation Committee; and Pat Bidol-Padva, Chairperson

of the Council of Area Chairs.

President's Report - Barry Warhoftig: (9:35:07 a.m.)

Golf Course Property -

Barry reported negotiations with MM's counsel and the Toll Brothers organization continue to progress and will announce updates when available.

Again, Barry hoped everyone enjoyed the Easter and Passover holidays.

Barry informed the audience of the sign-in sheet in the back of the room, if anyone wished to speak at Open Mic, and advised a three-minute timer would be implemented to inform speakers to wrap up their final comment.

Treasurer's Report - Joe Maney: (9:37:22 a.m.)

Revised 2018 Budget Presentation -

Joe summarized the budget of 2018 with YTD Projected Income of \$12,941,312; Total Expenses were \$13,559,371, showing a YTD deficit of \$618,059. The initial budget deficit was \$1,350,000, so progress has been made over the past few months, and we will continue to work towards achieving a balanced budget. The opportunity will come mainly from the capital projects, which are presently budgeted at \$2,826,506.

February 2018 Financial Report - (9:37:22 a.m.)

For the month ending February 28, 2018, the balance sheet is showing Cash on Hand of \$2,218,066. The Expenses exceeded Revenue by \$11,594. The YTD Expenses exceeded the Revenue by \$77,612.

Joe explained the bulk of Expenses that exceeded

Revenue was for water, sewer, and trash, which is higher in the winter season, and would balance out over the next five to six months. Additionally, savings from security cutbacks planned for January 1 have not yet been made; those savings will not accrue until that change has been implemented.

Joe Maney moved to adopt the 2018 Budget as presented. The motion was seconded by Michael Routburg.

(9:39:49 a.m.)

Per Member inquiry, Fred reported the trash collection budget for 2018 was \$640,500; was delighted the projected budget was reduced by over \$1 million; and desired the Board and budget overseers work together with the goal of moving towards a zero deficit and to save money for spending in other areas. He expressed his confidence of the Village financial advisors and reiterated his interest that the Board pursue discussion on the purchase of low-flow toilets and advised Val Smikle had confirmed \$100 subsidiaries are still available. He expressed he is in favor of passing the 2018 budget to include an on-going review.

Following extensive budget discussion by the Board, **Joe Roboz moved to amend the motion to include the Board continue to work towards a balanced budget. The motion was seconded by Fred Rosenzveig.**

Following extensive Board discussion on the amendment made to the original motion, **a vote was taken and the motion to amend failed (4 in favor, 3 opposed, 1 abstention).** (Refer to video at Time Stamp for full extensive discussion.)

The original motion to **adopt the 2018 Budget as presented vote was taken, and the motion passed (7-1).**

Barry expressed gratitude and appreciation for Kelly's service and management of Village projects and wished her continued success.

Executive Director's Report - Kelly O'Meara Hampton: (9:57:26 a.m.)

Irrigation -

Kelly addressed the irrigation concerns made to customer service and explained the maintenance checks have confirmed the irrigation system throughout the Village is working properly. She stated the browning grass was widespread and the Village was in better condition than the surrounding areas; noting rainfall average is 15 inches below average for the past two

years. Although, the water consumption limits mandated by the South Florida Water District were exceeded two months ago, customer service will continue working with the property management companies to address 30-day water requests and provide water situation updates.

Discussion by the Board ensued regarding the irrigation system and that it is only a supplement to Mother Nature, noting potable (drinking) water is extremely expensive and Residents were asked to refrain from using their hoses to water the landscape. Kelly informed the water allotment is routinely assessed throughout the year and adjusted accordingly; the Village was granted leeway for the technical upgrades to include soil moisture sensors and a weather station. (Refer to video at Time Stamp for full extensive discussion.)

Projects Updates - (10:01:45 a.m.)

Kelly advised the agreed-to 2018 capital projects are in progress.

Gatehouse Construction - (10:01:52 a.m.)

Kelly reported the good news that the last hurdle for receipt of the East Gatehouse permit would be before the Community Appearance Board at the end of April. She was hopeful construction would begin no later than May and said contractor, Butters Construction, is ready to begin construction as soon as permitting is received.

Traffic Safety Project - (10:02:17 a.m.)

Kelly informed Phase II of the traffic safety project to include pavement markings and signage throughout the village was near completion, following a week-long delay. The City has been receptive to MM's request for BSO in the Village. An agreement between the City, BSO, and MM was reached and acceptable to the parties' counsel. Per City request, Kelly advised MM the City was added to the general liability policy at a low cost of an estimated \$300. The traffic engineers completed the property survey for insuring we are in compliance with some of the municipal codes, as well as state FDOT Regulations, and will present a final report to MM for review. Kelly anticipates some minor corrective actions may have to be made before presentation to the City Commission in the next few months.

Per Member inquiry, Kelly

stated that there is no cost associated with BSO presence in the Village and explained that CVE has been considered private roadways for the last 4 years; therefore, BSO will drive through and respond to calls for us; however, in terms of traffic enforcement, they are unable to enforce any violations, due to the fact that we have never complied with municipal and FDOT guidelines. Further discussion ensued regarding guidelines and compliance required to have BSO presence in the Community. Kelly encouraged Residents to contact 911 for emergency medical care and police assistance.

The Board continued discussion regarding the review of nationwide accident statistics, target completion date, engineering evaluation, and City approval for BSO action in the Village. (Refer to video at Time Stamp for full extensive discussion.)

Village Lighting - (10:20:00 a.m.)

Kelly reported the disc top light replacement has begun with the order of 350 lighting fixtures with the anticipation of an additional order to be placed for additional lighting in the dark areas of the Village. Kelly stated the light installation permit would be submitted today and hoped to begin light installation in the next few months. The next phase of the project will include a photometric study, inspection, and evaluation of the 40-year old electrical work, the poles, and area lighting for possible replacement and code compliance.

Dick and Kelly thanked Val for his effort in securing a great deal on the lighting fixtures. A round of applause ensued.

Perimeter Wall - (10:21:57 a.m.)

Kelly acknowledged Val's work on the wall project and specified the additional tasks needed for completion are to complete the eight-foot wall variance application and obtaining a permit in order to move forward adding, so far, the City has been receptive to the plan. She informed the large budget was set aside and placed on hold, pending City decision to install a wall along SW 10th Street. With FDOT's assistance, Kelly anticipated the planning phase and permitting process would take about a year, with construction beginning in the early part of 2019.

Paving Project - (10:23:11 a.m.)

Kelly complimented Robert's phenomenal work coordinating with the buildings ensuring those buildings participating are all set for the paving. She advised the

VILLAGE MEETING MINUTES

Master Management Board Meeting - May 17, 2018

President Eli Okun called to order the regular meeting of the elected volunteer Board of Directors of CVE Master Management at 9:28 a.m.

Eli informed the audience of the sign-in sheet is back of room if they wish to speak at Open Mic.

Roll Call:

Present - Eli Okun, Barry Warhoftig, Fred Rosenzweig, Dick Ciocca, Gene Goldman, Michael Routburg, Pierre Laliberté. Joe Maney and Joe Roboz (entered the dais at 9:32 a.m.) Eli noted in attendance: Sylvia Smaldone, President of COOCVE; Rita Pickar, Chairperson of the COOCVE Recreation Advisory Committee; and Michael Rosenzweig, Editor-in-Chief of the CVE Reporter.

Following the Pledge of Allegiance, a moment of silence was held in memory for those who gave their lives in service to preserve our democracy. **Meeting Minutes: (9:30:44 a.m.)**

Eli Okun moved to approve the April 5, 2018, MM Board Meeting Minutes, as amended; the Board approved unanimously. Eli Okun moved to approve the MM Executive Session Meeting Minutes for the April 12 and April 19, 2018, MM Executive Session Meeting Minutes; the Board approved unanimously.

President's Report - Eli Okun: (9:32:36 a.m.)

East Gatehouse - Eli announced the good news that the permit for the East Gatehouse was approved by the Community Appearance

Board. Eric, expeditor for the project, addressed all comments of the Zoning Commission, and the permit will be ready for pickup Monday, May 21. Construction will begin June 4, weather permitting. Updates, including possible, lane closure notifications, will be posted and sent out. 2) Lighting - **(9:33:25 a.m.)**

Eli reported the Community Appearance Board approved the lighting permit.

Phase I will begin June 25, with replacement of the current lighting fixtures to new LED high-intensity light heads, which will be a significant improvement.

Phase II will follow to include a photometric study of the parking lots and Village entrances, etc. to determine the need for additional lighting.

Treasurer's Report - Joe Maney: (9:34:35 a.m.)

April 2018 Financial Report - For the period ending April 30, 2018, the balance sheet is showing Cash-on-Hand of \$2,196,083. The monthly Net Assessment Receivables on uncollected items was \$195,958, with a Total Equity of \$350,543.

Joe reported the Net Income for January through April was \$86,898. For the period January through April, losses for the first 3 months were \$4,712. The over budget items totaling \$207,196

The over budget items were employee benefits of \$13,408, repairs and maintenance over by \$19,375; water and sewer over by \$32,783; transportation services over by \$61,756; security guard services over by \$79,874. Other budgeted

items include bad debt of \$41,667, electrical expense of \$8,311, landscaping and irrigation of \$44,257; road and sidewalk maintenance of \$11,696, and capital replacement projects of \$805,018 for a total of \$910,949. The capital replacement projects was under significantly, as most projects will take place later in the year.

Executive Director's Report - Dan Johnson: (9:37:11 a.m.)

Le Club Air Conditioning - Dan reported one of the two 30-ton units on top of the Le Club was replaced after the old one stopped working several months ago. CVE Insider - **(9:37:35 a.m.)**

The first edition of the CVE Insider was distributed to the Community via email. Dan advised residents who did not receive a copy or became unsubscribed and would like a copy to sign up by contacting Customer Service. The new publication is another way to update Residents and will highlight MM projects throughout the Village. MM is working in conjunction with a firm to help distribute information to the residents. Paving - **(9:38:17 a.m.)**

Dan anticipated the paving project will commence the week after Memorial Day starting with Westbury A, B, and C. Scheduling details and notices will be given out advising Residents of commencement dates they will be in your area, and to clear parking lots accordingly. Residents were advised to contact Robert Streather at MM for temporary parking assistance. Of the three buildings yet to

join the paving project, the opportunity to sign-up at the current rate is extended through this week; otherwise they will be moving forward as scheduled. Security Update - **(9:39:08 a.m.)**

Dan outlined the new Village security plan to include looking into a variance by the city for an 8-foot perimeter wall around the property in conjunction with the SW 10th Street project. In conjunction with the regular Village patrol rovers, in the coming months, BSO will be providing 24-hour patrol through the Village and will be issuing traffic violations along the MM roadways. The new Gatehouses and Clubhouse will be equipped with high-definition security cameras. A total of 32 newly installed high-definition cameras will reduce the number of guards at the Clubhouse. Additional security features include licensed paramedic/First Responders (currently 6 on-site) who will be responding to all incidents on the Clubhouse property, and new two-way radios for the staff and Master Management contracted exterior guards for rapid communication and response to accidents and incidents. Dan informed of an audit of incident reports from the last two years (January 1, 2017, through April 30, 2018) consisted of 113 reports made at the Clubhouse; 88 were medical in nature, 25 non-medical, 23 were resident related issues, and only 2 were non-resident related incidents. Following Member inquiry, Dan advised First Responders will be equipped

with AEDs and Stat Packs during Clubhouse hours. Additional comments by the Board ensued. (Refer to video at Time Stamp for full, extensive discussion.) Following Member inquiry, Eli advised that MM BOD meetings were not scheduled for the months of July or August, per Board member discussion and that if necessary, one would be called. Following Member comments, Dan explained the licensed paramedics will act as First Responders, as MM agreed not to dispense medication and urged Residents to call 911, as needed. **Business: (9:47:15 a.m.)**

permit would be submitted soon and hoped paving to begin this summer. Kelly suggested making temporary parking arrangements with nearby buildings, as well as to leave a set of keys with someone in the building to move cars as needed to avoid re-paving delay or the risk of towing. More information and updates will be made available closer to the summer months, as well as posted to the bulletin Boards.

Per Member comment, Kelly confirmed obtaining permits is a lengthy and time-consuming process involving many steps.

Treasurer's Report Cont. - Joe Maney: (10:25:51 a.m.)

Independent Auditor -

As a result of late reports received by the independent auditor used by MM for several years, Joe informed that with the assistance of Andrew Winston negotiations have been narrowed down to two firms and hoped to present a new auditor for Board approval in the next few weeks.

Member Comments: (10:26:55 a.m.)

Joe M. stated he would be in Massachusetts for the summer and would participate in the meetings remotely; expressed his enjoyment serving on the Board and desire to continue.

Michael wished everybody a happy holiday season; expressed appreciation for Kelly's hard work, dedication,

and leadership, noting her commitment to the organization extended past working hours and through vacations.

Fred concurred with Michael; stated the staff, Board, and management continue to work hard all summer long; and wished Kelly all the best at her new job.

Pierre and Barry thanked Kelly for her hard work and wished her well in her new role.

Dick wished Kelly lots of success and luck and offered Kelly to comment on her next venture.

Kelly expressed her appreciation serving the lovely Community and enjoyment working with an amazing staff and Board; complimented the improvements in the Village and looked forward to watching the Community's continued development from afar.

Gene stated he was honored to serve as a Board Member the last 11 years; has never seen a better operation, and complimented Kelly for bringing together an amazing, devoted staff; noting since Kelly's involvement four years ago, there had been no weaknesses and desired the entire MM staff be applauded for their efforts.

Joe R. thanked Kelly for her effort and dedication; wished her luck; and concurred with Member comments.

A round of applause ensued following each Member comment.

VILLAGE MEETING MINUTES

Master Management Board Meeting - June 21, 2018

President Eli Okun called to order the regular meeting of the elected volunteer Board of Directors of CVE Master Management at 9:30 a.m.

Eli informed the audience of the sign-in sheet is back of room if they wish to speak at Open Mic.

Roll Call:

Present - Eli Okun, Dick Ciocca, Michael Routburg

Remote - Barry Warhoftig, Pierre Laliberté, Joe Roboz, Joe Maney (entered the dais at 9:32 a.m.)

Absent - Fred Rosenzveig, Gene Goldman

Eli noted in attendance: Sylvia Smaldone, President of the COOCVE and Rita Pickar, Chairperson of the COOCVE Recreation Advisory Committee.

Following the Pledge of Allegiance, a moment of silence was held for those who gave their lives in service to preserve our democracy.

Meeting Minutes: (9:31:23 a.m.)

Eli Okun moved to approve the Minutes of the May 17, 2018, MM Board Meeting and the May 24,

2018, MM Executive Session Meeting; the Board approved the Minutes.

President's Report - Eli Okun: (9:32:10 a.m.)

1) East Gatehouse -

Eli reported the East Gatehouse was closed as of Monday, June 18, to remove the power supply and computer system in preparation for demolition of the structure scheduled next Tuesday. Eli was hopeful for project completion within 3 months or less, weather permitting, with the West Gatehouse construction to follow. Eli noted the delay was a result of the permitting process with the City.

2) Paving Project - (9:33:17 a.m.)

Eli stated the paving will continue through the summer. Paving at Westbury is now complete and Ellesmere is near completion. Eli was pleased to report the paving project was on schedule for completion by the end of July, weather permitting, and looked forward to the improvements taking place throughout the Village.

Treasurer's Report - Joe

Maney: (9:34:29 a.m.)

May 2018 Financial Report -

For the month ending May 31, 2018, Revenue was \$1,064,490 and Expenses were \$983,756. The Net Revenue exceeded the Expenses by \$80,734. The YTD Revenue was \$5,382,277. The YTD Expenses were \$5,375,700. The YTD Revenue exceeded the Expenses by \$6,576.

The Balance Sheet is showing Cash On-Hand of \$1,689,819. The Net Assessment Receivables on uncollected items was \$364,818, down somewhat from the previous month. Total Assets were \$3,144,551 with total Liabilities of \$2,792,939 and total Net Equity of \$351,612. Joe noted the over budgeted Expenses YTD were office expenses, due to bank service charges, over by \$19,000; repairs and maintenance over by \$14,000; transportation services over by \$56,000; security guard services over by \$132,000; and water and sewer over by \$51,000, with an anticipated decline in usage in the coming months. Under budgeted Expenses YTD were landscaping and

irrigation by \$52,000 and capital planned projects by \$870,000, which will balance out by the end of the year, as projects are completed.

Executive Director's Report - Dan Johnson: (9:37:07 a.m.)

Golf Course Access Agreements -

Dan reported a meeting was held June 12 with the 23 Associations that about the golf course seeking Access Agreements to take samples of their soil and ground water for testing as part of MM's due diligence in acquisition of the golf course property. To date, 17 buildings have signed the Agreement. Dan stated the analysis will commence mid-July and notifications will be sent accordingly.

Break-ins - (9:37:53 a.m.)

Dan reported following numerous break-ins to storage lockers throughout the Community, an arrest was made yesterday. Dan explained the culprit was a vendor who gained entry to the Village through the Gate by a Resident. He advised Residents to use caution and due diligence when inviting guests and/or vendors into the Village; seek

licensing credentials and references. Dan stated a building security camera was essential to the arrest and pointed out the technology is fairly inexpensive and suggested those interested in security camera services to contact MM for vendor referral.

Business: (9:39:39 a.m.)

Unfinished - None

Joe added comment to Dan's report on the break-ins, pointing out that latches were cut on the storage lockers to gain entry and stated the lockers are building property and will need to be re-welded before the unit owner can put a lock on the locker.

Business: (9:40:44 a.m.)

Lighting Project -

Eli reported the new lighting project will be starting in the beginning of July, changing current fixtures to the new LED fixtures, which have been purchased and are on premise awaiting installation. Eli requested formal Board approval for the previously budgeted \$400,000 to begin the replacements. The next phase of the lighting project will be included in next year's budget for adding additional lighting as needed. Eli noted the new LED lights will produce more light, and be more energy efficient, resulting in a

and President, Eli Okun spent hours scrutinizing the budget line by line, adjusting under/over budgeted items to balance the budget 100%. Copies were provided to the Board. **Eli Okun moved to approve and adopt the revised balanced budget for fiscal year 2018 as submitted. The motion was seconded by Michael Routburg.** Following Member comments, **the vote was taken, and the motion passed (8-1).** (Refer to video at Time Stamp for full extensive discussion.) 2) Equity Line of Credit - (9:52:03 a.m.)

Eli informed an arrangement with the bank was made for an open Line of Credit in the event of an emergency. Documents were submitted to the Board for review.

Eli Okun moved to approve the two-year open line of credit for \$2.8 million at the interest rate of 3.8% on the outstanding balance from First Citizens Bank. The motion was seconded by Michael Routburg. Following Member comments, **the vote was taken, and the motion passed unanimously.** (Refer to video at Time Stamp for full extensive discussion.) Dan thanked MM Controller, Bob, for fostering a reputable

relationship with the bank that allowed for the negotiations. A round of applause ensued. Moving the meeting away from the agenda item, Dan introduced Fernando Navarro, Director of Security.

Fernando advised that in addition to enhancements in Security, a new Program has been put in place to recognize Officers that go above and beyond their regular duties. Another enhancement to Security going forward is that Supervisors will be wearing a gold badge and their nameplates on the front of their shirts. Fernando then acknowledged security personnel, Joelle, and Training Officer and Office Assistant, Natalie, for going above and beyond their duty and responding to an onsite fire. A round of applause ensued.

Member Comments: (10:01:05 a.m.)

Dick mentioned many topics were covered; enjoyed acknowledging the people who help protect the community; thinks it's a step in the right direction; and remarked getting used to change takes adjustment, time, and patience. Michael wished everybody be well and have a safe Memorial Day and July 4 holiday; concurred with Dick that change is hard and takes time

to work out the kinks; stated the changes to Village security is a good change and to give it a chance; mentioned paramedic, Jason, who assisted with three residents that fell before ambulance arrival during his training. Barry complimented and thanked the Board and MM staff for their coordination and professionalism over the last year and a half; thanked Dan and Eli for their leadership; stated the Board is attentive to Resident comments and direct requests of MM. Eli was proud of the Board's accomplishments and hopes to see the plans implemented for a better Century Village; wished everyone a happy and safe Memorial Day weekend, Fourth of July, and summer. Gene pointed out two instances where Residents had been disrespectful to the guards and desired the Residents be mindful of their behavior; thanked the bulk of the Community who are terrific, polite, and decent residents. Joe R. thanked Joe M. and Finance Committee for coming up with a balanced budget; thanked Dan Johnson and the Recreation Committee; stated the new security plan for the Clubhouse was similar to the policies at surrounding communities and thinks it's a great

change. Fred was pleased with the financial progress; was relieved the construction of the East Gatehouse will begin and hoped for a smooth transition to the West Gatehouse and hoped that would be constructed over summer; was pleased the security project and other projects are enhancing Village operations; expressed gratitude to the various organizations and the Board for working together; wished everyone a great summer; inquired as to when the next CVEMM BOD meeting would be. Dan stated the next meeting was scheduled for June 21. Pierre was looking forward to the new Village lighting; asked the frequency of the CVE Insider publication; looked forward to the added security of BSO's presence; asked for an update of the Clubhouse security. Per Member inquiry, Dan advised the Insider would be generated monthly as a result of project progress. Per Member inquiry, Eli stated there are three entrances into the Village; ID Card, Bar Code, or call in a guest name. The security measures are similar to the surrounding communities to include Boca, Palm Beach, and Pembroke Pines. The Clubhouse has 32 cameras constantly being

monitored by Security, as well as separate screenings for the entranceways. Michael pointed out the security plan was developed by the hard work of Kelly Hampton and Dan Johnson in coordination with Recreation. Dick advised Residents be patient and alert when BSO enters the Village to avoid fines and/or tickets.

Announcement: (10:15:08 a.m.)

The MM Board Meeting will be held Thursday, June 21, 2018, at 9:30 a.m. in the Activities Center A. There will not be a CVEMM BOD meeting in July or August; however, a meeting would be called, as needed.

Adjourn: (10:15:33 a.m.)

Meeting was adjourned at 10:15 a.m. (For greater detail, those wishing to hear all comments, discussions, and debates are encouraged to view the meeting video in its entirety or by using the time markers above on www.cvedb.com. VILLAGE MEETING MINUTES

Joint COOCVE Exec. Committee and Council of Area Chairs Board Meeting - June 13, 2018

COOCVE President Sylvia Smaldone called the meeting to order at 9:30 a.m. Sylvia led the Pledge of Allegiance and a Moment of Silence.

Minutes

Sylvia asked for approval to waive the reading of the minutes from the May 9 meeting and approve them as printed in the *Reporter*. The motion was carried unanimously.

Treasurer's Report

The expenses for May were \$2,741 and deposits were \$7,292. YTD income was \$68,286; deposits were \$51,904. The YTD expenses were \$35,036. The current cash balance as of April is \$85,154.

President's Report -

Sylvia Smaldone

Sylvia mentioned that she recently reviewed the books for the Officers and Directors with one of the property managers. What she found out was that there are many residents who own multiple apartments as well as having apartments in trust funds. Sylvia stated that a monthly meeting with the Presidents of Associations is necessary as

they are allowing investment and management companies to own units and renting them out; this is unacceptable and must stop. In one building there are four units owned by one person. Gene mentioned that a building must have at least 80% of its residents be 55 or older or they lose their status as a retirement community.

Rafael Vasquez - Broward County 2-1-1 Touchline Program

This program is a 24-hour information and referral and crisis intervention services for Broward County. It is also known as *First Call for Help* for anyone needing assistance with human or social services; they can just dial 2-1-1. They are also the main suicide hotline for Broward County. The Senior Touchline Service is a free service for seniors 60 years and older who live alone. This is a daily reassurance call between 7:30 a.m. to 11:30 a.m. to make sure they are okay and have interaction with someone. If you know anyone who would be interested in this service, there are

applications available after the meeting, or they can call 2-1-1 or 954-640-5800 to get further information and sign up. The 2-1-1 program is funded by United Way and located throughout the Country. The Touchline program is funded by the Jim Moran Foundation.

Sylvia then turned the meeting over to the Pat Bidol-Padva, Chairperson of the Council of Area Chairs.

Master Management - Dan Johnson

Dan mentioned that there are three security personnel during the daytime at the Clubhouse and four during business hours in the ID office. There have been over 20 incidents where residents have received assistance from the licensed paramedics on duty. Dan reminded everyone that they must carry their ID's on them at all times. Dan spoke about a rash of storage lockers being broken into. A suspect has been identified, thanks to a resident who had a camera in the storage area. The suspect is a guest of a resident; his mother lives in the Village. Dan mentioned

that nine out of ten incidents are from residents or guests of residents. There was a recent assault in the Village; the gentleman involved has relatives that live in the Village, therefore, he has easy access in and out. There have also been bicycles stolen out of spite from residents who don't like other residents. Many of the thefts and issues are internal. It is very important to tighten up the interview process. The background check is very important as well as the interviews and should not be waived. Dan mentioned that he will be presenting a more detailed report at the COOCVE meeting next month. If anyone would like the presentation emailed to them, please provide him with your email address after the meeting. Joanne mentioned that she works as an administrator with several buildings and works with both Seacrest and East Coast. Both of the management companies have a waiver form which will waive background, criminal and financial checks at the BOD's

discretion. It was noted that none of the management companies were represented at this meeting. Rita asked COOCVE to remind the management companies that they are expected to be at this meeting. On Monday, June 18 the paving project will proceed into the Ellesmere area; a paving schedule was sent out via email. On Monday, June 18 at 7 a.m. the east gate will not open; this will be a 3 to 4 month project. Mel asked for an update on the lighting project in the Village. Dan replied that the lights are currently in the Village. At the MM meeting next Thursday, a vote will be held on a motion to fund the installation; if passed, the work will begin in July. Naomi asked if a bus shelter in front of Berkshire B, which was damaged during Wilma, will be replaced. Dan replied that he would look into it. Sylvia mentioned that there should be additional handicapped parking at the

reduction of the electric bill.

Eli Okun moved to approve the expenditure of not to exceed \$400,000, which is included in the MM balanced budget for the installation of new lighting fixtures in place of the old. The motion was seconded by Michael Routberg.

Following Member inquiry and comments, Eli confirmed the existing lighting poles will be repaired or replaced as needed; Phase II of the lighting project is scheduled for next year to include a photometric study for assessment of additional Village lighting.

Following discussion, **the vote was taken, and the motion passed unanimously.**

Announcement: (9:44:49 a.m.)

The MM Board Meeting was moved up to Thursday, September 6, 2018, at 9:30 a.m. in the Activities Center Room A. The date was moved as a result of no meetings scheduled for July or August. Notification will be sent.

Member Comments: (9:45:24 a.m.)

Dick suggested a review of the cleaning and monitoring of the waterways process; desired the information be published.

Michael wished everyone a wonderful, healthy, and safe summer and 4th of July, and will see everyone in September.

Eli wished everyone a good summer; looked forward to the Village improvements that will continue throughout the summer; hoped residents will take note of the positive changes.

Barry desired Dan provide an update on the discussions with the City regarding BSO patrols in the Village. Dan advised following a traffic study completed last month, signage and roadway striping improvements were made, and a formal email was sent to the City; the engineers submitted a letter of good faith to MM and recommendation of compliance to the City. Additionally, once paving is completed over the summer MM will move to be added to the City docket by August or September seeking an ordinance to obtain BSO presence in the Village.

Michael asked why the paving project needed to be completed prior to being added to the City docket. Dan answered it depends on the response he receives from his email; adding much of the current repaving that is being done will satisfy much of the striping compliance.

Barry inquired as to the completion date for the East

Gatehouse and time frame for the commencement of the West Gatehouse. Dan advised the East Gatehouse would be completed in September and will seek guidance whether to go forward or postpone the West Gatehouse until next year at the MM workshop scheduled for next Thursday, the 28. We are currently working on a September 15 final permitting date, possibly sooner.

Pierre mentioned the drone video sent a few weeks ago by Robert Streather and wondered if a video could capture the East Gatehouse construction. Dan announced a drone will be out next week to capture the 8-minute demolition of the East Gatehouse.

Dick inquired as to the traffic flow in the Village since the closure of the East Gatehouse. Eli reported traffic has been exceptionally quiet, with no reported incidents.

Adjourn: (9:52:33 a.m.)

Meeting was adjourned at 9:52 a.m.

(For greater detail, those wishing to hear all comments, discussions, and debates are encouraged to view the meeting video in its entirety or by using the time markers above on www.cvedb.com. Meetings may also be viewed on our Community TV Channel 98.)

VILLAGE MEETING MINUTES

Joint COOCVE Exec. Committee and Council of Area Chairs Board Meeting - July 11, 2018

COOCVE President Sylvia Smaldone called the meeting to order at 9:30 a.m. Sylvia led the Pledge of Allegiance and a Moment of Silence.

Minutes

Sylvia asked for approval to waive the reading of the minutes from the June 13 meeting and approve them as printed in the *Reporter*. The motion was carried unanimously.

Treasurer's Report – Howard Drandoff

The opening balance was \$68,286. YTD deposits were \$52,100. The YTD expenses were \$35,428. The current cash balance as of April is \$84,957.

President's Report -

Sylvia Smaldone

Sylvia mentioned that once again, she has received a large number of complaints from unit owners on the rental properties in CVE. Property managers are waiving background checks; and it needs to stop. Everyone must have a background check. Rita mentioned that if a background check is not performed, renters or owners are not allowed an ID for entrance into the Clubhouse. Kyle from East Coast replied that they always recommend a background check; the Board and Presidents have the final decision. Seacrest also stated that they will not waive any background checks unless the Board authorizes it.

Jim, Vice Chair at Durham mentioned that he spoke with the police about the recent storage unit break-in. He stated that the police said it was not a relative of an owner

but most likely a contractor who was doing this. Sylvia replied that at the MM meeting, it was announced that he was caught by a camera which was in the storage unit.

Sylvia then turned the meeting over to the Richard Rosenzweig, who filled in for Pat and Patricia.

Master Management –

Eli Oaken

Eli stated that MM received a notice from the City of Deerfield Beach that they would no longer collect recycling. This was because they lost the contract with the recycling provider and asked residents to put all recycling in the garbage containers. Eli met with the City to discuss this and was told they were working on a contract with a new vendor. They stated that there was a miscommunication and that the City will continue to pick up recycling. He urged all residents to use the recycling containers as they did in the past.

The East Gatehouse is under renovation and on schedule. This project should be completed by the end of September.

The paving project is currently underway in the Ventnor area; all buildings in the Ventnor area should be completed by July 20. The full schedule is posted on the website.

Mel Nass, Oakridge Vice Chair, asked for an update on the lighting project. Eli replied that the project is starting this week with Phase 1; light heads are being installed throughout the Village on the existing poles. A study is being conducted to see what areas need additional lighting – additional lighting would be done next year in Phase 2.

Mel also asked for an update on the perimeter wall. Eli replied that they are currently discussing a variance with the City; the current code is six feet and CVE is asking for eight feet. Charlie asked for an update on Security in the Clubhouse. Kelly responded that they are working on securing additional doors in the Clubhouse. One of the items scheduled to be installed is a *push to talk* camera; residents will be able to push a button, security will answer them on the camera and a conversation would be able to take place as well as show their ID to get buzzed in. Additional information on this will be distributed once installed. Kelly stated that Company is allowing them to use the equipment on a trial basis to see if it will work for CVE. Kelly also stated that the timers on the doors have been changed so that there is no lag and others cannot get through.

Charlie mentioned that there are several entrances that ID cards are not checked such as; the entrance near Room N/pool hall; the entrance across from the welcome desk on the first floor near the ice console; you can go up the stairs bypassing security. Kelly replied that this is the area where the *push to talk* camera is being installed. Kelly also mentioned that if there are instances where security is not asking for your ID, to let her know. Kelly stated that the data over the last year shows that there have been no security incidents at the Clubhouse, only medical incidents. Kelly also stated that there are no security issues in the Clubhouse

other than medical however; they do recognize that additional security measures in the Clubhouse are needed and they are working on it. Kelly repeated that additional security has been added. A *push to talk* camera is being installed, installation of card access at doors and some entrances have been closed. Charlie insisted that security continues to be an issue in the Village. Eli mentioned that there are only three ways of getting into CVE; by barcode on your car, with an ID card or someone calls you in. Any incidents that happen in the Village are from someone that is in the Village legally. MM is taking steps to ensure that those that come into the Village are those that belong in the Village; this is why some changes are being implemented in the Clubhouse. Eli mentioned that Shows are going to be handled differently; guards will be stationed at every door, including the West door, which will now be opened. Kelly stated that the best security would be to lock all doors at the Clubhouse and have residents enter with their ID cards. Because this is inconvenient to the residents and they do not want this, alternative ways, such as those mentioned are being implemented. Danielle LoBono mentioned that some residents are insecure about going to the restrooms as the halls are empty and there are no guards present. Rita mentioned that she felt the same way in the ID hall at night since there was no guard around. MM rectified this and placed a guard after 4:30 p.m. and on weekends

in the hallway near the ID office as well as near the tunnel entrance and upstairs. Rita stated that there are 55 cameras in the Clubhouse; none are in the restrooms or locker rooms. The problems still exist in the locker rooms where neighbors are stealing from one another – nothing can be done to prevent this. Danielle asked if the security budget would be reduced since security was lessened. Eli responded no. The medics cost more than the security guards; nothing was changed to save money. Sylvia asked why the West door is now closed. Kelly replied that work was going to be done to the parking lot area but it was decided not to do it this year. This door has a blind spot and will remain closed.

Recreation –

Kelly Hampton

Kelly mentioned that season brochures are complete; copies are available after the meeting. Tickets will be available for purchase on August 17. An email will be distributed with a link to the show information. Demolition has begun this week at the Ventnor and Westbury pools. The pools should be complete and ready by the beginning of the season. The second floor of the Clubhouse is going to be repainted and new flooring will be installed. Please check your emails for updates as classes will need to be moved. The second floor will be closed until late September and then remodeling

Activity Center and MM offices. Dan asked Sylvia to send in an email for him to look into it. Mel asked for an update on the landscaping. Dan replied that a 3-year landscaping contract was just sent out for bid for 2019. To date, six bidders have submitted proposals; in the bid will be improvements. Dan mentioned that negotiations are still on-going with Toll Brothers. As of yesterday, they have met with 23 associations to get their permission to run ground, water and soil samples on association property that butts the golf

course; 15 associations have signed the agreement.

Recreation - Rita Pickar

The Recreation meeting was held yesterday, and many questions came up on swimming alone at the indoor and outdoor pools. While it is allowed, it is not recommended as it is dangerous; drownings take place every day. The first-floor restrooms are on schedule and should be completed later this month. The shuffleboard awning has arrived and will be installed shortly. They are currently in the permitting stage of four new pickleball courts in the parking lot area. Painting, carpeting and tiling are being done in the Clubhouse. Two tickets remain for the Marlins/Yankees game in August. Dinner

on the Town is scheduled for June 21 to the Palm Beach Gardens Mall. Rita reminded everyone that there will not be a July Recreation meeting. An email is being sent out today regarding residents putting their units on Airbnb and renting them out for the night/week. This is not what this Village is all about and where many of our problems come from. The east door to the fitness center will be locked; Grantham residents will need to enter through the tunnel. Naomi mentioned that they have not been cleaning the pool area or fixing the chairs in the morning. Rita mentioned that all the pools will be painted the same color; Upminster has been painted and that will be the color

of all the pools. A discussion was had on reporting residents who are renting out their units to the City of Deerfield. Richard will speak with the Commissioner and report back at the COOCVE Board Meeting. Richard mentioned that the COOCVE office is currently closed due to a flood from the theatre; it is under renovation and repair. The COOCVE BOD's are responding to matters as diligently as they can. There is a notice on the door with cell numbers listed; Richard's is 301-370-0725.

VILLAGE MEETING MINUTES

Joint COOCVE Exec. Committee and Council of Area Chairs Board Meeting - August 15, 2018

COOCVE President Sylvia Smaldone called the meeting to order at 9:30 a.m. Sylvia led the Pledge of Allegiance and a Moment of Silence.

Treasurer's Report – Howard Drandoff

The opening balance was \$68,286. YTD deposits were \$52,100. The YTD expenses were \$36,020. The current cash balance as of June is \$84,365.

President's Report – Sylvia Smaldone

Sylvia mentioned that the Recycling Committee of Deerfield Beach will be at the September Area Chair meeting. She asked Area Chairs to meet with their Building Presidents and explain to them when bulk, trash and recycling get picked up. There is a meeting scheduled for August 16 at 7 p.m. at City Hall to discuss the recycling program in Deerfield Beach. On Saturday, August 18 at 10 a.m. a meeting will be held at Constitution Park to discuss SW 10th Street.

Sylvia then turned the meeting over to the Pat Bidol-Padva, Chairperson of the Council for Area Chairs.

Master Management – Dan Johnson

Dan mentioned that a drainage project will begin outside the Prescott area. This project was to be done in conjunction with the West gate. Although the West gate

is suspended, we still need to move forward with fixing the drain issue prior to the paving project. The paving project is currently in the Tilford area and is approximately two days ahead of schedule and under budget. The lighting project is continuing; Richmond, Swansea and the Berkshire areas are complete. Permits have been obtained for the Cambridge, Ellesmere, Lyndhurst and Keswick areas. Each area takes about one to two weeks to complete.

Dan mentioned that there was a slight issue with the East gate which brought them to about 10 days behind schedule. The subcontractor took responsibility for having the building a few feet off; the building was demolished, and another concrete pad was poured. Landscaping will begin next week, and the gate is expected to open with two lanes by the beginning of October. The negotiations with Toll Brothers on the golf course property is continuing. Dan also reminded residents that a meeting on the new contract for waste management will be discussed at City Hall tomorrow, August 16 at 7 p.m. Currently, CVE does not have recycling, we are just using the recycling bins. If this contract is signed, recycling will be re-instituted in CVE. Residents will need to get re-educated on what recycling is. Flyers and materials will be

posted and distributed to all residents. At the end of the month Dan will be meeting with the City and hopefully, the ordinance will be passed for BSO to come into the Village and patrol.

Recreation – Rita Pickar

Clubhouse renovations are continuing and a bit ahead of schedule. Theatre tickets will be on sale Friday, August 17 at 9 a.m. Tickets can be purchased online or at the box office. When purchasing tickets to the New Years' Eve Dance and Howl at the Moon; residents will be able to pick their table at the same time they purchase their tickets.

Seacrest – Not present

East Coast – Nothing to report.

First Service Residential - The phone number to contact First Residential is 866-378-1099.

Areas:

Ellesmere: Pat mentioned that realtors are promising purchasers that they can rent immediately after purchasing the unit. They are then entering into a contract. They are being turned down when they go through the Seacrest process and it is creating a lot of tension. Rita commented that COOCVE needs to redevelop

have requested them.

East Coast – Sylvia asked Kyle when he will be posting flyers for the hurricane season. Kyle responded that they are working on them and will have them up in the next several weeks.

First Service Residential - Not present

Rita asked COOCVE to contact First Service to remind them that they are expected at this meeting.

Areas:

Berkshire: Naomi mentioned that the dead croton plants around the pool area

have still not been replaced. Kelly responded that the landscaping company performs annual maintenance at the pools and assesses any issues at that time.

Newport: Danielle mentioned that residents are not adhering to the bulk trash schedule and placing bulk trash out prior to Thursday night; can something be posted or sent to all Building Presidents? Eli responded that he would look into it. Richard Rosenzweig mentioned that COOCVE will help out with that as well.

Bay Management Message

By MIKE BURDMAN, Executive Director/Bay Management

Dear Residents: I hope you all enjoyed a happy and healthy summer and I'd like to thank the *CVE Reporter* for starting up their publication for another fantastic season here at the Village.

As season approaches I'd like to share some news and updates with you. The second-floor renovation of the Clubhouse is nearing completion and we're hoping to have it open in its entirety as soon as the first week of October. Once complete the first-floor renovation will begin immediately. Please see my *Renovation Update* in this issue of *The Reporter* for more information.

If you haven't already, make sure to stop by our *CVE Box Office for your Season Show Tickets!* Great seats are still available for all the shows except for *Howl at the Moon*, which has already sold out! *Tony Orlando* is back this year as well as *Dudu Fischer!* Seats for both the early and late Tony and Dudu shows are available, get them while you can as we are expecting them to sell out soon!

Westbury and Ventnor pool renovations are also almost complete, and you will notice our beautification

of the Village continue with fresh paint and new signage on each pool house.

Our shuffleboard club members, casual players, as well as our residents who enjoy having cook-outs in our BBQ pit area will be pleased to know that we are installing a new beverage vending machine. It will be found under the shuffleboard pavilion for your convenience and offer cold drinks on warm days without having to go inside.

Ron Perry, our onsite tennis pro will begin regular season hours on October 1, 2018. Ron will be onsite Monday through Friday and his schedule for classes can be found online or in our staff office. Ron offers clinics for all playing levels and session information is found on the schedule.

As the new Executive Director of the CVE Clubhouse and Recreation Properties it is important for me to hear from our residents of their concerns and ideas for improvements. If you would like, please stop by the Bay Management office and fill out a request form or attend one of our monthly recreation meetings for the open mic session. I look forward to hearing from you.

Enjoy the month of October!

VILLAGE MEETING MINUTES

Joint COOCVE Exec. Committee and Council of Area Chairs Board Meeting - September 12, 2018

COOCVE Vice-President Richard Rosenzweig called the meeting to order at 9:30 a.m. Richard led the Pledge of Allegiance and a Moment of Silence.

Treasurer's Report -

Richard Rosenzweig
The expenses for August were \$1,202.11; deposits of \$192 the opening balance was \$68,286.59. YTD deposits were \$52,292.11. The YTD expenses were \$37,223.03. The current cash balance as of August is \$83,355.67.

President's Report -

Richard Rosenzweig
Richard stated that there are informational flyers available after the meeting on the recycling program. Plastics and pizza boxes cannot be placed in the recycling bins; these are to be placed in the trash bins. Susan mentioned that if the recycling bins are left open and the recycling gets wet, it is considered contaminated and the City

will not accept it as recycling. Richard stated that he would speak to the City about the water contamination. Residents need to remember to keep the recycling lids closed. A resident suggested to place additional signage on the bins showing what can and cannot be put in the bins. Richard responded that the City is working on that.

Richard then turned the meeting over to Pat Bidol-Padva, Chairperson of the Council for Area Chairs.

Master Management -

Dan Johnson
The East gatehouse is progressing; looking at a rollout toward the end of September to early October. An emergency repair will be conducted on the main gatehouse on September 18 - one lane will be closed. The paving project is 98 percent complete; striping in Tilford still needs to be finished. Five drainage basins were installed to the

area in Prescott which held water every time it rained. The lighting project is about one-third complete; Richmond, Berkshire, Swansea, Cambridge, Ellesmere, Keswick, Lyndhurst and Ashby are all complete - Oakridge is next. Beginning in October, barcodes will be free to help speed up the barcode lane. There will be a grace period as residents will be warned if they come through with just their ID. Once the season begins, IDs will be confiscated if you do not have a barcode on your vehicle and ride through the barcode lane. If you do not have a barcode, do not use the barcode lane.

Recreation - Rita Pickar

Rita mentioned that the Recreation meeting will be held tomorrow, September 13 at the Activity Center. The buses are back on the Clubhouse second floor; there are walkways to the elevators

which will take residents to the first floor. Remodeling of the first floor will be done in sections so that the entire floor is not closed. Dinner on the Town is being held tomorrow night, September 13 at Gulfstream Park; \$10/person. Rita asked residents to contact the Staff Office if they see anything that needs to be repaired; if it is not fixed, please let her know.

Seacrest - Jaqueline mentioned that all the Seacrest teams are prepared for a cleanup process in the event of a hurricane. If residents have questions about their annual meeting or budget, please reach out to Jaqueline or your property manager.

East Coast - Nothing to report

First Service Residential - not present

Areas:

Farnham: Pat stated that the Farnham area will be having a meeting devoted to

recycling on Friday, September 28 at 10 a.m. at the Richmond pool; all are welcome to attend.

Newport: Danielle LoBono asked why COOCVE is not having hurricane preparedness meetings which were done in past years. Richard replied that COOCVE has been dormant for the last several years and now has a new Board. This new Board had three floods in their office and will try and get these informational meetings scheduled once again. Information has been published in *The Reporter* on hurricane preparedness and it is also available in the Staff Office.

Clubhouse

Preventative Maintenance:

The second-floor lobby fountain has been cleaned and drained. A new control switch for the lights was installed on the pool canopy. The maintenance team replaced 300 feet of rubber which supports the discs on the shuffleboard courts.

Pools

Annual maintenance at the Upminster pool has been performed. The maintenance included pressure washing the restrooms and the exterior of the building; interior and exterior painting of the building; replacement of doorstoppers; interior caulking of fixtures; testing of emergency lights; painting of the entrance and hallway;

safety checks on all electrical and painting of the lollipop lights. Berkshire, Ashby and Richmond pools are next for annual maintenance. Two of the restrooms at Berkshire and Richmond were converted to key light switches. A new van was purchased for the maintenance team; the current van had rusted and became a safety issue. A new pool pump and additional landscaping have been installed at the Durham pool. In preparation for hurricane season, some excess lounge chairs were moved to storage. Four new pool heaters were installed at the satellite pools and a new filter was installed at the Clubhouse pool. Due to technical issues, circuit boards were replaced at two satellite pools. During a recent storm, some damages were incurred in the Village. A fence at the pickle ball court; repairs will begin on June 26. A tree, which has been cut and trimmed, an umbrella at the Clubhouse and two windscreens at the Richmond pool, which can be repaired.

Maintenance

A total of 185 work orders were completed in the month of May; 15 remain open.

Clubhouse Diner: The A/C motor was replaced at the Clubhouse Diner.

Special Projects
Clubhouse Restroom/First Floor: Concrete, plumbing,

electrical and tile work are all complete. It is anticipated that the restroom will re-open on July 9.

Pool Houses: Renovations for the pool houses at Ventnor and Westbury will begin on July 9. These pools will be closed for approximately 12-16 weeks.

Shuffleboard Canopy Phase 2: The installation of the shuffleboard canopy will begin today, June 12.

Clubhouse Floors: The Committee has chosen a tile and carpeting for the flooring of all the major areas in the Clubhouse; this excludes some rooms that branch off the hallways. This project will begin in mid-July and will not interrupt anything in the theatre. The interior painting will also be done at this time. Sections of the Clubhouse will be closed at one time so that all work will be done (carpet, tile and painting) before it re-opens. Closures will be announced to residents in advance.

Pickleball Court: Permitting is in the process to install four new pickleball courts which will be located along the edge of the golf course and across from the shuffleboard courts. Weather permitting, demolition will begin mid-August and be completed no later than October 15.

Party Room Doors: The current party room doors are being converted to automatic sliding doors and should be completed no later than July 23.

Community Announcements

Dinner on the Town: A trip to Palm Beach Gardens Mall has been scheduled for June 21.

Baseball Game: Yankees at Marlins - August 21; only two tickets remain.

Rita asked if the Petanque vendor can look at the puddling on the court. Kelly responded that they have a solution but are waiting for the rain to stop.

Fran mentioned that at last month's meeting a discussion on dancing during the Sunday night shows was brought up and the Committee tabled the discussion for a workshop. Fran mentioned that the attendance at the last two shows has been low. Since the attendance is currently low those who want to dance can do so in the perimeter area unless the attendance picks up and the tables become filled.

Jay stated that he is concerned the vendor, who is installing the pickleball court, stated they will have them completed in two months. Kelly responded that the permit paperwork is being submitted and will take about 30 days. Jay also suggested that we let the residents know that the pool houses will be painted all the same color. Kelly responded all pool houses will be painted a linen color on the base and an aqua color to match the logo.

Rita reminded residents that the Committee reads all the comments that are submitted. She thanked the residents for their patience on the many changes that are currently being made; the Committee understands as they too live in the Village. The second-floor hallways have been painted and porcelain tiles will be replacing the existing carpet. The second-floor should be open by the end of September. Every week security improvements are being made to the Clubhouse with the help of MM. On Friday, August 17 at 9 a.m. season tickets go on sale. This year, when ordering your New Years' Eve tickets, you will

be able to choose your table. Halloween Dance tickets will also go on sale Friday, August 17. Rita reminded residents that the Marlins/Yankee game is next week, and the bus will be leaving from the bus depot (flea market location). Residents interested in attending a hockey game should contact Rita. This week is your last chance to purchase tickets to Disney On Ice.

Bay Management Reports:

Clubhouse

Preventative Maintenance: This month, quarterly maintenance was performed on 31 chilled water handling units and eight a/c split systems located in the Clubhouse and restaurant. A fire extinguisher inspection was performed on 126 fire extinguishers located throughout the Clubhouse and at the satellite pools. 33 fire alarm pull stations were installed. Pro Courts repaired four petanque courts and the Swansea tennis courts were pressure cleaned. Annual maintenance was performed at the restaurant; including re-wiring of outlets, installation of emergency exit lights, painting of entire space and installation of three ceiling fans.

Pools

Annual maintenance was performed at the Berkshire,

Ashby, Richmond, Grantham, Oakridge and Lyndhurst South Pools. Annual maintenance includes pressure washing of the buildings and interior restrooms, painting of buildings (interior and exterior), replacing door stoppers, recaulking all interior fixtures, testing of emergency lights, painting entrances and hallways, safety checks of all electrical and painting of lollipop lights.

Maintenance

A total of 133 work orders were completed in the month of July; 19 remain open.

Special Projects

Pool Houses: Renovations are underway on the pool houses at Ventnor and Westbury. Completion is expected by the middle of October.

Clubhouse Restroom Renovations: The renovations to the restroom on the first-floor main corridor of the Clubhouse are now complete.

Shuffleboard Canopy Phase 2: The installation is complete, and the final inspection was passed.

Clubhouse Floors: Tile, carpeting, and painting are underway and expected to be completed by the end of September. When the second-floor is completed and open, the first-floor will close.

Pickleball Court: The four

pickleball courts, that are being constructed in the Clubhouse parking lot along the edge of the golf course, are currently in the permitting stage and are expected to be completed by November 1.

Party Room Doors: The installation of automatic sliding doors to the Party Room entrance is underway.

Community Announcements

Dinner on the Town: The scheduled trip to Disney on Ice is planned for September 13th; this is the last week to purchase tickets.

Rita mentioned that the petanque courts located furthest from the restaurant and near the bocce courts are still flooding. Phil agreed that the courts are flooding. He added that they do not play when/after it rains, and the water seems to dissipate pretty quickly from the courts. However, the bocce courts are flooding as well, and the water seems to last much longer on those courts.

Rita asked Kelly to notify Area Chairs when preventative maintenance is being performed at the satellite pools.

Fran mentioned that the East door to the Clubhouse is not working again. Kelly responded that Stanley Doors ordered a sensor which will be installed

on Friday. Fran stated that it has happened before and asked what is causing the sensor to go bad so often. Kelly replied that this is the first time the sensor was replaced but would look into it.

Fran stated that if residents did not receive a season brochure to pick one up in the Clubhouse. She also stated that the season showcase is available on the website for residents to view www.cveevents.com as well as Channel 98. The monthly sections of the video will be played intermittently on Channel 99 and on the digital signage in the Clubhouse.

Fran mentioned when residents purchase tickets online for the show *Howl at the Moon* playing at Le Club, residents will also pick their tables at the same time. When purchasing at the box office, you will be provided with a chart to pick your tables.

When purchasing tickets, the day of our summer Sunday shows that are temporarily taking place at Le Club, residents can purchase tickets beginning at 6:30 p.m. in the lobby of Le Club. Fran thanked the Staff as well as the volunteers working on the shows at Le Club.

In attendance: Jay Baimel, Marj Campbell, Susan Dove, Rita Pickar, Phil Raymond, Fran Stricoff; Representing Bay Management: Mike Burdman; Representing COOCVE: Richard Rosenzweig.

The meeting opened with the Pledge of Allegiance and a Moment of Silence at 9:30 a.m.

Minutes:

Rita mentioned that all the minutes since the summer will be printed in the upcoming edition of *The Reporter*.

Chairperson Comments:

Rita Pickar

The Committee wished all their Jewish friends and neighbors a Happy and Healthy New Year. Rita announced that Kelly Hampton has moved on and introduced the new Executive Director, Mike Burdman. Mike has been part of the staff since November 2017. Rita mentioned that the Clubhouse

remodeling is progressing. The sliding entry doors to the Party Room have been installed. The Party Room will be reopening shortly for movies and bingo. The Committee thanked the residents for their patience on the inconveniences and reminded them that the improvements to the Clubhouse increase the value of everyone's condominium. The Committee is hopeful that next week, the Community Appearance Board will approve the new pickleball courts so that construction can begin. The ticket sales for this year's shows have surpassed last years. Residents who have not purchased their show tickets are urged to do so. All the pool houses have received a fresh coat of paint and new signage is being installed beginning with the Lyndhurst South pool. The fitness program has been outsourced

to Transformational Fitness, a national company. The in-house supervisor is Lindsey Hamilton (LJ). The coverage hours at the fitness center have been increased and all present personnel are being interviewed. If their certifications are up-to-date, they will be re-hired with the new Company. 2-1-1 Broward Touchline is a free service that offers a daily telephone call for residents over 60 years of age who live alone and need someone to check on them. The purpose of the program is to ensure that older adults can maintain their sense of well-being while remaining in their homes and community. There is no cost for this service.

The Mayor's Message

By Bill Ganz, Mayor/ City of Deerfield Beach

Century Village friends and neighbors, Fall is finally here, and I hope you are as ready as I am to say, *Goodbye*, to scorching temperatures. For those of you who spent the summer break away from Deerfield Beach, welcome back. The essential item that you need to be updated on as you get settled in is recycling.

In early July, the City's recycling program was temporarily suspended. Due to the rising costs for recyclable processing and low global demand for materials, the City Commission voted, 3-2, against entering into an unreasonable contract with Waste Management. It was I, who cast the decid-

ing vote against this contract that was not meeting some of the unique needs of our City. During this period of time, we also found that our contamination rate was also a big contributor to the overall problem, with respect to costs.

Friends, I am here to tell you that while some of us have been recycling right and paying close attention to the items we are putting into the recycling bins, more of us have been recycling wrong. Many of us have been putting our recycling into plastic bags, then discarding those in the recycling bins – not understanding plastic bags are a major contamination issue. Some have been putting dirty pizza boxes or food cartons

with other food residue into the recycling bin. This is all wrong and it is costing us, on a local and global level. We must change what we are doing and we must change it immediately.

On Thursday, August 16, 2018, the City Commission voted 5-0 to approve a new Waste Management contract for recycling services. On

Monday, September 3, the City kicked off DFB Recycling Version 2.0. This relaunch of the recycling collection program is focused on bringing recycling back to its basics, and keeping it clean through the elimination of excess contamination.

DFB Recycling Version 2.0 program recyclables will consist of the following:

- Cans
- Dry paper
- Dry, flattened cardboard
- Plastic bottles, containers, and jugs
- Glass bottles and containers

All containers should have caps and lids removed and be rinsed and dried. The new program will no longer tolerate contaminants like plastic bags, pizza boxes and other food-contaminated items. The City will be regularly monitoring collection routes for these items.

Just because something can be recycled does not mean it is part of the DFB Recy-

cling Version 2.0 program. If it is not included in the program, then it is considered contamination. The more contamination the higher the costs to residents to recycle.

Know before you throw, and when in doubt, leave it out.

The City is asking residents to be vigilant. Recycling can be a great way for our community to do its part in protecting our environment for the future of our children and grandchildren. Please help us by doing your part and recycle right!

For additional information, please call the Department of Sustainable Management at 954.480.4391 or visit www.dfb.city/recycling. Check out the Recycling Frequently Asked Questions at www.dfb.city/recyclefaqs. Also, take a look at some of the educational video on the City website at www.dfb.city and our social media platforms (Facebook, Twitter).

From the Commissioner

By BERNIE PARNES, District 3 Commissioner

Century Village friends and neighbors, I hope your summer was a good one. For those of you who are making your way back to Deerfield Beach for the next few months I want to welcome you back and let you know that there are many exciting things happening in Century Village and in our wonderful City.

But first let me begin with an update for those of you who rent out your units seasonally. As of October 1, 2018,

all short-term rental units must register with the city. A short-term rental is any condo or home that is rented out for less than 30 days at a time or one calendar month, whichever is less. If this is the route that you are taking with your property you must know that there are rules to follow. Registration is one of those rules. Registration forms can be obtained from the City Clerk's office at City Hall located at 150 NE Second Avenue, Deerfield Beach.

Police are now allowed to enforce all traffic regulations on all main roads in our

Village. Recently, an agreement was reached between the Broward Sheriff's Office, the City, and Master Management that would allow enforcement beyond the entryways to Century Village. Police will be giving out warnings in the beginning, but soon after they will be giving out citations. Please slow down and obey the law. We are all responsible for keeping the roads safe.

October is a busy month for Deerfield Beach. Fall Festival will be taking place Saturday, October 20, at Pioneer Park, 501 NE Eller St. Enjoy a day of fun with the entire family! This festival event includes several fun activities such as picking out

the perfect pumpkin from the pumpkin patch, running through a hay maze, enjoying live entertainment, a friendly petting zoo, hay rides, tasty treats and much more! There are also Halloween events for the grandkids at the end of the month at the Villages of Hillsboro Park and Oveta McKeithen Park. For more information about those events contact our Special Events department at 954.480.4429.

If any resident has an issue or any questions regarding local government, please call me at 954.489.0214.

Finally, I would like to take this opportunity to wish all our Jewish neighbors a happy and healthy new year!

Bay Management Reports: Mike Burdman
Pools

Annual Maintenance was performed at the Markham, Oakridge, Lyndhurst North and Newport pools. This included pressure washing of the buildings and interior restrooms, painting of buildings (interior and exterior), replacing door stoppers, re-caulking all interior fixtures, testing of emergency lights, painting entrances and hallways, safety checks of all electrical and painting of lollipop lights. The main pool pump was replaced at the Ventnor pool and additional filters added and the main pool pump was replaced at Upminster. Re-furbishment of the plants will begin shortly at the following pools; Berkshire, Oakridge, Markham, Lyndhurst South,

Westbury and Upminster.

Maintenance

General maintenance issues at the Newport tennis courts are being addressed, clock and irrigation.

A total of 130 work orders were completed in the month of August; 36 remain open.

The Ventnor tennis courts were pressure washed, sliding doors were installed in the Party Room and the Markham pool canopy was sealed.

Special Projects

Poolhouse Signage: Installation began this week with the Lyndhurst pool.

Clubhouse Renovations: This project is ongoing, and the second floor is almost complete; waiting on the installation of the carpet.

Fitness Center: For the last two weeks, TF Living has been running the fitness center.

Pickleball Court: Waiting for approval from the CAB and hope to break ground by the beginning of October with

a completion by the end of November.

Community Announcements

Dinner on the Town: Dinner on the Town is being held tonight, September 13 at Gulfstream Park; tickets are still available at the box office.

Halloween Party: The annual Halloween party will be held on October 27; tickets are available at the box office.

Theatre Tickets: Shows are selling quickly; residents are urged to purchase tickets to their favorite shows.

Phil Raymond asked who the decision maker is on the placement of the signage located at the pool houses. Mike responded that the placement was made by the previous Executive Director. He mentioned that the sign at Oakridge is hidden by trees. Mike stated that he will look as it can easily be moved.

Richard Rosenzweig thanked the staff for their assistance as they worked

through some of the flooding issues. COOCVE is working on maintaining regular hours and returning calls as quickly as they can. They need volunteers to assist in the office. COOCVE is working with the staff office to post hurricane information on channels 98/99. Rita mentioned that in recent years, COOCVE requested Building Presidents to provide them with a list of residents that require assistance if an evacuation is necessary. Richard mentioned that residents who live alone should be using the 211 Broward to alert the proper authorities. Susan Dove mentioned at the Reporter Office and Staff Office, residents can pick up a brochure that was printed on hurricane preparedness. Rita reminded residents that free barcodes will begin October 1. If you do not have a barcode and are driving in the residents' lane at any of the gates; you will be turned away. Your ID will

be taken away and you will be given a card to bring to the ID office to obtain a barcode.

A Message from the Editor

By MICHAEL ROSENZWEIG, Editor-in-Chief

The Demise of Honest Journalism

Wikipedia refers to journalism as: *the production and distribution of reports on recent events.* The concept of truthful journalism may never have existed since the dawn of time. Even when Moses brought down the Ten Commandments written on tablets of stone from Mount Sinai, they were written to provide forceful spiritual guidance to humanity from the Lord.

The founders of this great nation formulated the Bill of Rights as the first ten amendments to the Constitution.

The very first amendment states that our government shall make no law re: the right of the people to have the freedom of religion, speech, infringing on the freedom of the press, or to peaceably assemble or petition the government.

So, the founders believed that having a free press was such an important aspect of a government of, by and for the people that they placed the notion in the first amendment of the Bill of Rights. A free press is supposed to provide a means for accurately and truthfully reporting the news

of the day as well as all the actions taken or inactions of the peoples' government.

The fact that our radio, television and print media in this great country are free, as it should be in all representative democracies, should be a vital service for the people to find out what's actually taking place in their world and what their government is up to.

Unfortunately, the free press has evolved into a self-righteous entity with varying political agendas. The limited quantity of factual news and events reported on is often accompanied by bloviated opinions of reporter and/or writer. Opinions of reporters, writers and editors have no place in honest journalism, and should be published as editorials in the

appropriate venue or section of the publication. The cable news networks as well as the major traditional networks promote certain political biases by slanting their coverage one way or another. This does not mean their news is *fake*, as some people have intimated, but it does mean that viewers and listeners need to watch and listen with a very open mind.

As is stated in the mission statement of every edition of this periodical, the *CVE Reporter* exists to chronicle the events of Century Village East and is committed to be the source of essential information and entertainment for all our readers.

Opinion THE MAIL BAG

We encourage letters that enable our readers to *sound off* on any subject. However, we will not print letters from the same person on the same subject in two consecutive issues. Also, letters must be from CVE residents, signed and, if possible, typewritten and double-spaced. Please include your phone number. When we receive letters about applicable contractors, please remember that the *Reporter* does not endorse any single company. Residents are free to make their own choices each year. Criteria for letters that will not be published: Letters in poor taste, demeaning and not verifiable.

Neighborhood Behavior Gone to the Dogs

To the Editor:

My name is Elisha Wagman and besides being a resident of Grantham E in the Village, I am a professor of writing and a published author of essays, articles and short stories.

Today, I am submitting an article for publication in *The Reporter* titled, *Neighborhood Behavior Gone to the Dogs*, which accounts the recent harassment I've suffered in the Village after acquiring a feder-

ally approved and nationally registered service dog.

Besides being against the law, and the American Disabilities Act, the harassment we've suffered is prejudiced and unneighborly. If I, the owner of a legitimate, registered service dog is suffering in this way, I can only imagine how those with emotional support animals are treated. This saddens me because a therapy dog is no less legitimate than my dog, and just as I shouldn't have to dis-

close my disability to anyone be they a fellow resident or Board member, nor should a resident living with anxiety or depression. The Village community urgently needs an education on the Disabilities Act and how, dogs like mine improve the lives of residents.

I'm not naive enough to believe that education will solve all the pet problems at the Village, but it's likely the best place to start. I know that some residents will never acclimate to seeing dogs on

the walkway, be they service or therapy animals, or merely a visiting pet, but learning what does and does not constitute harassment, and what is in breach of the American Disabilities Act will ensure that my dog and I aren't harassed each and every day, and that my disability isn't constantly questioned.

At the end of the day, it's my hope that human decency trumps all this angst about pets in the Village. After all, many of us are here to better our health and live an active lifestyle, not to engage in petty dramas that upset everyone. In fact, almost all the residents I've come to know and call friends, are the kindest people around, which is why when the odd rude resident poisons our Shangri-La with prejudice it spoils this paradise for us all.

Clubhouse Security
To the Editor:
The Clubhouse security

system is in disarray. I have repeatedly asked if or when the current holes in the security system will be fixed. By holes I mean specifically at least four ways I have advised CVEMM where people may enter the Clubhouse without an ID check. They try to blame the Recreation Committee, but it is totally a Master Management decision. Their standard answer is that it is a work in progress. It seems to me that this indicates that they have no idea if or when it will be fixed.

I personally know many on the Master Management board and know that they care about the residents. However, I think it is imperative that they speak up and have the leadership be more open. I believe that Master Management has a responsibility to let all residents know NOW what the Clubhouse security system will look like, how it will work and when it will be completed.

CHARLIE PARNES
Ventnor Area Chair

I.D.'s and GUEST PASSES

BAY MANAGEMENT

All Owners / Renters MUST have an ID to enter the Clubhouse. All guests MUST have personal ID on their person at all times. Admittance to the Clubhouse will be denied if the appropriate ID is not available and presented to Security for review.

Guests

Guest must always be accompanied by CVE resident to the I.D. Office or a letter from the home owner (when not in residence) giving permission to occupy the condo is required, along with the building president's signature and the building seal. Approval form is available at the I.D. and Staff Offices.

***2-14 Day Passes..... \$10**

A pass for more than fourteen (14) days is at the discretion of the Board of Directors of your building, no exceptions. Approval form must have the signature of the building president and the building seal.

Additional consecutive weeks \$25

These additional weeks would be considered weeks three (3) and/ or four (4) of the same 29 day period. After 29 days, a guest is considered an occupant and, in terms of Clubhouse use, a background check must be done.

**14 day passes cannot be purchased consecutively. There must be 14 days between your last date on the previous pass and the date in which you are purchasing a new 14 day pass. If purchasing a pass inside the fourteen (14) day period you must purchase an additional week at \$25.*

Occupant

Any individual residing in a unit more than 29 consecutive days is considered an "Occupant." A background check is required for recreational facility use.

Guest Privileges

A guest pass entitles the holder to the use of all facilities, with some limitations.

Fitness Center: November 1 through March 31, Guests can only access the Fitness Center after 1 p.m.; April 1 through October 31, guests may use the Fitness Center during the Center's regular hours.

Show Tickets: If space is available, Guests exhibiting a guest pass will be able to purchase show tickets; without the guest pass, guests must be accompanied by a resident or tenant. Guest tickets may have a surcharge added to purchase price.

Classes: Guests cannot participate in any classes offered by Recreation, including tennis, swimming or aerobics.

Gate Pass

Relatives who are frequent visitors of a CVE resident must show a valid Florida Driver's License or proof of residency within a 50 mile radius, a Gate Pass form signed by the CVE resident and the Building President and affixed with the Building Seal. Gate Passes are renewed on a yearly basis at the management's discretion. Cost is \$25 per year. Gate Pass form is available at the I.D. Office.

Companion/Nurse/Aide Pass

The Companion Pass requires a 30 day Companion Form signed by the resident. The compan-

ion form must also have the building president's seal. First time Companion Pass requires a picture I.D. This pass can be renewed every 30 days for a \$5 fee by presenting the completed form, including the president's seal. The Companion Pass only allows entrance to the Village; it does not provide any recreational privileges.

Car Sticker Regulations

BAR CODE: When you change cars, you must return your bar code (decal) even if in pieces. Remove your bar code and return to the I.D. Office in order to be issued a new bar code at a charge of \$5. Un-returned bar codes will be replaced at a charge of \$10.

Renter Pass Requirements

1. Signed lease: must not be for less than three (3) months.
2. Certificate of Approval with Building Seal.
3. Owner's I.D. turned in to I.D. Office
4. Cost is \$50 per person per year, which includes a bar code.
5. Background check is required.
6. All tenants must register their vehicle with the ID Office.

When selling your unit

All I.D.s, passes and bar codes must be turned in to the I.D. office prior to closing. Every outstanding item will incur a \$25 fee payable at the closing.

There will be no fee exceptions once a unit has closed - i.e. if an item is found and turned in AFTER the closing there will be no refunds.

COOCVE President's Report

By SYLVIA SMALDONE,
President/ COOCVE

Hello, Century Village East.
It's been a busy summer here, improvements are ongoing. CVE has projects everywhere; East Gate, Clubhouse, paving roads, parking spaces and pool areas, just to mention a few.

The unfortunate side of all these improvements is that the year-round residents pay the price. Yes, that's correct, the year-round residents. Every year, during the summer, that's what happens; the snowbirds have no idea what these residents must sacrifice. We have to say to the residents, "Thank you, for doing this for Century Village East."

COOCVE has their office back, now we can get started to set up seminars for the Associations Board of Directors and the residents. We are going to hold seminars for residents to learn about their by-laws, purpose of CVE Master Management, Bay Management and COOCVE. We will be holding a Town Hall meeting consisting of

the presidents from CVEMM, Recreation Committee and COOCVE. The residents can ask questions from any entity. The Town Hall meeting will also give you an idea of *who does what in CVE*. This meeting will give you a chance to express your thoughts.

Sheriff's Report

By SHERIFF SCOTT J. ISRAEL/
Broward County

Strengthening Security in Our Schools
Reporting suspicious activity or perceived threats at our schools just got a whole lot easier.
The Broward Sheriff's Office, in partnership with SaferWatch, recently launched an innovative new mobile app that allows users to report non-emergency incidents and tips in real time directly to BSO. The SaferWatch program covers more than 440 public, charter and private schools in Broward and gives students, parents and teachers the ability to submit photos, videos, audio files or text messages anonymously.

Whether it's a case of bullying, overhearing something of concern or witnessing an incident that gives you pause, the app provides a user an easy way to report important tips and information that may have in the past gone unreported. The information is then sent to BSO Criminal Investigations who will review the information and swiftly

take the appropriate action. The more eyes and ears we have in the community, the safer we all become. So, if you see something, send something through SaferWatch.
Another great feature about SaferWatch is the ability to alert users of an incident or event at any geo-fenced school in Broward County. For instance, if there is an incident at a school, all users of the app at the school and those who have chosen that school for which to receive alerts will be sent a notification through the app in real time.
SaferWatch is a remarkable

new tool, but it is just one of many ways BSO is working to strengthen school security.
This year, BSO is ensuring that an armed school resource officer, deputy or guardian will be on every public and charter school campus in all BSO-patrolled cities, from the open of school to the close of school. Larger schools have more than one deputy to provide for additional coverage. BSO also provides added armed security on every public and charter school campus in BSO-patrolled cities during the beginning and end of each school day, when the most people are coming and going from campuses.
In addition, we are also working closely with Broward County Public Schools to assist with the hiring, equipping and training of their armed school guardians for schools in all Broward County districts.
We also know that ongoing training and preparation are vital in every profession—especially law enforcement. To that end, we have provided enhanced tactical training to all BSO school resource officers in the area of active

shooter; initiated additional active shooter training for all sworn BSO personnel; and trained and equipped all school resource officers with smaller concealable long gun firearms to ensure they have immediate access in the event of an active shooter incident.
BSO is making heavy, but prudent use of the Risk Protection Order Act (RPO), or red flag law, which passed earlier this year. The law is a valuable tool to prevent gun violence by helping keep firearms out of the hands of individuals who demonstrate an obvious threat to themselves or others. Already, BSO

has utilized RPOs dozens of times—more than any other county in the state.
We are working on the formation of a dedicated threat assessment division which will serve as a clearinghouse for all information related to individuals who potentially pose a threat to our schools and the communities we serve. These enhancements are just some of the ways BSO is working to help keep our schools and our children as safe as possible.

Bicycle Safety

Bicycle riding is fun, healthy, and a great way to be independent, but it is important to remember that a bicycle is not a toy; it's a vehicle! Be cool – follow some basic safety tips when you ride.

Safe Riding Tips

See and Be Seen. Whether daytime, dawn, dusk, foul weather, or at night, you need to be seen by others. Wearing white has not been

shown to make you more visible. Rather, always wear neon, fluorescent, or other bright colors when riding day or night. Also wear something that reflects light, such as reflective tape or markings, or flashing lights.
Watch for and Avoid Road Hazards. Be on the lookout for hazards such as potholes, broken glass, gravel, puddles, leaves, and dogs. All these hazards can cause a crash. If you are riding with friends and you are in the lead, yell out and point to the hazard to alert the riders behind you.
Avoid Riding at Night. It is far more dangerous to ride at night than during the day because you are harder for others to see. If you have to ride at night, wear something that

makes you more easily seen by others. Make sure you have reflectors on the front and rear of your bicycle (white lights on the front and red rear reflectors are required by law), in addition to reflectors on your tires, so others can see you.
Many bicycle-related crashes resulting in injury or death are associated with the bicyclist's behavior, including such things as not wearing a bicycle helmet, riding into a street without stopping, turning left or swerving into traffic that is coming from behind, running a stop sign, and riding the wrong way in traffic.
For more information on bicycle safety, visit the National Highway Traffic Safety Administration (NHTSA) Web site at: www.nhtsa.dot.gov

Clubhouse Library News

By CINDY SCIACCA,

The end of the summer is here, and snowbirds are beginning to return to Century Village. There have been many changes to CVE over the summer and some changes are still being made. The entire first floor of the Clubhouse is still under

construction and is off limits for a couple of more months. Therefore, the Library will be closed during that time. We will let you know when we can reopen.

We would like to thank all the people who have stopped by our boutique over the years. Without you, the Library would not be able to purchase those new

mysteries, romances, intrigues, and other fiction and nonfiction books that you so enjoy. We have some stunning new jewelry and additional items that will be available for our reopening. Keep in mind, that additional support of donations is most welcome, and a tax donation form is available, if requested.

Leonardo da Vinci by Walter Isaacson
Walter Isaacson, who is presently a Professor of History at Tulane, has a vast background including a career at the *Sunday Times of London* and the *New Orleans Times*, Chairman of *CNN* and Editor of *Time Magazine*. He has authored several well-received books including *Benjamin Franklin: An American Life* (2003), *Einstein: His Life and Universe* (2007) and *Steve Jobs* (2011). In his latest 2017 release of *Leonardo da Vinci*, Isaacson brings a master to life for

the reader. The exciting biography is based on thousands of pages from Leonardo's own notebooks.

Bill Gates is said to have told his wife Melinda that he would be bidding on a notebook. However, this one, he advised her would be quite expensive. He won the bid for 30.8 million dollars and *Codex Leicester* is now part of his collection. More than 500 years old, it is one of 32 surviving journals of Leonardo da Vinci, with words that read from right to left.

Walter Isaacson found a way to connect da Vinci's

art to his science. Isaacson also seems drawn to write about genius and passion, two qualities Leonardo owned. Although he produced the two most famous paintings in history, *The Last Supper* and the *Mona Lisa*, in Leonardo's mind he was just as much a man of science and technology. He pursued with an obsessive passion innovative studies of anatomy, fossils, birds, the heart, flying machines, botany, geology and weaponry. His iconic drawing of *Vitruvian Man* made him history's most creative genius. Leonardo had a delight in combining diverse passions which appears

to be the ultimate recipe for creativity, and maybe for his own life as well.

Somewhat of a misfit; illegitimate, thought to be gay, vegetarian, left-handed, easily distracted, at times heretical and self-taught, Leonardo had a contagious enthusiasm which he loved to share. His life says the author, "Should remind us of the importance of instilling, both in ourselves and our children, not just received knowledge but also a willingness to question it... to be imaginative and, like talented misfits and rebels in any era, to think different." Without question *Leonardo da Vinci* is an artful read.

14th Fear Year of Shriek Week

By CARTER BOGUSH,
Marketing Coordinator,
City of Boca Raton

Celebrating its 14th Fear Year, Sugar Sand Park's Shriek Week is two weekends of Halloween entertainment for the entire family, featuring an indoor haunted house, an outdoor haunted walkthrough, shows, games, train rides, family entertainment, and food. The event takes place Fridays and Saturdays, October 19, 20, 26, and 27 from 6 p.m. -11 p.m., and LITE NITE on Thursday, October 25 from 5 p.m. -9 p.m.

Timed paid reservations are required for the indoor haunted house, which is appropriate for ages 7-12. Reservations are \$6 starting September 15, and \$9 starting October 6. Paid reservations can be booked in person, online, or by calling the Box Office at 561-347-3948. Reserve early...time slots do sell out.

During Thursday's LITE NITE (Oct 25) the haunted house will be open with brighter lighting, less in-

tense scares and modified soundtrack and audio, appropriate for kids ages 5-12. The second haunted walkthrough, Alien Lab, will be closed.

Redesigned each year with a new theme, the *indoor haunted house* is crafted with professional effects, lighting, sets and scare actors. This year, guests take a tour through the *Dreamy-Land Traveling Carnival*. In its heyday this traveling carnival boasted rides, arcade games, performers, and even live animals. But over the years, Dreamy-Land has become more of a *nightmare*, meant only for *die-hard* amusement park fans.

Nightly entertainment requires activity tickets, purchased on site at the event. All forms of payment accepted.

Activities include:

- Alien Lab: Haunted Walkthrough attraction (closed on LITE NITE, Oct. 25)
- LED lighted stilt-walking robots & DJ show (1st weekend)
- Magic shows with the Amazing Mr. A (2nd weekend)
- Indoor black light games (carnival games that glow-in-the-dark)
- Trackless train rides
- Interactive animal exhibit
- Glitter tattoos and crafts
- Carousel open later
- Trick or treating (FREE)

The Kids' Spooky Film Festival will also return for its seventh year. Selected films will be shown in the queue while patrons await their turn for the indoor haunted house. People can also watch films

and vote for their favorite online through October.

Visit www.SugarSandPark.org for complete information, or call the Community Center at 561-347-3900. Sugar Sand

Park is located at 300 S. Military Trail in Boca Raton.

Know before you throw,
when in doubt, leave it out.

How is the City bringing back recycling?

What is recycling contamination and why does it matter?

The City has created a new and improved recycling program called DFB Recycling Version 2.0. This new recycling program will focus on bringing recycling back to its basics, and keeping it clean.

DFB Recycling Version 2.0 will include cans, paper, cardboard, plastic bottles and jugs, and glass. All containers should be rinsed and dried. The new program will no longer tolerate contaminants like plastic bags, pizza boxes and other food-contaminated items. The City will be regularly monitoring collection routes for these items.

Know the Recycling Rules. Remember, just because it can be recycled, doesn't mean it is in our program. If it is not in our curbside program, IT IS CONSIDERED CONTAMINATION.

Recycling contamination is when incorrect materials are recycled. Some of the most common contaminants are plastic bags and materials with food residue like pizza boxes. With the advent of single stream recycling and "wish-cycling," (where people hope something is recyclable and throw it in) recycling contamination has increased significantly. Contamination causes an increase in the cost of processing recyclables and decreases the value of the material, which ultimately makes it more costly to recycle. The most recent composition study showed that Deerfield Beach's contamination rate was over 50% before the program's temporary suspension.

When will recycling collection resume?

What caused this change?

The City will resume curbside residential recycling collection on Monday, September 3, 2018.

Historically, China has been the U.S.'s main importer of recyclable materials. However, late last year China imposed a ban on materials that do not meet stringent contamination standards. Contamination has always been a problem, but it has become more of an issue with these changes in the market. Additionally, over the past several years, the overall value of recyclables has steadily declined.

How can I help?

How can I do more to save my planet?

Residents should only recycle items that are included in the City's new recycling program. Eliminating contaminants like plastic bags and pizza boxes is the way to create a more sustainable program. Check out www.DFB.city/recycling for details.

Keep watching the City's social media feeds for even more tips and tricks to becoming a smart recycler.

- Say no to single use plastics like straws, bags, and take-out containers.
- Visit www.dfb.city/greenercleaner page to learn how you can participate in a beach or neighborhood cleanup.
- Check out Stormy and the City's stormwater campaign on ways to be stormwater smart!
- Conserve water at your home by participating in the Broward Water Partnership and installing free low-flow water fixtures.
- Reduce your use of plastic altogether.
- Consider composting. For more information and to learn how just visit www.dfb.city/greenercleaner page.

Can I still put garbage in my blue bin come September 3, 2018?

No. Recycling routes will resume starting September 3. Your recycling collection day will be the same as it was prior to the suspension. **THIS MEANS NO MORE GARBAGE IN YOUR RECYCLING BIN.** Only recyclables that are on the program list are allowed in the bin, anything else is considered contamination.

A Message from Marty Kiar, Your Property Appraiser

Broward County Property Appraiser MARTY KIAR

Questions About Your 2018 Property Assessment or Exemptions?

The Property Appraiser's Office recently mailed over 775,000 TRIM Notices to Broward County property owners. These proposed notices show your 2018 property assessment, exemptions and proposed tax amounts. It is important to remember the Property Appraiser's Office does not set or collect taxes. We simply assess properties for tax purposes and grant tax-saving exemptions to qualified individuals.

If you have any questions regarding your property

assessment or exemptions, please contact my office directly at the following numbers:

Tax-Saving Exemptions & General Questions: 954.357.6830

Residential Property: 954.357.6831

Condo, Co-op & Time-Share Property: 954.357.6832

Commercial Real Property/Duplexes: 954.357.6835

Tangible (Commercial) Personal Property: 954.357.6836

Agricultural Property: 954.357.7471 or 954.357.6822

Report Homestead Fraud: 954.357.6900

If you have questions or concerns about any of the tax rates

or non-ad valorem fees, please contact the taxing authority listed on the TRIM Notice or attend one of their budget public hearings.

The ABSOLUTE deadline to file an application for any

2018 exemption or appealing your property assessment is September 18, 2018.

Value Adjustment Board

The Value Adjustment Board (VAB) is an independent quasi-judicial review board. If you believe your property assessment is not what a buyer would have reasonably paid for your property on January 1, 2018, you should first contact our office. If after speaking with one of our appraisers, you still do not agree, you can file an appeal with the Broward County Value Adjustment Board. If you were denied an exemption, you may also file an appeal with the Value Adjustment Board challeng-

ing this denial. The absolute filing deadline for Value Adjustment Board petitions is September 18, 2018. If you would like to file a petition online, please visit the VAB website at <https://bcvab.broward.org/axiaweb2018>. If you have any questions for the Value Adjustment Board, they can be reached at vab@broward.org or 954.357.7205. The VAB office is located in the Governmental Center at 115 S. Andrews Avenue, Room #120, Fort Lauderdale, FL 33301.

If my office can ever be of assistance to you, please do not hesitate to contact me directly at 954.357.6904 or by email at martykiar@bcpa.net.

Fee to Freeze Credit Reports Waived

The Credit Report Freeze Fee Bill that was signed into law in March is now effective as of July 1. The bill, which was sponsored by Senator Jeff Brandes and Representative Shawn Harrison and championed by Commissioner of Agriculture Adam H. Putnam and Chief Financial Officer Jimmy Patronis, eliminates the \$10 fee that credit reporting agencies charged Floridians to freeze their credit. A credit freeze prevents access to your credit report, which makes it more difficult for scammers to open credit lines in your name. The law also removed the paperwork requirements for victims of identity theft to freeze their credit without a fee.

Mystery Shopper Scams

Businesses may use *mystery shopping* as a research tool to determine online and in-store shopping trends to improve customer experiences.

Mystery shoppers are generally consumers who are contracted by a research firm to make a particular purchase in a store or restaurant and then report on the quality of the goods purchased, the services provided and the shopping experience as a

whole. Consumers should be cautious of certain scams that target those interested in becoming a mystery shopper:

- Be wary of unexpected checks in the mail. Scammers may ask you to deposit an unexpected check, withdraw cash from your personal account, and then wire that money back to them. Once a wire transaction is complete, it is nearly impossible to retrieve those funds.

- Never pay to become a mystery shopper. Scammers have created websites where you can *register* as a mystery shopper, but they require you to pay a fee for a certification program, a directory of mystery shopping companies, or a guarantee of a mystery shopping job.

- Be cautious of any jobs that offer *too good to be true* rewards or cash payments.

- Be wary of unsolicited email offers if you did not sign up to receive them from a legitimate research firm.

- Do your homework. Scammers often spoof popular mystery shopping company names. Research and contact companies directly through the Mystery Shopping Professionals Association website to verify the program.

Grilling Safety

Summer months are often spent cooking out with family and friends. It's important to plan ahead to make sure that your gathering is not only fun, but also safe.

Propane gas, a popular fuel for grilling, is one of the cleanest burning of all alternative fuels and is completely safe when used correctly. The Florida Department of Agriculture and Consumer Services is responsible for the safety regulation of liquefied petroleum gas wherever it is stored, distributed, transported and used.

To keep you and your family safe while using your gas grill this summer, follow these general guidelines:

- Always read and follow the grill manufacturer's instructions, including lighting instructions, and keep written materials and manuals in a safe, accessible place.

- Check for leaks and loose connections before starting a grill by applying a leak detection solution or mixture of soap and water to hoses and connections. Escaping gas will create bubbles.

- Place the grill well away from structures, deck railings and overhanging branches.

- Never leave a grill unattended when in use.

- Make sure all grill burner controls are turned off and that the cylinder valve is closed when not in use.

- Never store a propane cylinder indoors.

- Always use or store propane cylinders outdoors in an upright, vertical position.

- Do not smoke while handling a propane cylinder.

- Do not allow children to tamper or play with the cylinder or grill.

- Do not use, store or transport your cylinder where it would be exposed to high temperatures.

Florida's A-Z Resource Guide

The Florida Department of Agriculture and Consumer Services has created the A-Z Resource Guide to help Floridians find the most appropriate agency to contact for various issues. The A-Z Resource Guide is available online at FreshFromFlorida.com. The services offered to consumers are listed in alphabetical order, in addition to a search function that provides information about the regulatory agency and statutes, if applicable. This resource guide is available in English and Spanish.

The department assists consumers regardless of whether we regulate the

specific business or industry. If your complaint falls within our jurisdiction, we attempt to resolve your dispute and evaluate the business for compliance with applicable statutes. If your complaint is filed against a business that is not regulated by any federal, state or local government entity, we will attempt informal mediation to resolve the dispute. In the event that the complaint falls within another agency's jurisdiction, we will refer it to that agency.

Before engaging in services with a business, it's also a good idea to research the business to see if it has any complaints filed against it and, if so, how they were resolved. To do this, consumers can utilize the Business/Complaint Lookup feature on our website.

The Florida Department of Agriculture and Consumer Services is the state's clearinghouse for consumer complaints, protection, and information. Consumers who believe fraud has taken place can contact the department's consumer protection and information hotline by calling 1-800-HELP-FLA (435-7352) or, for Spanish speakers, 1-800-FL-AYUDA (352-9832) or visit us online at FloridaConsumerHelp.com.

SOUNDING BOARD

The Art of the Wonder

Text by SHELLY BASKIN

During one early evening in July, while sitting on my patio and relaxing, many thoughts came to mind: the day's activities, the upcoming shows, family, friends, and, of course, breakfast at the Deli. It was just another quiet time to unwind. This evening, however, there was a difference. This time I was equipped with my sound system.

My iTunes music was connected in my phone settings, my earphones were charged, my accessories were paired, and my lounge chair was inviting. Nothing was left to chance. The only thing now was to select the music. What kind of a mood was I in? Was it joyous, quiet, sad, happy? Or, was my interest this night quick, mellow, or loud? This is the beauty of classical music. I intended to find out as

I scrolled down the menu in my iPhone's menu.

Chopin, Beethoven, Ravel, Mozart, Haydn, Mussorgsky, or Hummel? I even have the *Mamma Mia* score to bring a little modern ABBA into my life. The choice was huge and the range of music was enormous. All moods were there to be played.

I began with a Beethoven Symphony, number eight, light, carefree, and melodious. The composer was born in

the late 1700s. I wondered if he ever heard any of his great works other than at a concert. He could not replay his music at will, as I can.

He could not summon up his only Violin Concerto at his beckoning. Nor, could this great master, listen to his monumental Ninth Symphony, the *Choral*, which requires a choir of thirty-plus voices whenever he wished.

In those days the composers had *copyists* that transcribed the music by hand. Every note, notation, instrument, sound, and shading marks were copied.

Remember, every member of the orchestra, needed a copy of their parts. The horns, tympani, flutes, bass, piano, violins, and all others, needed music. I wondered how well the concerts were performed. There were fewer rehearsals with less professionalism. There is a story that Beethoven's *Fifth Piano Concerto* was so difficult that he couldn't get anyone to play it for its introduction. He, therefore, played it himself. Today, every great pianist includes it in their repertoire.

Mozart. The genius. Also born in the 1700s, wrote hundreds, if not more, great works. I wonder. Was he able to listen to many of his great works more than a time or two? After all, he also could not carry an orchestra, or even a piano with him, as I am able to with my recordings. What they missed out on. Maybe Chopin, in the early 1800s, who wrote mostly for the piano, was able to listen to his works as he only required that instrument. He could bring back his music anytime. Waltzes, concertos, preludes, sonatas, impromptus. Anytime. Anywhere. He could sit at his friends' homes and give performances regularly. His lady love, an author, pen named George Sand, would enjoy his music frequently. It is known that as he watched her small dog chasing its tail, Chopin wrote the *Minute Waltz*. It is a piece that all students can play in a minute and a half. But, as in that composer's day, there was always a piano around.

I wonder how it was in those days. How many hundreds of musicians, or thousands, in the far past, were able to hear their great works over and over? Or, even several times. How many pieces were lost as there may have been but one copy at that time? How many concertos would have been updated or revised for improvement?

I will probably wonder forever. Thankfully, today we can listen to recordings of the great masters and enjoy.

The Other Side of the Coin

By MICHAEL ROUTBURG

The Other side of the Coin and the World is Flat

Previously, I wrote about the concept of Post Truth. Post Truth is when public opinion is better shaped by emotion or opinion (lies and half-truths) than by facts.

It seems that we as a world have seriously arrived at this Post Truth state of events.

Example: The UN voting that the Jewish people have no ancestral ties to Jerusalem is Post Truth. It would be like stating that the Arabs have no ties to Mecca or that the Catholics have no ties to Bethlehem. Statements need to have a basis in fact. Facts can be debated. They can be looked at different ways. But, there needs to be a factual starting point.

True or False

- The man on the moon was staged by NASA (never happened).
- The Holocaust never happened.
- Elvis is still alive and well.
- The Russians killed Kennedy.

- The Cubans killed Kennedy.
- Global warming is a hoax.
- Global warming is real.
- Florine in the water makes you sterile.
- Mercury in immunizations causes autism.
- Iran is a good partner for peace and does not want to develop the a-bomb for terrorism.
- Trump conspired with Russia to rig the election.
- Clinton created a fake Russian dossier to allow the CIA to spy on the Trump campaign.

The problem with most conspiracies is that there is not a factual starting point on which to base the conspiracy theory. Wanting to teach a class about the *holocaust deniers* a teacher created the following (I believe brilliant) lesson. He said to his class imagine that it is a long time in the future and people are claiming that terrorists never flew planes into the twin towers. He asked the class how you would answer since no one who survived the actual event was still alive to testify about it, and any video of the horrific event would be

rejected outright as manufactured and doctored up.

What starts out as statement becomes a zealous belief. Zealous beliefs are like religious beliefs and cannot be debated. People get emotional, and sometimes violent. Trust and honesty are missing from the discussion – as are any facts. The person who holds that opinion cannot be wrong because it is a belief, and facts cannot get in the way of a belief.

This is dangerous. This is the world we now live in.

So, let's be politically correct and vote - all in favor of the world being flat please raise your hand. Flat it is. Thank you for participating in this scientific experiment.

Donna Barbara Presser of Tilford X passed away on February 2, 2018

Text and photo by ERICA and JEREMY BILL

My amazing, outgoing, funny and unique Aunt Donna. There aren't enough words to describe how much you had an impact on my life. You passed away much too soon for any of us to bear. Though this time is tough for all of us, we know that you are watching over us

smiling and cracking the same jokes you used to. Donna is survived by her mother Elaine Bill, her brother Stuart Bill and his wife, Wendy, and her nephew and niece who wrote this article. Rest in peace to my aunt. I love you and will always miss you.

Senior Touchline

"If it wasn't for the call I get every morning from 2-1-1 no one would even know I was alive. It's such a good feeling to know that someone cares."

MAKING A DIFFERENCE FOR SENIORS
Seniors hold a special place in Florida, which has the nation's largest proportion of residents age 60 and older. There are over 339,317 year-round Broward seniors, with 11% or 37,325 living below the poverty line. Many of these seniors live alone and are finding it harder to afford and access proper nutrition, necessary medications and healthcare. They are struggling to stay in their homes and remain independent. [CLICK HERE FOR APPLICATION.](#)

WHAT IS SENIOR TOUCHLINE?
Senior Touchline is a free service that offers a daily telephone call for people over 60 years of age who live alone. The purpose of the program is to ensure that older adults can maintain their sense of well-being while remaining in their homes and community. Many times, receiving daily Touchline calls can prevent older adults from requiring more costly services or institutional placement.

Touchline calls also provide social contact and emotional support. The 2-1-1 counselor establishes a relationship with the senior and provides them with a sense of security and safety. In some cases, the Touchline Counselor may be the only voice or human contact the client will hear that day or week. One simple phone call can help give a client peace of mind knowing that a volunteer will be checking in with them at the same time each day.

HOW DOES TOUCHLINE WORK?
Each day, within a pre-determined time period, a 2-1-1 counselor calls registered seniors to make sure they are safe and well. If the 2-1-1 counselor is unsuccessful in reaching the senior after repeated attempts, the designated emergency contacts will be called and asked to check on the senior's well-being. If we cannot reach anyone, we contact the local police department to perform a senior wellness check to confirm their safety. In some cases, we will call to dispatch emergency services.

HOW DOES TOUCHLINE HELP SENIORS IN TIMES OF DISASTER?
Each year before hurricane season, the Touchline counselor will work with the participants to develop a plan of action in the likelihood of a storm. We review their options for evacuation and provide them with information and referrals about programs that can assist them with any special needs. After the storm, we will resume the daily reassurance calls to make sure all of our seniors are safe.

HOW TO SIGN-UP FOR TOUCHLINE SERVICES
Do you or someone you know over 60 years of age need to receive a daily reassurance phone call? If so, please fill out an application and mail to:

FOR IMMEDIATE RELEASE – September 24, 2018

Bicyclists Required to Walk Bikes Across Hillsboro Bridge

DEERFIELD BEACH, FL – The City Commission has approved an ordinance that will make it unlawful for bicyclists to ride their bikes on the sidewalk as they cross over the Hillsboro Bridge. The new law requires any bicyclist wishing to cross the bridge by using the sidewalk, to dismount and walk his/her bike across to the other side of the bridge. The City continues its efforts to increase safety for pedestrians as well as all other modes of traffic using the Hillsboro Bridge.

For more information, please contact the City of Deerfield Department of Planning and Development at 954-480-4206.

**Tips for
Traveling**

**Be Practical
When Packing**

Pack light. For a person traveling with at least some limitation, aim to pack everything necessary in a roll-aboard suitcase plus a medium size over-the-shoulder carry-on. Do not check the roll-aboard as luggage, as in-cabin flight staff will gladly stash it in the overhead rack. Such will save a lot of time at the final destination airport.

All prescription and over-the-counter medications should be placed in a one quart zip lock freezer bag, including also copies of any prescriptions and/or physician statements in the hand carry bag. Do not place the pill combinations separately into a separate plastic box as “the next combined dosage.” Such will never get through security. Enclose also any medical appliances such as extra braces or first-aid needs.

If toting gifts to relatives, do not wrap them. Place the items in the roll-aboard luggage.

**Think about
Safety, Security
and Comfort**

There are thieves everywhere and, particularly, in high-traffic travel centers. Don’t give the scalawags any opportunity to steal from you.

Women should not carry a purse but, instead, a money belt worn under a blouse or a neat Passage Wallet hidden under their coat by a neck cord. Men should not carry a wallet in his back pocket but, instead, the same Passage Wallet from the neck cord or as a hidden wallet tucked into his pants and secured by a cord to his belt.

If traveling alone, always keep your carry-on between your feet when standing, or with the shoulder strap looped around the leg of a chair when seated.

For comfort, consider the purchase of a travel pillow, a c-shaped balloon that supports the neck and head when resting aboard transportation.

FOR IMMEDIATE RELEASE – September 25, 2018

Traffic Impact Expected During Water Main Check

DEERFIELD BEACH, FL – The City of Deerfield Beach Environmental Services team will be conducting a citywide Water Leak Detection Survey beginning Wednesday, September 26, 2018. As a part of the routine maintenance program of the city’s water main system, workers will inspect the underground water distribution infrastructure and check for leaks throughout the system. This survey is performed to help prevent water loss.

The City’s contractor will begin the project in the neighborhoods east of I-95. The work will take place between the hours of 7 am – 7 pm, Monday – Friday. There is a potential for some of the work to carry into the evening or weekends. Please expect traffic detours as crews work as quickly as possible to wrap up this important project.

Work is expected to be completed before the end of November 2018. We thank residents for their patience and cooperation.

For questions or more information about the Water Leak Detection Survey, please contact the Department of Environmental Services at 954.422.5826 or 954.480.4400.

Happy Halloween!

By MICHAEL ROSENZWEIG

“Even those who are pure of heart and who say their prayers at night can become a wolf when the wolfbane blooms and the Autumn moon is bright!” So, said the old Gypsy fortuneteller, Maleva in *The Wolf Man* to Mr. Larry Talbot when she looked in his palm and saw the sign of the pentagram (five-pointed star). The bright full moon of Autumn conjures an eerie vision of ghosts, goblins, Jack-o'-lanterns and headless horsemen. This is Halloween.

The word Halloween is a contraction of *All Hallows' Evening*, also known as *All Saints' Eve*. It is a celebration observed in the United States and other countries on October 31. It is believed that many Halloween traditions originated from the ancient Celtic harvest festival called *Samhain*. In

some countries, Halloween begins a three-day observance dedicated to remembering the dead, including saints (hallows), martyrs, and all the faithful departed. The word Halloween is of Christian origin and dates to 1745. Halloween means *holy evening*, from a Scottish term for *All Hallows' Eve*.

After the mass immigration of Irish and Scottish settlers to the U.S. in the 19th century, Halloween became a major holiday in the U.S. By the first decade of the 20th century, Halloween was being celebrated coast-to-coast by people of all social, racial and religious backgrounds. The Jack-o'-lantern is a traditional Halloween symbol, carried around with a lit candle inside and used to frighten away evil spirits. In Ireland and Scotland, the turnip has traditionally been carved during Halloween, but immigrants to the U.S. used the native pumpkin

which is both softer and larger and easier to carve than the turnip. The American tradition of carving pumpkins is recorded in 1837 and was associated with harvest time in general.

Trick-or-treating is the customary celebration for children on Halloween. This practice is said to have roots in the medieval practice of *mumming*. It also has roots in Scotland and Ireland as *guising*; children going door-to-door in costume looking for food or coins.

The modern imagery of Halloween comes from many sources including Christian *end of times* study, national customs and works of Gothic & horror literature, e.g. *Frankenstein* and *Dracula*, and other classic horror films.

As the *Wolf Man* is dying, the Gypsy Maleva says: “The way you walked was thorny, through no fault of your own, but as the rain enters the soil, the river enters the sea, so tears run to a predestined end. Now you will have peace for eternity.” Happy Halloween to all!

We Will Never Forget

By MICHAEL ROSENZWEIG

It has been 17 years since the devastating terrorist attacks on the World Trade Center and Pentagon on September 11, 2001. On that fateful day, 2,997 innocent lives were lost because of the senseless act of terrorism.

Among those lives lost at the World Trade Center were 343 brave firefighters, 72 brave policemen, eight EMTs and 55 brave military personnel at the Pentagon. All remaining lives lost were innocent civilians. 2,606 lives were lost at the World Trade Center and 125 at the Pentagon. 265 innocents were killed on board the four planes used by the terrorists.

American Airlines Flight #11 had a crew of 11 and 76 passengers on board when it crashed into the north tower of the W.T.C. at 8:46 a.m. United Airlines Flight #175 had a crew of nine and 51 passengers aboard when it crashed into

the south tower of the W.T.C. at 9:03 a.m. American Airlines Flight #77 had a crew of six and 53 passengers aboard when it crashed into the Pentagon at 9:37 a.m. United Airlines Flight #93 with a crew of seven and 33 brave passengers who tried to subdue the hijackers when it crashed into a field near Shanksville, PA at 10:03 a.m.

The investment bank of Cantor-Fitzgerald L.P. located on floors 101-105 of the north tower lost 658 brave employees; Marsh, Inc. on floors 93-100 of the north tower lost 358 brave employees; Aon Corp. lost 175 brave employees. The remains of 1,641 victims at the W.T.C. site have been identified; there are still 1,112 victims missing and unidentified.

Please remember the innocent lives lost and the brave men and women who died trying to thwart the attackers and those who died responding to the attacks. The price of freedom is eternal vigilance!

Bea Rosner's 98th Birthday

Text and Photos by DEBBIE JUNIPER

Friends and family of Bea Rosner gathered to celebrate her 98th birthday on Saturday, September 1, 2018, at the Activities Center in Le Club. There were at least 50 people in attendance. Bea has been a very active member of our community, she still loves to sing, and I know first-hand

because she came to Marie's sing-along every Monday until recently.

Bea is an amazing woman. If you see her at karaoke at the pool, she'll take the mic and just start singing! So, happy birthday and many more from your dear friends at CVE Deerfield Beach. We love you!

Glenda and Chris Blackerflower our hosts, at the 2018 Ottawa Tulip Festival, guided our bike ride and field trip.

We toured the Rideau Canal, Tulip Gardens and historic buildings around Ottawa, Canada's Capital and crossed the Ottawa River for a short visit to Gatineau Quebec.

The ride included a stop for a picnic followed by tea/coffee and dessert at Glenda and Chris's home.

A good time was had by all.

Update on Recycling Materials and Outreach

Hello friends,

First, I want to thank everyone who reached out and agreed to help the City get materials to their residents. By now our single-family households have received mailers, multi-family management offices also received mailers, many of you have received the flyers, and many of you have also received links to some of the educational videos we have available for residents. I have attached a digital copy (front and back) of the brochure, the flyer, the official press release, and I have included below a link to our youtube channel and Facebook page, there you will find multiple recycling videos that we have produced and can be shared onto your community Facebook and Nextdoor pages.

In the next two weeks, single-family homes will also be receiving new bin stickers. Social media and the website (www.dfb.city) will be updated regularly, and Waste Management will begin outreach presentations at some of your communities. There is still time to request a presentation; please let us know if you would like to set something up for your community and we will help make the arrangements.

If there is anything that we are missing, please let us know. We want to do all that we can to get as much education out as possible.

Have a great weekend everyone,

Rebecca Medina Stewart

Just because it can be recycled, doesn't mean it is in our curbside program!

You Have the Power!

Ever wonder, "Why and how to recycle?" If you make it a habit to, "Know before you throw, when in doubt, leave it out," great things happen. Every day we encounter hundreds of recyclable items. By recycling properly, you help materials get to their next best use, which in turn saves tons upon tons of raw materials, time, energy and expense.

Time to Rethink Recycling

69% of plastic bottles don't get recycled.* 45% of aluminum cans end up in the garbage.* Liquids often spoil a whole load of otherwise recyclable paper. That's why it's time to get back to the basics of good recycling. The fact is that some recycling actions make a bigger impact than others. Knowing the Recycling Rules will help you rethink recycling to make a sustainable impact!

Just because it can be recycled, doesn't mean it's in our program! If it's not in our curbside program - IT IS CONSIDERED CONTAMINATION!

Visit dfb.city/recycling for a list of frequently asked questions and a list of recyclables and non-recyclables. For more detailed information you can visit Waste Management at www.RecycleOftenRecycleRight.com. Whether you're a home owner, teacher, city official, business, kid, or a recycling enthusiast, all the information you need to help pass it on is just a few clicks away.

HEALTH MATTERS

Hormone Health Herbs

By ELLEN KAMHI PHD, RN, AHG, AHN-BC / The Natural Nurse®

Herbs have been used since the beginning of time to help balance *Change of Life* challenges, such as Hot Flashes, Night Sweats, Mood Swings and other non-life-threatening symptoms that occur as we pass through into our Silver and Golden Years! Another secret is that *men* often experience the *same* hormonal challenges.... These tried and trusted natural botanicals can bring a world of relief, without the negative effects of pharmaceutical hormones.

Black Cohosh

- *Actaea racemosa* (*Cimicifuga racemosa*) - Root used to prepare remedies
- Called *black bugbane*, *black snakeroot*, or *fairy candle*
- Grows in woodland habitats
- Used traditionally to balance women's hormonal health
- Studied scientifically to help with menopausal symptoms and hot flashes

Damiana

- Genus species name *Turnera aphrodisiaca* reflects Damiana's reputation as an aphrodisiac
- Small shrub with yellow flowers in southern U.S. - leaf and branches used

- Reduces the effects of stress
- Supports healthy sexual function in both men and women
- Contains Antioxidants that supports overall wellness

Dong quai

- *Angelica sinensis* is in the same plant family as carrots, parsley and celery
- Health-promoting attributes are linked to several natural components such as ferulic acid and phytosterols
- Called Female Ginseng, due to its overall strength and system support

- Dong quai has been depended upon in TCM (Traditional Chinese Medicine) for thousands of years to support Women's Wellness Modern Science substantiates many ancient claims, including Dong's ability to help balance female hormones

Female Complex

- Traditional Female Herbal Formula available from Nature's Answer since 1972
- Combines traditional herbal therapies studied to provide
- Female Hormone Balance
- Dong quai- supports strength and wellness
- Red Raspberry- supports tonification of female system

- Black Cohosh- supports natural healthy estrogen levels
- Vitex Chastetree (*Agnus castus*)- supports natural healthy progesterone levels

Motherwort

- Motherwort (*Leonurus cardiac*) also called: lion's tail, lion's ear, throw-wort, heartwort, and *yi mu cao*.
- Wort means *plant* in old English - so Motherwort is a plant for mothers
- Tall perennial mint plant perfect for most gardens
- Has a cooling and calming effect
- Helps balance a racing mind and heart - especially at 3 a.m., when women often awake with *night sweats*

Primrose Oil

- Primrose Oil is extracted from the seeds of *Oenothera biennis*, a wildflower that grows in eastern and central North America
- Evening primrose oil has been used to support female

hormonal balance for hundreds of years

- Evening primrose oil is high in essential fatty acids, which are the building blocks for cell membranes and a variety of hormones and hormone-like substances

- High in gamma-linolenic acid (GLA), a *good-for-you* omega-6 fatty acid

Red Clover

- Red Clover Tops (*Trifolium pratense*), are the flowering part of a plant in the *Fabaceae* botanical family

- *Red clover* refers to the purple flowers that grow on top of this plant. Some people prefer to call it Purple Clover

- Red Clover is the National Flower of Denmark and the state flower of Vermont!

- Red clover contains a variety of naturally occurring constituents, including isoflavones, flavonoids, and mild phytoestrogens: Daidzein, genistein

- Vitamins, minerals and nutrients: B Vitamins, Vitamin C, Calcium, Magnesium and Chromium

- Supports Female Hormonal and Menopausal Stress

Red Raspberry

- Red Raspberry (*Rubus idaeus*) has been called The Vine of Female Vitality
- Raspberries grow on a prolific, red, prickly vine forming dense thickets...
- Raspberry leaf has been used by midwives throughout

history as a female balancer...

- The active ingredient in red raspberry is *fragarine*
- The leaf also contains calcium, magnesium, Vit C, carotenes, niacin, thiamine and other minerals

Vitex (*Agnus Castus*)

Chastetree Berry

- Attractive bush with finger-like leaves and thin violet, blue or pink flowers. The fruit produced by this tree is a dark brown to black berry, about the size of a peppercorn, with a spicy pepper flavor

- First mentioned in the 4th century BC by Hippocrates; indicated in The King's American Dispensary as a remedy for female balance

- Chaste Berry has been the subject of in-depth, placebo controlled double blind studies, which have uncovered some of the specific mechanisms of action that make it so useful support a healthy female cycle

Wild Yam

- Wild Yam (*Dioscoria Villosa*) is a tuber that grows on a vine with heart-shaped leaves
- Indigenous cultures have used Wild Yam to help balance female hormones for centuries

- Wild yam naturally contains phytosterols such as Diosogenin, which was used by the early pharmaceutical industry to create progesterone
- Wild yam is used as a nutritious food in Mexico and the Caribbean

CVE Athletic Class Description

You must consult your doctor before involving yourself in any exercise program. NO CLASS REGISTRATION NECESSARY! Athletic Classes are restricted to CVE Residents and Renters only; NO GUESTS! You must present your resident ID card to enter a class. NO GUESTS PERMITTED TO UTILIZE THE FITNESS CENTER BEFORE 8AM. Proper footwear is required. Please exit the Fitness Center if you need to make a phone call. DO NOT hang wet clothes or bathing suits over the Saunas. Lockers are not for overnight use- ALL locks will be cut every morning. Please clean/wipe down all equipment. If you are interested in learning how to use the equipment please see Security and sign up for one of our Orientation classes. Aquacise classes will be at the Indoor Pool when air temperature is 70 degrees or below, when it is raining, & when there is lightning.

HOURS: Residents only are welcome at 7am, Monday – Friday, and 8am on holidays and weekends. (6am Monday – Friday from November – March).
Guests are welcome in the Fitness Center daily at 8am from April – October. (1pm from November – March).

CLASS DESCRIPTIONS:

Aquacise (approx. 45 mins): Get in the pool and enjoy an invigorating class that gives you cardio respiratory conditioning. It also helps you with any arthritis symptoms by reducing the stress of joints.

Arthritic Aquacise (approx. 45 mins): This is an easy to follow class, focusing on building flexibility, balance, & strength to increase joint mobility and range of motion.

Awareness through Movements (Feldenkrais) (approx. 60 mins): This class is for every one of all abilities and age from individuals searching for relief from pain, though those seeking continued well-being to that seeking performance excellence.

Back in Action Fitness (approx. 45 mins): This is an upbeat low impact aerobic and strength training class that may be performed standing or in a seated position. The class includes energizing and easy-to-follow movements that promote heart-healthy, total-body conditioning to increase cardiovascular and muscular endurance. The exercises are designed to help you maintain healthy bone mass and prevent age-related muscle loss.

Body Toning & Weights (approx. 45 mins): This is a total body toning which helps those with problems of osteoporosis and muscle density loss.

Chair Yoga (approx. 55 mins): Same great results as Relax with Yoga for people who: 1. Have limited mobility. 2. Have difficulty doing floor exercise. 3. Have arthritis or other physical limitations. 4. Are recovering from surgery. *** Doctor Approval Recommended***

Easy Stretch (approx. 45 mins): This is a beginners approach to yoga with low intensity forms of stretching, combining mind and body, to relieve stress, and rejuvenate your spirit. It is a blend of traditional posture or forms and techniques to increase body awareness, flexibility, balance, and strength.

Indoor Cycling (approx. 45 mins): Indoor cycling, as an organized activity, is a form of exercise focusing on endurance, strength, intervals, high intensity (race days), and recovery. This class involves using a special stationary exercise bicycle with a weighted flywheel in a classroom setting with fun and energetic moves!

Line Dance (approx. 55 mins): An entertaining and fun class with choreographic routines that combine line dance patterns with other rhythms!

Low Impact Aerobics (approx. 55 mins): Low impact aerobics is a low intensity workout designed to help you condition the cardio respiratory system by using a diversity of exercises. The class starts with 30 minutes of aerobic workout followed by 15 minutes of weights and 10 minutes of abdominal work and stretching.

Meditation (approx. 60 mins): Recent scientific studies show that the practice of meditation changes the brain in wonderful ways affecting ability to have greater balance, more focus, increased compassion, less anxiety, and improved well-being. Meditation is a practice by which a person achieves a greater sense of awareness, wisdom, introspection, and a deeper sense of relaxation. It is the act of being precisely in the moment, neither controlling your mind rigidly nor letting it go completely, but being aware of who you are and where you are.

Pilates (approx. 55 mins): Pilates is a way of connecting the whole body and mind through proper breathing and slow, controlled movements to help you develop core abdominal strength and a leaner body by lengthening and stretching the muscles without building bulk.

Relax with Yoga (approx. 45 mins): Yoga is a practical self-discipline to gain mastery over body and mind, to increase strength, flexibility, balance, stamina and endurance in a positive mental atmosphere. There is special emphasis on proper breathing, relaxation and meditation techniques

Senior Balance & Flexibility (approx. 45 mins): The participants sit on and stand behind chairs while they move to the music through a variety of exercises designed to deepen core connection, agility, boost overall well-being, and gain improved balance. Followed by complete body stretch that will give you more freedom of movement for your everyday activities.

Senior Fitness & Weights (approx. 45 mins): This is a program to increase strength, flexibility, and energy through weight lifting and cardiovascular exercises.

Tai-Chi (approx. 45 mins): A series of slow, graceful, low impact movements developed thousands of years ago in China. Helps with balance and posture!

TaiYogaLates (approx. 45 mins): The instructor will combine TaiChi, Yoga, and Pilates for a total body workout focused on toning the glutes, thighs, and stomach. This low-impact workout will develop your core strength and stabilization through Pilates poses, improve your flexibility, muscular strength, posture, and alignment through yoga poses, while acquiring the benefits of correct breathing and the power of meditation with TaiChi.

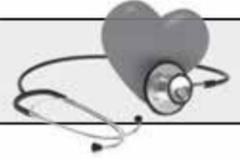

Zumba Gold (approx. 45 mins): The original concept of Zumba combines a dance workout with a party-like atmosphere. Zumba Gold takes the popular Latin-dance inspired workout of Zumba and makes it accessible for seniors, beginners or others needing modifications in their exercise routine. Zumba Gold builds cardiovascular health by challenging the heart and working the muscles of the hips, legs and arms with dance moves.

Zumba Toning (approx. 45 mins): Those who want to party, but put extra emphasis on toning and sculpting to define those muscles! The challenge of adding resistance by using Zumba Toning Sticks (or light weights), helps you focus on specific muscle groups, so you (and your muscles) stay engaged! Lightweight maraca-like Toning Sticks enhances sense of rhythm and coordination, while toning target zones, including arms, core and lower body.

Yoga Stretch (approx. 45 mins): This class is designed for those at the intermediate level to engage in the endless benefits of the yoga practice by enhancing your mind/body, increasing strength and flexibility.

Rock and Roll Club

By DEBBIE JUNIPER

Many of you may have had the pleasure of enjoying James Perkowski perform. If you're one of the lucky ones, then you know how incredibly talented he is. James is a tenor, and he does an amazing job no matter what type of musical genre he's performing; Pop, Rock, Jazz, or Doowop.

James genre is mainly opera, but he has spread his repertoire to include Rock & Roll! Not just any Rock & Roll. The 50s, 60s and beyond!

As the Rock & Roll Club president, it is my great honor to say James Perkowski will be my first special guest for the 2018-19 season at Le Club. Flyers will be available in the Staff Office in October.

All Rock and Roll Club shows at Le Club are always free.

Lessons to Learn

A chip on the shoulder
and angers that smolder

don't lessen or vanish
as one grows older.

~ MARIA L. DRAKE

At the Pool: Conversations 2

Uninformed, authoritarian, incoherent, unraveled, monolithic, compassionate
Always looking for new scripts...new revisions, new edits, flexibility
Dog eared moments influenced by research texts that I'm reading
Watching the birds taking on new lives on innovative air streams
Remaining impervious to heat and light, wisely using their wings
The nest is filled with time deferred barriers preventing coming home

While too much reality brings risks of doing good deeds...
Conversation voids facts as the *poolsters* abrogate their willingness to know
Self-defense mechanism kicks in, controversial words are censored
Phony discussions laced with fake disputations and convoluted logic
Reverberating with ideological musicality omitting Kumbaya

Mouths washed out with soap, deleted, expunged, crossed out, disparaged
The silence drifts into our brains like forest fire smoke...the truth facts
Stealth into our firewalled minds... shielded by our coloured poolside noodles
Testing our willingness to know and understand while editing truths
In our carceral retirement village we witness the foggy pace of our brains

Premeditated and deliberate gazing clear eyed at inconclusive agendas
Our brains go wonky; there is a method of madness to life's convoluted mess
The new normal has kicked in where truths are lies and lies are truths
The *fake news* can't explain sanity, morality or normalcy any more

The mesh of biological tissue inside our heads that assimilates and processes
The experience of everyday life, running as smoothly as a fine machine
Leading us to both destinations and conclusions generating conscious
unification
Despite millions of chemical electrical and hormonal processes

That shepherd our lives on a unified, whole correcting pathways
Our critical and analytical thinking skills have crashed in November
Denying what can't be denied, minimizing what can't be minimized
Forfeiting the fight for critical and analytical discourse
Deflecting, gas lighting, obfuscating, snowing, plainfolding, just lying
In truths absence there is absence
Seductive images, thoughts and emotions fluctuate, slobbering servility
The empathy and compassionate curves remain dark and unilluminated

The coldest hearts remain morphed from one position to another
All the while...
The zucchetto of Pope Francis is blown by a gust of wind as he attends a
ceremony in Alessano, Italy!
Can this bell ever be unrung? ...While the good father tries to keep order in
our noncompliant world.

~MARVIN HERSHORN

Botoxed

There she was in her perfect luluemon tennis garb playing Pickle ball
A breezy skirt with stretchy built in shorts...light weight mesh
Skimming over her body with a just right fit
The gripper elastic kept her garment from riding up
Her state of the art smart phone was evident in the drop-in pocket of the
liner
Threading her headphones through the cord exit to minimize cord bounce
Sweat layered design; there were no unplugged sweat stains
Her designer clothes were as dry as the Sahara Desert
In Florida's high humidity and 90-degree Fahrenheit temperature
Everyone else was profusely sweating...she wasn't!
With a swagger in her steps she prances confidently...
Proudly displaying her Givenchy chic low topped sneakers
With distinctive knots at the heel counter,
Made from subtle calfskin detailed with logo lettering
She wore designer slip resistant aviator Bottega Veneta sunglasses
With adjustable nose pads...of course, indulging her excessiveness
Flashing her capped tooth white as clouds perfect smile
She was a cosmetic dentist's dream template, in a world of superficiality
Giving it all on either the tennis court or the clubhouse
"I have to get my roots done." she declared. Perhaps a total dye-job
"Then I'll go for a pedicure and manicure," feeling smug with herself
The septuagenarian looked perfect, neither a wrinkle nor marionette lines
Stealthily Botoxed like an ageless avatar of Oskar Wilds' *Dorian Grey*
A narcissistic theater enthralled by a new hedonism... of toxic
superficiality
A testimony to the Academy of facial esthetics, a roundhouse swing at
aging
The Rhinoplasty nose job esthetically enhances the stunningly beautiful
face
So beautiful that few portraits may express her beauty
Her makeup was perfection as it was evident that she followed her own
critical path
Creating a perfect no makeup make up look framed by a Pixie hairdo
The protocols and rules of state of the art application of *putting on her face*
Flawless from start to finish, does she have a makeup guru?
Does she angst as to whether she is putting on her makeup correctly?
As she searches for beauty truths that she may never find
Her appearance is her power, her smile is her shield
A compass so reliable she maintains her patrician facades...
Without regret, waiting for praise that comes too slow
Like an act of pique, she defiantly declares, "Who really cares?"
Singularly resistant to scrutiny, feeling smug in the eyes of God

~MARVIN HERSHORN

Beach Walker

Here is a Chasid walking along the shoreline together with Hashem
Dreamscapes or pious thoughts under the umbrella of marshmallow clouds
Flashback to the soundtrack scenes from his episodic life

From transistor radios to Polaroid instant photos development
Transforming the terms of life's realities... swelling the hues of instant
narratives
Offering immediate relevance of a vision of the past, with sleight of hand
revelations
From his mouth to God's ear, his face reveals his cellular memory secrets

The eyes resonate when the heart is longing for truth
The search for justice, the suspense of time is an ordeal itself
Reflecting on the daily Daf Yomi study of mitzvah and Torah
His tongue remains the scribe to his soul, revolving around faith and learning
Of Rabbi Menachem Mendel Schneerson and the sanctuary of Chabad
Of the Ohel Chabad Lubavitcher at the Rebbe's Ohel
Life is episodic...more insightful, more imperative, and more daunting
Witnessing futility, oppression, cruelty... where countless lives
Are shortened by chronic war, disease, poverty and natural disasters

Where is God? A wise man hears one sentence and understands two
In the sand there were two sets of footprints
One belonged to him, the other to God
When the final scene of his life flew by
He searched for the footprints in the sand

Seeking heightened state of consciousness
That can open his spiritual experiences.
Allowing for a sense of compassion for himself and others —
That is a centerpiece of our atonement process for sins.
Observing that many times along life's pathway
There was only one set of footprints
He also concluded that it happened at the very lowest
Episodes of his life, the very stressful and saddest periods
Distressed, he wondered why Hashem's footprints were not visible beside his
At the hardest times, only one footprint set discernible
"Why you would leave me?" He asked
This really vexed him, and he questioned this conclusion
He heard, "I love you and I would never leave you.
During your times of trial and suffering, I walk with you
When you see only one set of footprints
It was then that I carried you."

~MARVIN HERSHORN

Observations

As I See It

By ROLF GRAYSON

Ben Gurion the statesman - Ben Gurion the prophet

As is my frequent custom, I will start my letter with a piece of memory going back to the darkest days of Nazi Germany. (This is a joke from those days)

The year is 1936, the place is the Berlin subway. Two Jewish men who knew each other, sat on opposite sides of the subway as one of them noticed the following. The man opposite was reading the *Stuermer* a most vitriolic anti-Semitic daily newspaper.

This man could not contain himself, went across the aisle and said, "Are You Meshugge (Crazy) what are you reading?" Nonchalantly the fellow put down the paper and said: "As is my custom early in the morning, I read the daily Jewish paper and find in it all kinds of atrocities against Jews, so I bought the *Stuermer* and

now I read, Jews have all the power, the money, the influence and so much more. Just please let me be and let me feel good for just a little while."

It was during the few months prior to the partition of Palestine when the UN was struggling to find the best way to implement this task. Meeting rooms were packed with all kinds of diplomats, as everyone was trying to be heard and given their opinion. Among them was the head of the Jewish Yishuf, David Ben Gurion putting in his lobbying comments to as many as would be willing to listen. When the job seems to be near completion Ben Gurion noted the Negev was not included in the Israeli planned part. With all his skill, personality and anything else he could muster including describing the high historical connection the Negev had to our Jewish history.

Most seemed puzzled, looking at this dried up desert and could not understand his

insistence. Finding not much objection they agreed in the end so the Negev a large and historical fruitful area became part of Israel so many people laughed at Ben Gurion's insistence except he did not *Just Wait*, he said.

When coming to Israel for the first time in 1976 just two weeks after the amazing six-day war we took a bus trip with an uncle and aunt of mine living in Israel, from Tel Aviv to Eilat, stopping among other places in Kibbutz *Sde Boker* for some sightseeing. It was there we learned that this was Ben Gurion's home and had a very interesting couple of hours. While in that country, I would never offer an opinion but was very glad to leave again as I found out what hell must be like.

When I called Ben Gurion the Statesman I admired him, his strength and vision, as far back as 1939 he foresaw in the face of international resistance, pro-Arab leaning and all that stuff, as he went before the world to announce *MEDINAT ISRAEL* the State of Israel.

Besides all his heavy duties guiding three wars and all that out came the Prophet. In this world nothing can exist without water, and the Negev will bloom again. Every spare shekel must go to the exploration of water use and saving, and the soon to be developed Negev.

This was 70 years ago. Israel fought six major wars, has an international outright anti-Israeli media to contend with and a huge wave of immigrants mostly penniless survivors from Hitler's Genocide.

Talking about reading Jewish papers, I do a lot of that. This week's 4/26/18 *Jewish World Weekly*, what a gem as it laid out Israel then and now. Today the export to Asia (India, China and Japan) exceeds \$15 Billion. The Army of Singapore was completely constructed, manned, trained and equipped by Israel. The water exploration is helping dozens of countries where we see for the first time in Arid Africa producing fruit and vegetables. Where Western countries are seeking Israelis help with disappearing drinking water,

including in California and Texas in the USA.

Saudi Arabia and Israel are beginning to cooperate in a relationship in both agriculture and high technology. The Negev is starting to build and populate settlements, drinking water and green patches of growing fruit and vegetable bearing crops. Israel's economy in per capita measurement is number seven in the world. While Palestinians are lingering in Arab created concentration camps being taught to kill infidels and Jews. Their economic position is worse than it ever was, as teachers stress death over life and destruction over creating and building.

While Hamas at the urging of Iran is once again starting there bi-annual wars against Israel, deliberately exposing many civilians to become casualties to gain the worlds sympathy, nothing will ever change for them as their backward-looking philosophy on life is death over life.

While billions enjoy the fruit of this lifetime, many hope for the next life to be better.

I'm Just Asking

By LEN WITHAM

It's been a long time since my column has appeared in the *CVE Reporter*. For those who thought I had bought the farm, sorry about that. With all the political unrest in the country I could not keep quiet on the subject of politics. Now, thanks to

medical marijuana, I am calm enough to communicate with you again.

When people are standing in the rain and you are in your dry car, why don't you let them cross the street? And drivers blowing through stop signs and crosswalks and speeding in the Village, what's up with that?

If a woman with kids in a stroller, an elderly person with a walker or cane, or a pregnant woman is entering a store, why don't you hold the damn door for them? And ladies, if someone holds the door for you (there are still gentlemen, but we are a dying breed) please say thank you.

Science has proven that Emotional Support Dogs keep seniors from becoming agoraphobic, malnourished, depressed and suicidal. They

lower blood pressure, reduce heart problems, help people recover from PTSD, keep the brain sharper and encourage exercise. And those of you with dogs, please pick up the dog poop so you don't spoil things for the rest who have dogs.

I'm just asking folks to give a shout out to the motorcycle riders in CVE for keeping their bikes on the quiet side.

Why, in Florida, does there seem to be more people who back out of park-

ing spaces without looking behind them? More people who shoot guns in the air on New Year's and July 4? More accidents on Route 95 than a Demolition Derby?

Until next time, I'm just asking you all to please commit a random act of kindness, be civil, and considerate to the people you encounter and tread calmly as you travel the long and winding road to the ultimate destination.

Time to Think Electric Vehicle

By DOMINICK PARISI

Put your thinking caps on. By the year 2025, General Motors and other automobile manufacturers will cease to make any gasoline or diesel vehicle engines. That is only a little more than seven years from now. My wife spoke to a visitor at the Clubhouse recently who asked her where he could plug in his electric vehicle at CVE. She told him there was no place she knew of. Think about it.

It is not just that electric vehicles are getting more popular, they are becoming inevitable. There are over 8500 condo units here at CVE, probably more than 10,000 vehicles in season. In only seven years, we will all need a place or a way to plug in new vehicles. Right now, there are no immediate options. What can we do? There are many potential methods to provide that resource. I will approach our (Har-

wood I) Board of Directors in December to begin to study the issue. One possibility might be for our association to purchase and install our own generating equipment, e.g., solar photovoltaic cells, an electrolysis device to split water into hydrogen and oxygen, a hydrogen storage device, a hydrogen fuel cell electric generator, new induction charging stations buried at each parking space and connected electrically to the fuel cell, etc. Imagine no one in your building ever needing to pay for driving fuel again. (The value of your condo will increase significantly.) Just pull up to your parking space and throw a switch. For associations who do not want to generate their own electricity, they can probably get FPL to install and meter their charging stations. You will just pay a monthly usage bill and for the installation.

The advantages of society going to all electric vehicles are significant. The vehicles are silent. Imagine no more combustion engine noise. Imagine more than 10,000 fewer toxic emission vehicles spewing fumes all over CVE. Those of us with respiratory ailments such as COPD, bronchitis, lung cancer and other respiratory illnesses will get a significant improvement in air quality. Our buses and service vehicles will also need to change to electric drives. Perhaps we can even get Seacrest and other gardening crews to ditch their gas-powered carts, weed whackers and leaf blowers to allow us all to breath something other than their stinky fumes. Gas stations, as such, will disappear. Only service stations that service EVs will survive. No oil changes needed. There are fewer moving parts in EVs.

The costs for replacing EV batteries are significant

and charging stations and other system parts will need to be repaired.

I believe it is time for Master Management and all Condo Association Board of Directors to put the topic of electric vehicles on their meeting agendas. I, for one, will start evaluating what type of EV to purchase. Nis-

san, General Motors, Tesla, Honda, Jaguar, Hyundai, Volvo, Audi, Ford, Toyota, BMW, Jaguar, Mercedes, all have great products in all price ranges. Several foreign countries will soon mandate only electric vehicles may be sold in their countries by the early to mid-2020s. This societal change is a worldwide phenomenon. It is way past time for CVE entities to study this issue.

Clubhouse Renovation Update

Dear Residents,

As season quickly approaches I would love to take the opportunity to share with you some of the exciting improvements that your CVE Clubhouse is currently undergoing. As most of you may know, the second floor has been undergoing a renovation for the past few months and everyone is eager to see what could possibly be “behind the curtain”, as well as what the plans are for the first floor renovation. While we all know that a renovation can be inconvenient to residents, please understand that to preserve the integrity of the building for years to come, a renovation was completely necessary and planned for. We apologize for any inconveniences that occur during this time and appreciate your patience and understanding as we push through to the second phase, the first floor. Now, on to the update!

Let me first start by assuring you that the Recreation Committee has been working tirelessly with designers, contractors, installation specialists and our recreation staff to bring you a fresh look and feel to the entirety of the club house. I would like to thank them all for their time and dedication to the community and I know they are just as excited as I am to open the second floor to you.

New tile floors, customized carpeting and soothing new color schemes are just some of the nuances you will find upon your first visit to the renovation. This, along with upgrades to doors and lighting will make for a brand new and uplifting experience each time you walk through the facility! I don't want to give all the surprises away in this letter but I can promise you that it will surely be something to be proud of, while also increasing the value of living in such a wonderful community.

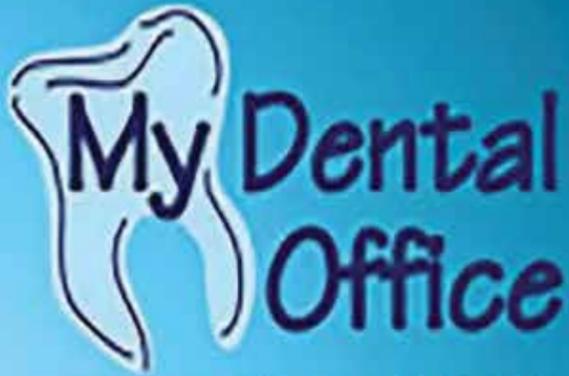

Once the second floor renovations are complete we will quickly begin work on the first floor. At the time of writing this update, no plans or timelines are in place for areas that will be cordoned off, but we will do our best to accommodate everyone during this time. During construction, all offices will remain open as usual, as well as the Fitness Center and Box Office. Once we have a definite timeline in place we will alert all residents and make appropriate accommodations. Buses will begin running to the second floor bus depot and will continue to run during first floor renovations. Theater and Partyroom functions will resume as usual as well.

Please note that the lobby elevator will be available for your convenience as well and service may only be temporarily disrupted while tile is installed directly in front of the door, at which time we will make sure to alert the community.

In closing I would like to thank you for your time in reading this update and I look forward to working with you all.

Text and Photos by SID BIRNS

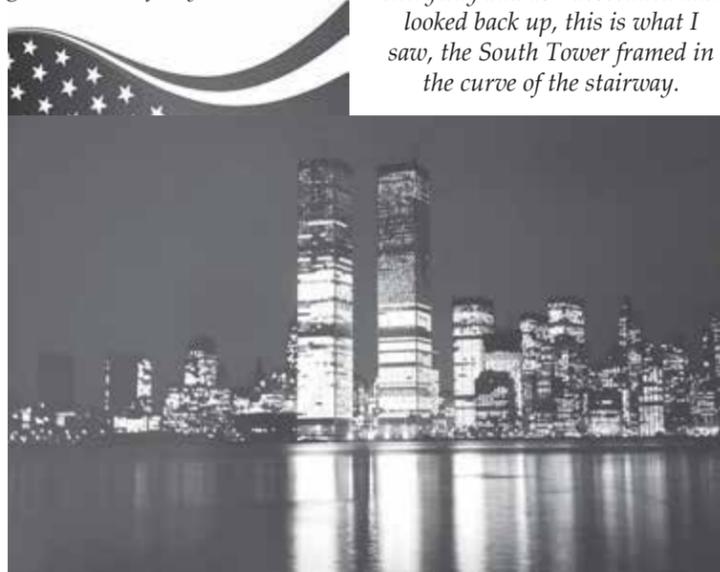

It's been 17 years and I really can't believe that many years have passed since the Twin Towers left the New York skyline.

The Towers to me, at their beginning, were a pictorial challenge, they were just two straight up and down buildings with no specific distinctions, nothing to make them outstanding other than their height. So, it became a ten-year photo project ending with them being brought down by crashing an airplane into them.

So many lives lost, and so many heroic actions that took place and so many stories that will never be told and this day too will be a day that will go down in infamy.

This shot unfolded for me, as I walked around the Towers looking to see if I could find another way to make the towers a more interesting photo. Well, it paid off, there was a subway entrance which had a curved entryway and as I descended and looked back up, this is what I saw, the South Tower framed in the curve of the stairway.

This photo was taken in the 1979's. It's part of a series of photos taken of the Twin Towers, that took about ten years to complete. This was a challenging project for me, as a photographer, as I saw these two buildings as nothing more than two straight up and down buildings, with no distinctive design other than straight lines. For this photo, I was on an assignment in New Jersey and on my way back to the UPI office in Manhattan when I spotted the towers with their reflection in the Hudson River...how could I resist not taking this shot?

The Truth and Nothing but and To Recycle or Not to Recycle

By MICHAEL ROUTBURG

Voluntary recycling in the Village has always been somewhat *iffy*. Most people want to do the right thing, but it is not always convenient. Convenience is a big, big factor, and the recycle bins are not always close to an individual's condo. The bins are also very difficult to use, since they have a center flap that flips open – but needs to be held open with one hand while you throw the recyclables into the bin. Also, people *thought* that recycling all the proper recyclables still in a plastic bag (Publics, Walgreens, CVS, etc.) was an acceptable method – it is not. Many of the residents are either physically challenged or of small stature and the situation becomes (Duh... Duh) Mission Impossible. My mom on her best days was 4' 10" tall. She would not have been able to negotiate the recycle bins.

We the residents of Century Village need to do this Recycling as a Mission Impossible. Deerfield Beach waste collection will be monitoring our recycling bulk for contamination. After six months of *training*, if we are still having a contamination rate over 18 percent, our recycling material will forevermore be hauled away as bulk trash. This means we will pay more for our trash pickup, and it ultimately means that our Master Management coupon will have to go up to cover the increased cost of the trash collection in the Village.

I would prefer not to spend the extra money on recyclable material to be hauled away as trash, and I also think it is environmentally irresponsible not to recycle.

So, listen up Century Village, recycling information is coming soon. Until then,

here is a brief 411 on what to recycle and what to not recycle. Remember, it is better to have good recyclable items in the trash than to have bad items in the recycle. Hey, if you have any ideas to help make recycling easier or better please contact Master Management.

Recycle:

- Clean food and beverage containers
 - Paper, newspaper, and magazines (dry please)
 - Clean food cartons and card board boxes (flattened)
 - Clean plastic bottles, jugs, and containers
 - Clean glass bottles and jars
- Don't Recycle:
- Plastic bags
 - Items with food still on them
 - Pizza boxes
 - Foam cups and foam containers
 - Clothing
 - Film-like plastic

OK So Now I Am 100 Years Old

By SY BLUM, Associate Editor

Mazel Tov says you. Thanks, but *No thanks*, says I.

Yes, reaching the century mark in this life is an achievement and an occasion to celebrate, as it is something that percentage-wise comparatively few of us reach. However, for this writer, and probably for most other centenarians it comes with a price. The price, of course varies for everyone. I can only speak for myself but what goes with me likely applies to others who have managed to survive a very long time in this troubled world.

If I had to choose one word to describe the world of centenarians, it would be *slow*. No, the world does not stop, but for the centenarian everything slows down, and it does not stop with just how you walk. You react more slowly to events and very likely take longer to ponder a question; in addition to having forgotten many important details.

Of course, no two individuals are alike but for this writer I find it takes me longer to react to a situation, mentally and/or physically.

First and foremost, in that regard, probably for many of us the time has come to cease,

or at least cut back, the length of time behind the wheel of your automobile. No, it does not come on suddenly. For me it was an incident recently when I stopped at my local gas station and found that I was ten yards from the pump when I thought I was much closer. Then just shortly after that, when entering our Village, I, of course, stopped at the gate. The gate rose but I didn't move until prompted by my wife.

The one thing that bothers me the most is that as these incidents unfold you are not aware of them transpiring as you probably would have been when you were younger. You foolishly believe that you have never lost a step. Psst. You have. Believe it.

I am also becoming aware that I am not as patient as I once was. I want things to conclude... *fast*, for better or for worse.

Fortunately, there is, at least in my mind, something that sort of compensates the centenarian and/or those close. You may remember a favorite radio program from long ago:

Uptown 🎵

Baron Munchausen, wherein the *Baron* told fantastic, unbelievable stories and when *Charley*, the listener, questioned the truth of the tale, the *Baron* came back with the query: *Vas you there, Charley?*

Of course, in most, if not all cases, *Charley* was not there. O.K., that was a form of entertainment of that era. However, flesh and blood centenarians, likely remember most vividly the historical, important events of our lifetime while those of the present can only read about them.

To my mind perhaps I could answer many of those, *vas you there, Charley (Seymour)* with a truthful "Yes!"

Hope you had a great Summer.

My Hobby

By ANNE SUMPER WEINSTEIN

I have a strange hobby: I like to read real estate listings. And in the Village, there are always plenty of listings to be checked out. I enjoy seeing how people decorate their condos and how they use their space.

My husband and I like to stage apartments. We are not experts in Feng Shui but we try to apply those principles in arranging our own residence.

At any rate, there is something I notice when perusing all these listings: the quality of the pictures. As the saying goes, one picture is worth a thousand words, so a real estate agent would do well to learn how to take good pictures.

If you are showing an apartment, you want to present it in the best way possible. Taking a photo of a sink, say, or a piece of furniture or a tile on the floor without taking a photo of the entire room and how that room flows into other rooms and spaces is, in my humble opinion, a waste of effort. Now, I'm not a professional photographer but if I can't get a sense of the apartment as a unit, I tend to pass it by.

Now this is just a suggestion to our real estate agents who work so hard to help us buy and sell our homes: learn how to take good pictures.

Cooke's Look at Books

By RICHARD WILLIAM COOKE

A monthly look at books of interest – new and, occasionally, not-so-new, fiction and nonfiction – available at local libraries, bookstores and from online booksellers.

The Great Alone

By Kristin Hannah, St. Martin's Press, 440 Pages, \$28.99

Want to get a feel of the real Alaska? No need to book a flight to Anchorage or drive the famed but desolate and often gravelly and pot-holed 1,400-mile-long Alcan Highway. Instead grab a copy of this new bestseller by lawyer-turned-writer Kristin Hannah.

"The vastness of the landscape dwindled down to the confines of their cabin. The sun rose at a quarter past ten in the morning and set only fifteen minutes after the end of the school day. Less than six hours of light a day. Snow fell endlessly, blanketed everything...wind scoured the landscape, cried out in pain... car doors froze, windows cracked, engines refused to start...people died for the smallest mistake – car keys dropped in the river, a gas tank gone dry. Bad weather deaths in Alaska are as common in the winter as frozen eyelashes."

Admittedly, winter in Alaska is far different from summer, but in this new novel winter is one of the challenges Ernt Allbright, a former POW, home from the Vietnam War, must face. After losing yet another job in the lower forty-eight, he makes the impulsive decision to move his family north to Alaska to live off the grid.

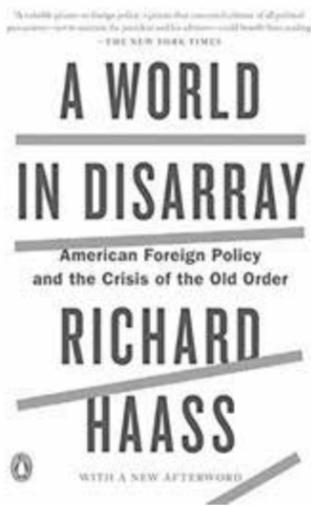

The decision is not a good one. What follows is a stormy relationship with his wife, his mental state, already fragile, deteriorates further, and his thirteen-year-old daughter becomes caught in the middle. At first, Alaska seemed to be the answer to Ernt's prayers

but in the wild, remote corner of the state, with winter approaching, the family begins to fracture, even as it tries desperately to survive.

In this unforgettable story of human frailty and resilience, told against the background of a place of incomparable beauty and danger, readers will become one with these characters who learn the terrible truth – in the wild, there is no one to save them but themselves.

A World in Disarray

By Richard Haass, Penguin Press, 339 Pages, \$28

According to Richard Haass, distinguished former White House staff member and currently president of the nonpartisan Council on Foreign Relations, *disarray* better than any other word captures the state of things in today's world.

Power is more distributed in more hands than at any other time in world history. The ability of the United States or any other power to control what is going on in the world is diminished. Relations between the major powers are deteriorating. The Middle East is unravelling, Asia is threatened by China's rise and a reckless North Korea. Europe, for decades the world's most stable region, is staggering under low economic growth, anger over immigration, and a rise in populism and nationalism.

And the election of Donald Trump has signaled rejection of certain aspects of globalization and international involvement, including borders open to trade and immigrants as well as rejection of a willingness to maintain alliances and overseas commitments.

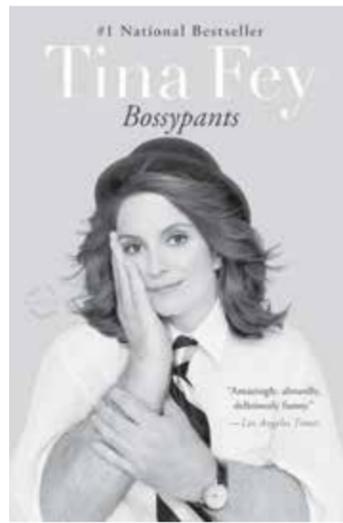

In this important new book, Haass makes the case that the world needs a new operating system – call it World Order 2.0. It would maintain respect

for sovereignty to prevent a world of frequent wars between states. Governments must be encouraged – in some cases, forced – to meet their obligations and to make sure that what goes on inside their borders does not threaten or injure other countries or peoples. Critics of the book have responded, "Isn't this what the United Nations was created to do?"

Haass insists the old order no longer works. "It will not be business as usual, as a result it cannot be foreign policy as usual." And, he insists there is hope. "The United States more than any other single entity can affect how history unfolds. There is little about history or the future that is inevitable. Ideas matter. People matter." Haass is optimistic in hoping the U.S. understands, as it has before during times of international crisis, what's at stake and acts accordingly.

Bossypants

By Tina Fey, Little, Brown & Co., 275 Pages, Paperback, \$15.99

Humorist and TV/film producer Tina Fey writes that she always fantasizes about quitting her job. "We don't need a lot of money," I tell myself. "We don't live extravagantly, we just live in an expensive city. If we moved to a little house in Pennsylvania, we could live like kings for a lot less!"

And we'd all be together, and we'd make cupcakes and plant a garden. And I'd be taller! Yes, somehow I would be taller."

About her male coworkers she writes, "I don't get distracted from my job any more than they get distracted watching March Madness or shooting one another with Nerf guns, or to spending twenty minutes on the phone booking a doggy hotel for their pit bull before a trip to Italy with their same-sex partners."

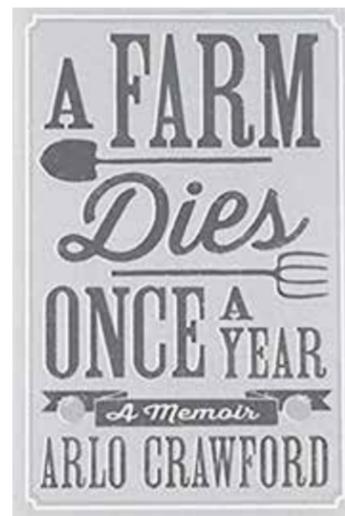

Fey's quirky, smart, refreshing comedy has won her fans and propelled her to the top of the TV/movie fame charts. This compilation of essays, her first book, skyrocketed to the top of *The New York Times'* bestseller list, stayed there for five weeks, and continues to sell well months later. One critic hailed, "The book is hilarious. Tina Fey is strong enough for a man but pH-balanced for a woman. She doesn't need to make an intellectual argument that women can be funny. She just is funny."

After college, Fey worked as a receptionist in her local Chicago YMCA and took night courses at *The Second City*, the Chicago-based comedy club that has been the springboard for other successful comedic actors. After becoming a member of *The Second City* troupe, she quickly became one of its best-known characters which led to her being offered a job at NBC's *Saturday Night Live*, where she gained an immediate national following, her spot-on imitation of Sarah Palin being one of her best.

As one critic writes, "Fey is an uncommonly flexible, sensible, reflexively funny comedy goddess in eyeglasses, her custom-quality, hand-crafted BS detector makes *Bossypants* irresistible."

A Farm Dies Once a Year

By Arlo Crawford, Henry Holt, 258 Pages, \$25

Author Arlo Crawford writes in this flat-out beautiful memoir that, like a lot of people, he wasn't feeling satisfied with his job but didn't see many other options – until he began thinking about his idyllic childhood growing up on a 75-acre farm in south-central Pennsylvania. He remembered the daily rhythms at New Morning Farm: rise, eat, bend, sort, sweat, sleep, where his par-

ents raised organic produce since the 1970s.

That next summer Crawford decided to return home for the season. But unlike previous summers, this time he was there to change direction, just as his father, Jim, who, 40 years earlier, had left behind law school and Vietnam to try his own hand at farming.

In this memoir, Crawford chronicles one full growing season – with all its small triumphs and inevitable setbacks. The growing of nearly 100 certified organic varieties of fruits and vegetables, from corn and okra to strawberries and spinach – and tomatoes, the farm's largest crop, which can bring in up to \$100,000 per season. The every-week-end, 120-mile drives to sell at Washington, DC farmers markets and to make regular deliveries to specialty grocery stores, restaurants, even the French Embassy.

The losses, including the 2009 loss of the farm's entire tomato crop to blight, uninsured because the farm's small size made coverage unaffordable. The farm receives no government subsidies that was carried through that year by a robust raspberry harvest.

And the murder of a family friend and well-known activist, shot point-blank in his field by a neighbor simply over an argument about unruly dogs, an event which unnerved local farmers and prompted Crawford to delve into the tragedy. Gorgeously written and refreshingly honest, the book is a thoughtful, inspiring meditation on family, farming and taking a risk to find purpose and satisfaction.

SUDOKU

Sudoku doesn't require any special math skills or calculations. It is a simple and fun game of logic -- all that's needed is brains and concentration.

5				8		6	4	2
				4	5			
4	2	1		7			3	
	5	6	4		1			
		3	8		9	1		
			3		7	2	5	
	3			1		5	9	8
			6	9				
8	1	9		3				6

There is really only one rule to Sudoku: Fill in the game board so that the numbers **1 through 9 occur exactly once in each row, column, and 3x3 box**. The numbers can appear in any order and diagonals are not considered. Your initial game board will consist of several numbers that are already placed. Those numbers cannot be changed. Your goal is to fill in the empty squares following the simple rule above.

1. Fill the grid so that the numbers 1 through 9 appear in each **row**.
2. Fill the grid so that the numbers 1 through 9 appear in each **column**.
3. Fill the grid so that the numbers 1 through 9 appear in each **3x3 box**.
4. A complete Sudoku puzzle contains the numbers 1 through 9 in every row, column and 3x3 box.

Hint: Start with a square that only has three numbers missing. Look at surrounding squares and grids to see which numbers you need to fill that 3x3 grid.

The Puzzler

By CHARLES K. PARNES

Guess Who?

Four residents from four different areas of Century Village (Oakridge, Newport, Durham and Ventnor) were seated around a square card table in the Clubhouse.

1) The resident from Newport was on Jake's left and Edward sat opposite the resident from Durham.

2) Doris is not the resident from Oakridge and has never been in Newport.

3) The resident from Newport sat opposite of Rachel.

What is the name of the resident from Ventnor?

Song Search

The CVE Reporter is printing the titles of four famous hit songs of the past and/or present. The song titles will be located randomly in either Section A or B.

The object of the contest is as follows:

The four song titles must be located, named and submitted either in person or by email to cve reporter@hotmail.com
Attn: Song Search Contest

The group or artist who made each song a hit must also be submitted with each title.

The first three correct entries submitted to the paper will win a new CVE Reporter logo tee shirt. Good Luck!

Winners will be announced in the next month's issue. Prizes can be picked up in the CVE Reporter office on West Drive after the winners are announced.

Please DO NOT feed the ducks at the pool areas

It's so tempting to want to feed the wildlife.

It makes us feel good.

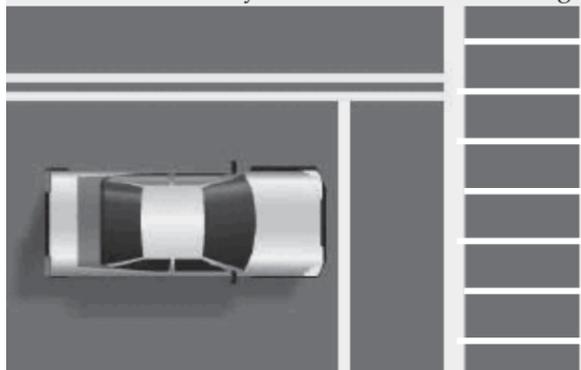

The reality is the ducks come looking for a free meal at the pool areas. They are making a mess in the pools as well as on the decks. This is a health hazard and an inconvenience to everyone as the pool and/or pool areas have to be closed and cleaned and the pool treated for the feces that has gotten into the pool.

Remember - food IN equals something unpleasant OUT!

Stop Lines at Intersections

Many intersections are marked with stop lines to show where you must come to a complete stop. These stop lines help to set you farther back at an intersection to give larger vehicles more turning space. Always stop behind stop lines.

After a complete stop, you must yield the right-of-way to all other traffic and pedestrians at stop signs. Move forward only when the road is clear. At three-way and four-way stops, the first vehicle to stop should move forward first. If two vehicles reach the intersection at the same time, the driver on the left yields to the driver on the right.

- 👍 Stop at stop lines
- 👎 Do not stop in crosswalks
- 👍 Make a complete stop
- 👎 A rolling stop is illegal

Join the Choraleers

By DIXIE-LEE VOLL

If you enjoy singing and meeting people, we invite you to join the Choraleers rehearsals every Wednesday starting November 28, 2018, at 9:30 a.m. in Music Room A. Our professional music arranger and director is Linc Lackey, who together with our professional pianist Billy

Mac Cumber, guide our chorus in two-part harmony.

The CVE Choraleers chorus and soloists will be performing its 45th Annual Show on Wednesday, March 6, 2019, at 7 p.m. in the Theater. Our guest artists are Marcel Rasa, Marcela Rasa and James Piorowski. Our theme this year is *Happy Days!* Our Benefit Performance

will be held on Wednesday, January 30, 2019, at 7 p.m. in the Theater. The Benefit Performance features the Choraleers soloists with guest performances by Tenor Andrea Garofalo and Saxophonist Wes Anthony.

For more information on joining our happy group, please contact Judy at b.hill1@btopenworld.com

Barrier Island Roadways to Get Facelift

Deerfield Beach, FL - The City of Deerfield Beach would like to notify residents of a roadway resurfacing project that will begin in September on the barrier island. The City will be repaving and re-

stripping the surface of the streets along Deerfield Beach Island, which will cause temporary lane closures. The project is expected to be completed by the end of December 2018. The City would like to apologize for

the inconvenience and thank residents for their patience and cooperation.

For more information or questions, please contact Project Manager, E. Denise Cone at 954.480.4347 or Environmental Services at 954.480.4400.

WITH A TRIP OF A LIFETIME

**HELP US LOCATE AND HONOR
OUR MOST SENIOR VETERANS**

We're asking for help finding every willing and able World War II Veteran in South Florida so we can take them to Washington DC, free of charge, to see and experience the Memorials built to honor their service and sacrifice.

Visit our website and click the "Nominate a Vet" link on the main page, fill out the contact form to share the name and contact information of the Veteran you wish to honor. We'll take it from there! We want our most senior Veterans to know we did not forget, and we shall never forget their service to our country. Veteran applications are also available on our web site. Help them fill it out on-line. Safe, secure and fast. Do something Special for a Veteran. Sign them up for Honor Flight!

Answer: "POINTLESS"

Answer to the Puzzler from page 30-B

Draw a diagram to help you solve this puzzle. Let us identify each side of the table clockwise S, W, N, and E.

From clue 1, set Jake as seat S, and therefore, Newport is seat W.

Since the resident from Newport cannot be Jake (clue 1), nor Doris (clue 2), nor Rachel (clue 3), therefore the resident from Newport must be Edward (seat W).

And therefore, Durham which is opposite of Edward must be in seat E.

From clue 3, Rachel must be in seat E.

Since we have Jake in seat S; Edward in seat W and Rachel in seat E; therefore, Doris must be in seat N.

Since Doris is not in Oakridge (clue 2); therefore, as the only area not placed, Jake must be in Oakridge.

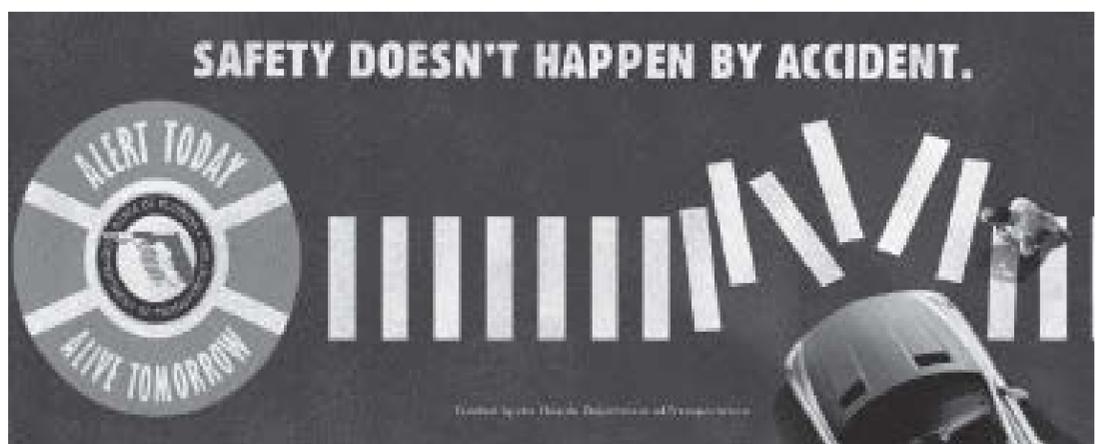

If Jake is in Oakridge; Edward is in Newport; and Rachel is in Durham – this leaves Doris as the resident from Ventnor.
